About the Authors

Chapter 1 An Organization at a Crossroads

Complex Challenges Create Urgency for Agility

Reducing Dependencies Makes Change Possible

Not Everyone May Need to Change, at Least at First

Not Everyone Sees Complexity the Same Way

Organizational Change Requires Protective, Progressive Dictatorship

Two Paths, One Goal

Reflections on the Journey

Chapter 2 Forming Teams and Discovering Purpose

Table of Contents

Changing the Organization, One Team at a Time

Finding the Right People

Empowering Teams

Placing the Customer at the Center of the Change

Turning Customer Needs into Team Purpose

Reflections on the Journey

Chapter 3 Shifting from Output to Impact

What Gets Measured Gets Done

Measurement Challenges

Goals Are the Solution, and Sometimes the Problem

Leadership, Measurement, and Engagement

Organizational Culture and Transparency

Balancing Internal and External Focus of Goals over Time

Goals and Measures at All Levels

Reflections on the Journey

Chapter 4 Learning to Let Go

Empowerment Doesn't Come for Free

Agile Leaders Help Teams to Grow Their Ability to Reach
Audacious Goals

Achieving Balance Between the Visible and Invisible

Letting Go in Small Steps

Empowerment Strategies

Slow Decision-Making Kills Team Self-Management

When You Discover That You're the Bottleneck, Get Out of the Way

Decision Latency Can Be Caused by Cross-Team Dependencies

Teams Can Also Cause Their Own Decision Latency

Reflections on the Journey

Chapter 5 The Predictable Existential Crisis

Changing the System to Reward Empowering Others

Replacing Career Paths with Individual Skill Portfolios

Replacing False Certainty with True Transparency

Learning to Trust Bottom-Up Intelligence

Reflections on the Journey

Chapter 6 Leaders, Everywhere

Nurturing and Growing an Agile Organization

Organizational Silos Impede Agility and Productivity

Cross-Functional Teams Improve Productivity, but Still Need Support

Specialist Downtime Can Be Used to Improve Team Effectiveness

Specialists Work Primarily as Teachers, Coaches, and Mentors, Not
Doers

Leadership Journeys: Developing Leaders Everywhere

Reward Building Teams and Leadership, Not Silos

Promotional Rewards Lock in Organizational Structures

Performance Reviews Dont Go Away, but They Do Change Dramatically

Collecting Feedback with a Questionnaire Through an App

Reflections on the Journey

Chapter 7 Aligning the Organization

Evolving the Operating Model

Be Direct and Clear About the Change

Growing Self-Managing Teams Organically

What to Do When Teams Become Too Large

Scale Agility by Removing Dependencies

Consolidating Support and Eliminating Opposition

Expect, Embrace, and Encourage Attrition

Table of Contents

Be Mindful of Leadership Styles, and Act Accordingly

But Beware Unwanted Attrition

Sometimes Your Greatest Critic Can Become Your Biggest Ally

Silent Subversion Is Worse Than Open Opposition

What if Senior Executives Are the Problem?

Realign Compensation Plans

Realign Career Paths

Embrace Catalytic Leadership

Replace Status Meetings with Transparency

Be Realistic About How Long the Transition Will Take, and What
It Means

Reflections on the Journey

Chapter 8 Aligning the Culture

What Makes Changing Culture Hard

Agile Leaders Must First Find Their Own Way

Build Bridges to the New Culture

Dont Criticize the Past, Just Move Ahead

Build Psychological Safety Through Radical Transparency

Share Success but Take the Blame When Necessary

Anticipate and Overcome Setbacks

Every Organization Carries Baggage; Moving Ahead Means Leaving It Behind

Recognize That High-Performing Teams Are Fragile, and Protect Them

Even the Best Teams Lose Their Focus, Sometimes

Use Self-Sustenance as a Measure of Success

Success: When the New Has Become the Default

Plan for Succession
