

VCDX Boot Camp

Preparing for the
VCDX Panel Defense

John Arrasjid, VCDX 001
Ben Lin, VCDX 045
Mostafa Khalil, VCDX 002

VCDX Boot Camp

**Preparing for the
VCDX Panel Defense**

VCDX Boot Camp: Preparing for the VCDX Panel Defense

Table of Contents

Contents

Foreword

Introduction

About the Authors

About the Reviewers

Acknowledgments

Chapter 1 Certification Overview

- VMware Certification Program Framework

- Certification Tracks

 - VCDX for Datacenter Virtualization (VCDX-DCV)

 - VCDX for Desktop (VCDX-DT)

 - VCDX for Cloud (VCDX-Cloud)

 - The VCDX Process

 - Value Proposition

- Review

Chapter 2 Preparation

- Experience

 - What Demonstrates Design Expertise?

 - What Demonstrates a Lack of Design Experience?

- The Application

 - Application Submission Process

 - VCDX Application

Table of Contents

Creating a VCDX Study Group
Practice and Supporting Materials
VCDX Panelist Restrictions
Running a VCDX Panel Defense Boot Camp
Practice
Room Layout
Running the Defense Within a Set Timeline
Mock Defense Checklist
Review

Chapter 3 The Design

Assembling Your Design

VCDX Design Defense Blueprint
Method
Traceability
Resolving Conflicts
Sizes Matters Not
Design Artifacts
What Makes for a Good Design?
Conceptual Model
Logical Design
Physical Design
Justification
Impact
Localization
Checklist: Design Selection and Content

Summary

Chapter 4 Defense Overview

The Interview Process

Table of Contents

Before the Defense

Time Management

Panel Defense Participants

Environment

Panelists Perspective

Sitting in the Panelist Seat

Panelist Qualifications

Panelist Preparation

Panelist Expectations

Notification of Results

Chapter 5 Design Defense

Design Overview Presentation

Example Presentation Slides

Reference Material

Know Your Design

Defense Strategy

Practice Leads to Success

Preparation Checklists

Review

Chapter 6 The Design Scenario

Showcase Your Skills

Panelists Perspective

Design Scenario Examples

Design Scenario 1

Design Scenario 2

Design Scenario 3

The Art of Explanations

Design Scenario 4

Table of Contents

Review

Chapter 7 The Troubleshooting Scenario

Conducting the Troubleshooting Scenario

Thinking Aloud

Asking Questions

Using a Whiteboard or Paper

Troubleshooting Analysis

Example: Conflicting Information

Requirements Analysis

The Panelist Perspective

Example Scenarios

Example Troubleshooting Scenario #1

Example Troubleshooting Scenario #2

Example Troubleshooting Scenario #3

Example Troubleshooting Scenario #4

Review

Conclusion
