Praise for *The Financial Times Guide to Foreign Exchange Trading*

‘The must-read Bible for everything there is to know about the forex markets and trading. Miss it at your own peril.’

Lianna Brinded, Journalist and Broadcaster

‘Stuart gives a comprehensive introduction to the inner workings of the currency markets, outlining how all the different elements link together, at the same time warning of the perils and pitfalls to the unwary.

He underlines the importance of effective risk management using the time honoured tools of technical analysis in any effective trading strategy.’

Michael Hewson, Senior Market Analyst (CFTE), CMC Markets UK
