

Official Cert Guide

Learn, prepare, and practice for exam success

- ▶ Master the #2V0-620 exam with this official study guide
- ▶ Assess your knowledge with chapter-opening quizzes
- ▶ Review key concepts with Exam Preparation Tasks
- ▶ Practice with realistic exam questions on the CD-ROM

vSphere 6 Foundations Exam

VMware Certified Professional 6
(Exam #2V0-620)

**vSphere 6
Foundations Exam
Official Cert Guide
(Exam #2V0-620)**

vSphere 6 Foundations Exam Official Cert Guide (Exam #2V0-620): VMware Certified Professional 6

About This Book

Chapter 1 Identifying vSphere Architecture and Solutions

Do I Know This Already? Quiz

Foundation Topics

Identifying and Explaining vSphere Editions and Features

Identifying Available vSphere and vCenter Server Editions

Data Center Solutions That Interact with vSphere

ESXi and vCenter Server Architectures and New Solutions

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 2 Installing and Configuring vCenter Server

Do I Know This Already? Quiz

Table of Contents

Foundation Topics

vCenter Server and vCenter Database Requirements

- Sizing the vCenter Server Database

- vCenter Server Software Requirements

- Licensing vCenter Server

- Creating a Database Connection to the vCenter Server Database

- Determining Availability Requirements for vCenter Server

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 3 Installing and Configuring ESXi

Do I Know This Already? Quiz

Foundation Topics

ESXi Host Requirements

- Performing an Interactive Installation of ESXi

- Configuring NTP on an ESXi Host

- Configuring DNS and Routing on an ESXi Host

- Licensing an ESXi Host

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 4 Configuring vSphere Standard Switches

Do I Know This Already? Quiz

Foundation Topics

vSphere Standard Switch (vSS) Capabilities

Table of Contents

Creating/Deleting a vSphere Standard Switch

 Deleting a vSphere Standard Switch

Adding/Editing/Removing vmnics on a vSphere Standard Switch

Configuring VMkernel Ports for Network Services

Adding/Configuring/Removing Port Groups on a vSphere Standard Switch

Determining Use Cases for a vSphere Standard Switch

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 5 Configuring vSphere Distributed Switches

Do I Know This Already? Quiz

Foundation Topics

vSphere Distributed Switch Capabilities

Creating/Deleting a vSphere Distributed Switch

 Deleting a vDS

Adding/Removing ESXi Hosts from a vSphere Distributed Switch

Adding/Configuring/Removing dvPort Groups

Adding/Removing Uplink Adapters to dvUplink Groups

Creating/Configuring/Removing Virtual Adapters

Migrating Virtual Adapters to/from a vSphere Standard Switch

Migrating Virtual Machines to/from a vSphere Standard Switch

Configuring LACP on Uplink Port Groups

Determining Use Cases for a vSphere Distributed Switch

Summary

Exam Preparation Tasks

Review All the Key Topics

Table of Contents

Review Questions

Chapter 6 Configuring vSS and vDS Features

Do I Know This Already? Quiz

Foundation Topics

Common vSS and vDS Policies

Configuring dvPort Group Blocking Policies

Configuring Load Balancing and Failover Policies

Load Balancing

Network Failover Detection

Notify Switches

Failback

Configuring VLAN and PVLAN Settings

Configuring VLAN Policy Settings on a vDS

Configuring Traffic Shaping Policies

Traffic Shaping Policies for vSphere Standard Switches

Traffic Shaping Policies for vSphere Distributed Switches

Enabling TCP Segmentation Offload Support for a Virtual Machine

Enabling Jumbo Frames Support on Appropriate Components

Enabling Jumbo Frames for VMkernel Interface on a vSS

Enabling Jumbo Frame Support on Virtual Machines

Determining Appropriate VLAN Configuration for a vSphere
Implementation

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 7 Connecting Shared Storage Devices to vSphere

Table of Contents

Do I Know This Already? Quiz

Foundation Topics

Storage Adapters and Devices

- Identifying Storage Adapters and Devices

- DAS (Direct Attached Storage)

- Fibre Channel

- FCoE

- iSCSI

- NAS

- VSAN

Storage Naming Conventions

- Storage Naming Conventions for Local and SAN

Hardware/Dependent Hardware/Software iSCSI Initiators

Zoning and LUN Masking

- Zoning

- Masking

- Scanning/Rescanning Storage

Creating an NFS Share for Use with vSphere

- Connecting to an NAS Device

Configuring and Editing Hardware and Dependent Hardware Initiators

Configuring and Editing Software Initiator Settings

- Configuring iSCSI Port Binding

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 8 Configuring Software-Defined Storage

Do I Know This Already? Quiz

Table of Contents

Foundation Topics

Benefits of NFS 4.1

- NFS v4.1 Multipathing and Load Balancing

- Additional Security in NFS 4.1 Provided by Kerberos Authentication

Virtual SAN Hardware Requirements

Virtual SAN Network Requirements

Use Cases for VSAN Configurations

Configuring and Managing Virtual Volumes (VVOLs)

- Registering Storage Providers for Virtual Volumes

- Create a Virtual Datastore

- Review and Manage Protocol Endpoints

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 9 Creating and Configuring VMFS and NFS Datastores

Do I Know This Already? Quiz

Foundation Topics

Supported NFS Versions

Configuring NFS Storage for vmdk Formatting

Configuring Storage Multipathing (SAN)

- Disabling a Path to a VMFS Datastore

Determining VMFS Requirements

Configuring and Managing VMFS Extents

- Extending/Expanding VMFS Datastores

Summary

Exam Preparation Tasks

Table of Contents

Review All the Key Topics

Review Questions

Chapter 10 Creating and Deploying Virtual Machines

Do I Know This Already? Quiz

Foundation Topics

Capabilities of Virtual Machine Hardware Versions

Identifying VMware Tools Device Drivers

Methods to Access and Use Virtual Machine Console

Virtual Machine Clones and Templates

Virtual Machine Requirements for DirectPath I/O Passthrough

Configuring and Deploying a Guest OS into a New Virtual Machine

Configuring/Modifying Virtual CPU and Memory Resources

Configuring and Modifying Virtual Machine CPU

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 11 Creating and Deploying vApps

Do I Know This Already? Quiz

Foundation Topics

vApp Requirements

Creating/Cloning/Exporting a vApp

Adding Objects to an Existing vApp

Configuring and Editing vApp Settings

Application Properties

Deployment

Authoring

Summary

Table of Contents

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 12 Managing Virtual Machine Clones and Templates

Do I Know This Already? Quiz

Foundation Topics

Cloning and Template Options

Configuring Virtual Machine Options

- General Options

- VMware Tools

- Power Management

- Advanced Options

- Fibre Channel NPIV

- Configuring Virtual Machine Boot Options

- Configuring Virtual Machine Troubleshooting Options

Adding/Removing Virtual Machines

Creating a Template from an Existing Virtual Machine

Deploying a Virtual Machine from a Template

Updating Existing Virtual Machine Templates

Configuring CPU and Memory Reservations and Shares

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 13 Administering Virtual Machines and vApps

Do I Know This Already? Quiz

Foundation Topics

Table of Contents

Files Used by Virtual Machines

Locations for Virtual Machine Configuration Files and Virtual Disks

Common Practices for Securing Virtual Machines

Configuring IP Pools

Configuring and Managing a Content Library

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 14 Creating and Configuring VMware Clusters

Do I Know This Already? Quiz

Foundation Topics

DRS Virtual Machine Entitlement

Creating/Deleting a DRS/HA Cluster

Adding/Removing ESXi Hosts

Adding or Removing Virtual Machines

Configuring Storage DRS

Configuring VM Component Protection

Configuring Migration Thresholds for DRS and Virtual Machines

Configuring Automation Levels for DRS and Virtual Machines

Configuring Admission Control for HA and Virtual Machines

Admission Control

Determining Appropriate Failover Methodology and Required Resources
for HA

Host Failures the Cluster Tolerates

Percentage of Cluster Resources as Failover Spare Capacity

Specify Failover Hosts

Table of Contents

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 15 Planning and Implementing VMware Fault Tolerance

Do I Know This Already? Quiz

Foundation Topics

VMware Fault Tolerance Requirements

Configuring VMware Fault Tolerance Networking

Enabling/Disabling VMware Fault Tolerance on a Virtual Machine

Testing an FT Configuration

Determining Use Case for Enabling VMware Fault Tolerance on a
Virtual Machine

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 16 Creating and Administering Resource Pools

Do I Know This Already? Quiz

Foundation Topics

Resource Pool Hierarchies

Defining the Expandable Reservation Parameter

vFlash Architecture

Creating/Removing a Resource Pool

Configuring Resource Pool Attributes

Adding/Removing Virtual Machines from a Resource Pool

Creating and Deleting a vFlash Resource Pool

Table of Contents

Determining Resource Pool Requirements for a Given vSphere
Implementation

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 17 Migrating Virtual Machines

Do I Know This Already? Quiz

Foundation Topics

ESXi Host and Virtual Machine Requirements for vMotion and Storage
vMotion

ESXi and VM Requirements for vMotion

ESXi and VM Requirements for Storage vMotion

Enhanced vMotion (Cross-Host vMotion)

Enhanced vMotion Compatibility CPU Requirements

Long-Distance vMotion

Snapshot Requirements for vMotion/Storage vMotion Migration

Migrating Virtual Machines Using vMotion/Storage vMotion

Migrating a VM Using vMotion

Migrating a VMs Files Using Storage vMotion

Configuring Virtual Machine Swap File Location

Migrating a Powered-Off or Suspended Virtual Machine

Utilizing Storage vMotion Techniques

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Table of Contents

Chapter 18 Backing Up and Restoring Virtual Machines

Do I Know This Already? Quiz

Foundation Topics

Snapshot Requirements

VMware Data Protection Requirements and Sizing Guidelines

 VMware Data Protection Sizing Guidelines

VMware Data Protection Version Offerings

vSphere Replication Architecture

Creating/Deleting/Consolidating Virtual Machine Snapshots

Installing and Configuring VMware Data Protection

Creating a Backup Job with VMware Data Protection

Installing, Configuring, and Upgrading vSphere Replication

Configuring Replication for Single/Multiple VMs

Recovering a VM Using vSphere Replication

Performing a Failback Operation Using vSphere Replication

Determining an Appropriate Backup Solution for a Given vSphere
Implementation

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 19 Updating ESXi and Virtual Machines

Do I Know This Already? Quiz

Foundation Topics

Patching Requirements for ESXi Hosts and Virtual Machine
Hardware/Tools

Creating/Editing/Removing a Host Profile from an ESXi Host

Table of Contents

Importing/Exporting a Host Profile

Attaching/Applying a Host Profile to an ESXi Host or Cluster

Performing Compliance Scanning and Remediation of an ESXi Host
Using Host Profiles

Installing and Configuring vCenter Update Manager

Configuring Patch Download Options

Creating/Editing/Deleting an Update Manager Baseline

Attaching an Update Manager Baseline to an ESXi Host or Cluster

Scanning and Remediating ESXi Hosts and Virtual Machine
Hardware/Tools Using Update Manager or Staging for Later

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 20 Performing Basic Troubleshooting of ESXi and vCenter Server

Do I Know This Already? Quiz

Foundation Topics

ESXi Host Troubleshooting Guidelines

Learn How to Access Support Mode

Know How to Retrieve Host Logs

vCenter Troubleshooting Guidelines

Collect Installation Logs by Using the Installation Wizard

Retrieve Installation Logs Manually (Windows Installation)

Collect Deployment Log Files (vCenter Appliance)

Export a vCenter Server Support Bundle

Troubleshooting Common Installation Issues

Table of Contents

- Troubleshooting Boot Order
- Troubleshooting License Assignment
- Troubleshooting Plug-Ins

- Monitoring ESXi System Health
- Exporting Diagnostic Information
- Summary

- Exam Preparation Tasks
- Review All the Key Topics
- Review Questions

Chapter 21 Performing Basic Troubleshooting of ESXi and vCenter Server Operations

- Do I Know This Already? Quiz
- Foundation Topics
- Verifying Network Configuration
- Troubleshooting Common Storage Issues

 - Verifying Storage Configuration

- Troubleshooting Common VM Issues

 - Verifying Storage Configuration

 - Troubleshooting Storage Reports and Storage Maps

- Verifying Correct Network Resources

- Troubleshooting Virtual Switch and Port Group Configuration Issues

- Troubleshooting Physical Network Adapter Configuration Issues

- Identifying and Detecting Common Knowledge Base Article Solutions

- Summary

- Exam Preparation Tasks
- Review All the Key Topics
- Review Questions

Table of Contents

Chapter 22 Performing Basic Troubleshooting of Virtual Machine Operations

Do I Know This Already? Quiz

Foundation Topics

Troubleshooting Virtual Machine Resource Contention Issues

Troubleshooting Storage Overcommitment Issues

Excessive Reservations Cause Slow Host Performance

Path Thrashing Causes Slow Performance

Troubleshooting iSCSI Software Initiator Configuration Issues

Fault Tolerant VM Network Latency Issues

Troubleshooting VMware Tools Installation Issues

Troubleshooting VM States

Virtual Machine Constraints

Identifying the Root Cause of a Storage Issue

Identifying Common Virtual Machine Boot Disk Errors

Setting and Managing Settings in the vSphere Web Client

Correcting Common Warnings and Alerts Within the vSphere Web Client

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 23 Monitoring ESXi, vCenter Server, and Virtual Machines

Do I Know This Already? Quiz

Foundation Topics

Viewing Tasks and Events in vCenter

Viewing by Object Selected in the Navigator

Filtering the Output

Table of Contents

Filtering by Keyword

Critical Performance Metrics

Common Memory Metrics

Common CPU Metrics

Common Network Metrics

Common Storage Metrics

Comparing and Contrasting Overview and Advanced Charts

Configuring SNMP for vCenter Server

Configuring Active Directory and SMTP Settings for vCenter Server

 Configuring Active Directory Settings for vCenter

 Configuring SMTP Settings for a vCenter Server

Configuring vCenter Server Logging Options

Creating a Log Bundle

Creating/Editing/Deleting a Scheduled Task

Configuring/Viewing/Printing/Exporting Resource Maps

Starting/Stopping/Verifying vCenter Service Status

Starting/Stopping/Verifying ESXi Host Agent Status

Configuring vCenter Server Timeout Settings

Monitoring/Administering vCenter Server Connections

Creating an Advanced Chart

Determining Host Performance Using Guest Performance Monitor

Given Performance Data, Identify the Affected vSphere Resource

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 24 Creating and Administering vCenter Server Alarms

Table of Contents

Do I Know This Already? Quiz

Foundation Topics

vCenter Server Default Utilization Alarms

vCenter Server Default Connectivity Alarms

Actions for Utilization and Connectivity Alarms

Creating a vCenter Utilization Alarm

Creating a vCenter Connectivity Alarm

Configuring Alarm Triggers

Configuring Alarm Actions

For a Given Alarm, Identifying the Affected Resource in a vSphere
Implementation

Summary

Exam Preparation Tasks

Review All the Key Topics

Review Questions

Chapter 25 Installing and Administering vRealize Operations Manager

Do I Know This Already? Quiz

Foundation Topics

Differentiating Between Major/Minor vROPs Badges

vROPs Architecture

Deploying and Configuring a vROPs Appliance

Configure vCenter Adapter in vROPs

Upgrading vROPs

Understanding Metrics Used by Major/Minor vROPs Badges

Monitoring Your vSphere Environment
