Preface

Manifesto: The Designers Declaration

PART I: THE CALLING

1 The State of the Designer

Strategy vs. Tactics

A Demanding Journey

History Lesson

Early Days

Democratization

Rise Up

Great Expectations

Restored Balance

The Product Vision

Making an Airtight Case

Ripple Effects

Enter Visioneering

Table of Contents

Ready. Set. Go!

- Pre-Vision

- The Vision Essentials

- Co-Captaining the Expedition

- Callouts: Try It this Way

#Inue fl ncer

- Interviews: Designing from Inside the Box

- Taking The Leap

2 Re-Design School

- A Dual Role for Strategic Designers

- A Note from the Butterfly

- Transforming Into the Strategic Designer

 - Communication

 - Develop a Holistic Understanding of the Product Team

 - Creative Diplomacy

 - By the NumbersAnalytics, Metrics and Money

 - The Connector of the Dots

- Find Coaches and a Mentor

- Building Partnerships

- The Final Step: The Workshop Facilitator

 - Preparation

 - Facilitation

- Fair Warning

3 Master Class: First Principles Thinking

- Shadows on the Cave Wall

- What Are First Principles?

 - Question Everything

- Applying First Principles: Verify Information

 - User Feedback

 - Surveys

 - Usability Testing

 - Observation and Interviews

Table of Contents

Internal Interviews

On Diplomacy: Bringing the Message Back to the Cave

Walk the Diplomatic Tightrope

Living Outside the Cave

PART II: THE VISION

4 Getting Started with the A-Team

The Get Started Proposal

The Five-Slide Deck

Slide 1: How Might We Do Things Differently?

Slide 2: Statement of Intent

Slide 3: Mood Board

Slide 4: Requested Staff

Slide 5: Commitment

The Pitch

Pitching Etiquette

Documenting Result

Trial Period

Not Vision Ready?

Your Product Vision A-Team

Content

Be Selective!

Team Contract

Core Values

Working Agreements

Trust

A Laboratory Environment

Co-Location

Digital Vs. Analog

Table of Contents

Transparency

Working Together as a Team

Communication Standards

Internal Reviews

Stakeholder Check-ins

Get Outside!

Ready, Set, Go!

5 Strategy: Connecting the Dots

Setup and Logistics

Create a Dedicated Project Folder

The Presentation Template

Establish Presentation Deck Co-Owners

Managing Up: The Stakeholder

The Structure of the Strategy

The Strategic Building Blocks

Gather, Analyze, Synthesize

Gathering Research

Review Existing Research

New Research Opportunities

Research Red Flags

Strategic Building Block 1: Where

Notes On Opportunity

Where: Gather, Analyze, Synthesize

Slides: [To Be Determined]

Strategy Building Block 2: Who

Notes On All Things Customer

Who: Gather, Analyze, Synthesize

Slide: The Target Audience

Slide: Customer Journey Map

Slide: The Problem

Strategy Building Block 3: What

The Workshop: Ideation

Table of Contents

Slide: The Elevator Pitch

Slide: How It Works

Slide: Improved Customer Journey

Strategy Building Block 4: When

When: Gather, Analyze, Synthesize

Slide: The Timing Is Now

Slide: The Timing Is [. . .]

Strategy Building Block 5: Why

Why: Gather, Analyze, Synthesize

Slides: Advantages

Slide: North Star Alignment

Final Touches

Appendix

Plan To Pivot

Next Steps

6 Telling the Story of the Future Experience

Get Support from Above

Future State

More Than Words: A Vision

A Four Step Plan

The Art of Storytelling

Empathy

Empathy = Storytelling

Adding Structure

Step 1: Kickoff

Review the Process

Step 2: Storyboards

What Are Experiences?

Four Pillars Foundational to a Great Experience

Table of Contents

The Framework

Storyboards

Step 3: Concept Ideation and Prototype

Ideation Exercise

Sketching Exercise

Remix Exercise

Finalize the Storyboards

Craft a Basic Prototype

Step 4: Acceptance

The Last Product Vision Phase: Final Production

Determine Level of Effort

Decide On Effort Level with Stakeholders

Post to an Internal Audience

Product Vision Complete!

PART III: VISIONEERING

7 Setting Your Compass to the North Star

Overview: The Phases

Phase 1: Assessment

Exercise: Mapping Actions to Resources

Emphasize Prioritization

Build The Teams And Identify Internal Resources

Phase 2: Set Up the Teams

The Triad

Content Strategy

Research

The Experience Pillars and Teams

Scrum Teams

Investigative Services

Scalability

Awareness

Meetings: Scrums, Seminars, and Summits

Phase 3: Delivery

Table of Contents

Clearly Define Outcomes

Specify Your Hypotheses

Define Your Mvp (Means of Validating a Hypothesis)

Let Go of Perfection

Operating the Compass

Evaluate

Make a Decision

Coordinate Next Steps

When Lost

8 Building Your Visioneering Practice

Evangelizing Visioneering

A Case Study Format

Addressing Product Vision Dec fi it

Acting as an Internal Consultant

Help Me, Help You

Promote from Within

Contributing to a Companys Design Maturity

Culture Match

Assess the Companys Culture

Core Components

The Designer: Always Evolving
