Brief Contents

Contents

Preface

PART 1 Introduction and Theory

CHAPTER 1 Overview

Models

Price Theory

Transaction Costs

Game Theory

Contestable Markets

Organization

Basic Theory

Market Structures

Business Practices: Strategies and Conduct

Information, Advertising, and Disclosure

Dynamic Models and Market Clearing

Government Policies and Their Effects

CHAPTER 2 The Firm and Costs

The Firm

The Objective of a Firm

Ownership and Control

Table of Contents

Mergers and Acquisitions

- Reasons for Mergers and Acquisitions
- Merger Activity in the United States
- Merger Activities in Other Countries
- Empirical Evidence on the Efficiency and Profitability of Mergers

Cost Concepts

- Types of Costs
- Cost Concepts

Economies of Scale

- Reasons for Economies of Scale
- Total Costs Determine Scale Economies
- A Measure of Scale Economies

Empirical Studies of Cost Curves

- Economies of Scale in Total Manufacturing Costs
- Survivorship Studies

Cost Concepts for Multiproduct Firms

- Adaptation of Traditional Cost Concepts for a Multiproduct Firm
- Economies of Scope
- Economies of Scale and Economies of Scope
- Specialization in Manufacturing
- An Example of an Industry with Economies of Scope

Summary

- Problems
- Suggested Readings

APPENDIX 2A Cost Concepts for a Multiproduct Firm

EXAMPLE 2.1 Value of Limited Liability

EXAMPLE 2.2 Conflicts of Interest Between Managers and Shareholders

EXAMPLE 2.3 Specialization of Labor

EXAMPLE 2.4 Indiana Libraries

EXAMPLE 2.5 The Baking Industry

EXAMPLE 2.6 Electricity Minimum Efficient Scale and Scope

PART 2 Market Structures

Table of Contents

CHAPTER 3 Competition

Perfect Competition

- Assumptions

- The Behavior of a Single Firm

- The Competitive Market

Elasticities and the Residual Demand Curve

- Elasticities of Demand and Supply

- The Residual Demand Curve of Price Takers

Efficiency and Welfare

- Efficiency

- Welfare

Entry and Exit

- Restrictions on Entry

- Competition with Few FirmsContestability

- Definition of Barriers to Entry

- Identifying Barriers to Entry

- The Size of Entry Barriers by Industry

Externalities

Limitations of Perfect Competition

The Many Meanings of Competition

Summary

- Problems

EXAMPLE 3.1 Are Farmers Price Takers?

EXAMPLE 3.2 Restrictions on Entry Across Countries

EXAMPLE 3.3 FTC Opposes Internet Bans That Harm Competition

EXAMPLE 3.4 Increasing Congestion

CHAPTER 4 Monopolies, Monopsonies, and Dominant Firms

Monopoly Behavior

- Profit Maximization

- Market and Monopoly Power

- The Incentive for Efficient Operation

- Monopoly Behavior over Time

Table of Contents

The Costs and Benefits of Monopoly

- The Deadweight Loss of Monopoly

- Rent-Seeking Behavior

- Monopoly Profits and Deadweight Loss Vary with the Elasticity of Demand

- The Benefits of Monopoly

Creating and Maintaining a Monopoly

- Knowledge Advantage

- Government-Created Monopolies

- Natural Monopoly

Profits and Monopoly

- Is Any Firm That Earns a Positive Profit a Monopoly?

- Does a Monopoly Always Earn a Positive Profit?

- Are Monopoly Mergers to Eliminate Short-Run Losses Desirable?

Monopsony

Dominant Firm with a Competitive Fringe

- Why Some Firms Are Dominant

- The No-Entry Model

- The Dominant FirmCompetitive Fringe Equilibrium

- A Model with Free, Instantaneous Entry

Summary

- Problems

- Suggested Readings

EXAMPLE 4.1 Monopoly Newspaper Ad Prices

EXAMPLE 4.2 Monopolizing by Merging

EXAMPLE 4.3 Controlling a Key Ingredient

EXAMPLE 4.4 Preventing ImitationCat Got Your Tongue?

EXAMPLE 4.5 Protecting a Monopoly

EXAMPLE 4.6 EU Allows Merger to Eliminate Losses

EXAMPLE 4.7 Priest Monopsony

EXAMPLE 4.8 Price Umbrella

EXAMPLE 4.9 China Tobacco Monopoly to Become a Dominant Firm

Table of Contents

CHAPTER 5 Cartels

Why Cartels Form

Creating and Enforcing the Cartel

Factors That Facilitate the Formation of Cartels

Enforcing a Cartel Agreement

Cartels and Price Wars

Consumers Gain as Cartels Fail

Price-Fixing Laws

Summary

Problems

Suggested Readings

APPENDIX 5A The Effects of Cartel Size

EXAMPLE 5.1 An Electrifying Conspiracy

EXAMPLE 5.2 The Viability of Commodity Cartels

EXAMPLE 5.3 Concrete Example of Government Aided Collusion

EXAMPLE 5.4 Relieving the Headache of Running a Cartel

EXAMPLE 5.5 Vitamins Cartel

EXAMPLE 5.6 How Consumers Were Railroaded

EXAMPLE 5.7 The Social Costs of Cartelization

EXAMPLE 5.8 Prosecuting Global Cartels

CHAPTER 6 Oligopoly

Game Theory

Single-Period Oligopoly Models

Nash Equilibrium

The Cournot Model

The Bertrand Model

The Stackelberg Leader-Follower Model

A Comparison of the Major Oligopoly Models

Multiperiod Games

Single-Period Prisoners Dilemma Game

Infinitely Repeated Prisoners Dilemma Game

Table of Contents

Types of Equilibria in Multiperiod Games

Experimental Evidence on Oligopoly Models

Summary

Problems

Suggested Readings

APPENDIX 6A A Mathematical Derivation of Cournot and Stackelberg Equilibria

APPENDIX 6B Mixed Strategies

EXAMPLE 6.1 Do Birds of a Feather Cournot- Flock Together?

EXAMPLE 6.2 Oligopoly Welfare Losses

EXAMPLE 6.3 Mergers in a Cournot Economy

EXAMPLE 6.4 Roller Coaster Gasoline Pricing

EXAMPLE 6.5 Copying Pricing

EXAMPLE 6.6 Car Wars

CHAPTER 7 Product Differentiation and Monopolistic Competition

Differentiated Products

The Effect of Differentiation on a Firms Demand Curve

Preferences for Characteristics of Products

The Representative Consumer Model

A Representative Consumer Model with Undifferentiated Products

A Representative Consumer Model with Differentiated Products

Conclusions About Representative Consumer Models

Location Models

Hotellings Location Model

Salops Circle Model

Hybrid Models

Estimation of Differentiated Goods Models

Summary

Problems

Suggested Readings

APPENDIX 7A Welfare in a Monopolistic Competition Model with Homogeneous Products

Table of Contents

APPENDIX 7B Welfare in a Monopolistic Competition Model with Differentiated Products

EXAMPLE 7.1 All Water Is Not the Same

EXAMPLE 7.2 Entry Lowers Prices

EXAMPLE 7.3 The Jeans Market

EXAMPLE 7.4 A Serial Problem

EXAMPLE 7.5 Combining Beers

EXAMPLE 7.6 Value of Minivans

CHAPTER 8 Industry Structure and Performance

Theories of Price Markups and Profits

Structure-Conduct-Performance

Measures of Market Performance

Rates of Return

Price-Cost Margins

Measures of Market Structure

The Relationship of Structure to Performance

Modern Structure-Conduct-Performance Analysis

Theory

Empirical Research

Modern Approaches to Measuring Performance

Static Studies

Summary

Problems

APPENDIX 8A Relationship Between the Herfindahl-Hirschman Index (HHI) and the Price-Cost Margin

APPENDIX 8B Identifying Market Power

EXAMPLE 8.1 Supermarkets and Concentration

EXAMPLE 8.2 How Sweet It Is

PART 3 Business Practices: Strategies and Conduct

CHAPTER 9 Price Discrimination

Table of Contents

Nonuniform Pricing

Incentive and Conditions for Price Discrimination

- Profit Motive for Price Discrimination

- Conditions for Price Discrimination

- Resales

Types of Price Discrimination

- Perfect Price Discrimination

- Each Consumer Buys More Than One Unit

- Different Prices to Different Groups

- Other Methods of Third-Degree Price Discrimination

Welfare Effects of Price Discrimination

Summary

- Problems

- Suggested Readings

APPENDIX 9A An Example of Price Discrimination: Agricultural Marketing Orders

EXAMPLE 9.1 Coupons

EXAMPLE 9.2 Thank You, Doctor

EXAMPLE 9.3 Halting Drug Resales from Canada

EXAMPLE 9.4 Vertical Integration as a Means of Price Discrimination: Alcoa Shows Its True Metal

EXAMPLE 9.5 A Discriminating Labor Union

EXAMPLE 9.6 Does Competition Always Lower Price?

CHAPTER 10 Advanced Topics in Pricing

Nonlinear Pricing

- A Single Two-Part Tariff

- Two Two-Part Tariffs

Tie-in Sales

- General Justifications for Tie-in Sales

- Tie-in Sales as a Method of Price Discrimination

- Package Tie-in Sales of Independent Products

- Interrelated Demands

Table of Contents

Quality Choice

Other Methods of Nonlinear Pricing

Minimum Quantities and Quantity Discounts

Selection of Price Schedules

Premium for Priority

Auctions

Summary

Problems

APPENDIX 10A The Optimal Two-Part Tariff

APPENDIX 10B Nonlinear Pricing with an Example

EXAMPLE 10.1 Football Tariffs

EXAMPLE 10.2 You Auto Save from Tie-in Sales

EXAMPLE 10.3 Stuck Holding the Bag

EXAMPLE 10.4 Tied to TV

EXAMPLE 10.5 Not Too SuiteMixed Bundling

EXAMPLE 10.6 Price Discriminating on eBay

CHAPTER 11 Strategic Behavior

Strategic Behavior Defined

Noncooperative Strategic Behavior

Predatory Pricing

Limit Pricing

Investments to Lower Production Costs

Raising Rivals Costs

Welfare Implications and the Role of the Courts

Cooperative Strategic Behavior

Practices That Facilitate Collusion

Cooperative Strategic Behavior and the Role of the Courts

Summary

Problems

Suggested Readings

APPENDIX 11A: The Strategic Use of Tie-in Sales and Product Compatibility to

Table of Contents

Create or Maintain Market Power with Applications to Networks

EXAMPLE 11.1 Supreme Court Says Alleged Predation Must Be Credible

EXAMPLE 11.2 Evidence of Predatory Pricing in Tobacco

EXAMPLE 11.3 The Shrinking Share of Dominant Firms

EXAMPLE 11.4 And Only a Smile Remained

EXAMPLE 11.5 Strategic Behavior and Rapid Technological Change: The
Microsoft Case

EXAMPLE 11.6 Value of Preventing Entry

EXAMPLE 11.7 The FTC versus Ethyl et al.

EXAMPLE 11.8 Information Exchanges: The Hardwood Case

CHAPTER 12 Vertical Integration and Vertical Restrictions

The Reasons for and Against Vertical Integration

Integration to Lower Transaction Costs

Integration to Assure Supply

Integration to Eliminate Externalities

Integration to Avoid Government Intervention

Integration to Increase Monopoly Profits

Integration to Eliminate Market Power

The Life Cycle of a Firm

Vertical Restrictions

Vertical Restrictions Used to Solve Problems in Distribution

The Effects of Vertical Restrictions

Banning Vertical Restrictions

Franchising

Empirical Evidence

Evidence on Vertical Integration

Evidence on Vertical Restrictions

Summary

Problems

Suggested Readings

EXAMPLE 12.1 Outsourcing

Table of Contents

EXAMPLE 12.2 Preventing Holdups

EXAMPLE 12.3 Own Your Own Steel Mill

EXAMPLE 12.4 Double Markup

EXAMPLE 12.5 Blockbusters Solution to the Double Marginalization Problem

EXAMPLE 12.6 Free Riding on the Web

EXAMPLE 12.7 Brewing Trouble: Restricting Vertical Integration in Alcoholic
Beverage Industries

PART 4 Information, Advertising, and Disclosure

CHAPTER 13 Information

Why Information Is Limited

Limited Information About Quality

The Market for Lemons

Solving the Problem: Equal Information

Evidence on Lemons Markets

Limited Information About Price

The Tourist-Trap Model

The Tourists-and-Natives Model

Providing Consumer Information Lowers Price

How Information Lowers Prices

An Example: Grocery Store Information Programs

Summary

Problems

Suggested Readings

APPENDIX 13A Market Shares in the Tourists-and- Natives Model

EXAMPLE 13.1 Genetically Modified Organisms: Do Consumers Not Care or Not
Read?

EXAMPLE 13.2 Understanding Consumer Information

EXAMPLE 13.3 Counterfeit Halal Meat

EXAMPLE 13.4 Certifying Thoroughbreds

EXAMPLE 13.5 Price Dispersion and Search Costs in the Talmud

EXAMPLE 13.6 Price Dispersion

Table of Contents

EXAMPLE 13.7 Tourist Cameras

CHAPTER 14 Advertising and Disclosure

Information and Advertising

- Promotions

- Search Versus Experience Goods

- Informational Versus Persuasive Advertising

- Profit-Maximizing Advertising

Effects of Advertising on Welfare

- Price Advertising Increases Welfare

- Advertising to Solve the Lemons Problem

- When Advertising Is Excessive

False Advertising

- Limits to Lying

- Antifraud Laws

- Disclosure Laws

Summary

- Problems

- Suggested Readings

APPENDIX 14A Profit-Maximizing Advertising

EXAMPLE 14.1 Branding and Labeling

EXAMPLE 14.2 Celebrity Endorsements

EXAMPLE 14.3 Milk Advertising

EXAMPLE 14.4 Social Gain from Price Advertising

EXAMPLE 14.5 Welfare Effects of Restricting Alcohol Ads

EXAMPLE 14.6 Restaurants Make the Grade

PART 5 Dynamic Models and Market Clearing

CHAPTER 15 Decision Making Over Time: Durability

How Long Should a Durable Good Last?

- Competitive Firms Choice of Durability

- The Monopolys Choice of Durability

- Costly Installation and Maintenance

Table of Contents

Renting Versus Selling by a Monopoly

Resale Market

Consumers' Expectations Constrain the Monopoly

Summary

Problems

Suggested Readings

APPENDIX 15A Multiperiod Durable Goods Monopoly

EXAMPLE 15.1 United Shoe

EXAMPLE 15.2 The Importance of Used Goods

EXAMPLE 15.3 The Alcoa Case: Secondhand Economics

EXAMPLE 15.4 Leasing Under Adverse Selection

EXAMPLE 15.5 Sales Versus Rentals

EXAMPLE 15.6 Lowering the Resale Value of Used Textbooks

CHAPTER 16 Patents and Technological Change

Patents, Copyrights, and Trademarks

Patents

Copyrights

Trademarks

Distinctions Between Patents, Copyrights, and Trademarks

Incentives for Inventions Are Needed

Imitation Discourages Research

Patents Encourage Research

Patents Encourage Disclosure

Patents, Prizes, Research Contracts, and Joint Ventures

Determining the Optimal Number of Firms

No Government Incentives

Government-Financed Research

Prizes

Relaxing Antitrust Laws: Joint Ventures

Patents

Government Uncertainty

Patent Holders May Manufacture or License

Table of Contents

Eliminating Patents

Market Structure

Market Structure Without a Patent Race

Optimal Timing of Innovations

Monopolies in Patent Races

Summary

Problems

Suggested Readings

EXAMPLE 16.1 Piracy

EXAMPLE 16.2 Patents Versus Trade Secrets

EXAMPLE 16.3 Monkey See, Monkey Do

EXAMPLE 16.4 Joint Public-Private R&D

EXAMPLE 16.5 Prizes

EXAMPLE 16.6 Mickey Mouse Legislation

EXAMPLE 16.7 European Patents

EXAMPLE 16.8 Patent Thicket

CHAPTER 17 How Markets Clear: Theory and Facts

How Markets Clear: Three Simple Theories

Competition

Oligopoly Models

Monopoly

Empirical Evidence on the Role of Price in Allocating Goods

The Rigidity of Prices

Movements in Prices and Price-Cost Margins over the Business Cycle

Explaining the Evidence

Extensions to the Simple Theory: The Introduction of Time

Fixed Costs of Changing Price

Implications of an Unchanging Price for Inventories

Asymmetric Information and Moral Hazard

Toward a General Theory of Allocation

Market Structure Is More Than Concentration

Table of Contents

Produce-to-Order Versus Produce-to-Stock

Transmission of Shocks in Industries with Fixed Prices

Summary

Problems

EXAMPLE 17.1 Price RigidityIs the Real Thing

EXAMPLE 17.2 How Much Is That Turkey in the Window?

EXAMPLE 17.3 The Cost of Changing Prices

EXAMPLE 17.4 Creating Futures Markets

EXAMPLE 17.5 Oh Say Does That Star-Spangled Banner Yet Fly?

PART 6 Government Policies and Their Effects

CHAPTER 18 International Trade

Reasons for Trade Between Countries

Comparative Advantage

Intra-Industry Trade in Differentiated Products

Free Riding, International Price Differences, and Gray Markets

Dumping

Tariffs, Subsidies, and Quotas

Competition

Creating and Battling Monopolies

Strategic Trade Policy

Industries with Positive Externalities

Empirical Evidence on Intervention in International Trade

Summary

Problems

APPENDIX 18A Derivation of the Optimal Subsidy

EXAMPLE 18.1 Gray Markets

EXAMPLE 18.2 Timber Wars and Retaliation

EXAMPLE 18.3 Foreign Doctors

EXAMPLE 18.4 Being Taken for a Ride: Japanese Cars

EXAMPLE 18.5 Wide-Body Aircraft

EXAMPLE 18.6 Stealing from U.S. Consumers

Table of Contents

CHAPTER 19 Antitrust Laws and Policy

The Antitrust Laws and Their Purposes

Antitrust Statutes

Enforcement

Goals of the Antitrust Laws

Who May Sue?

Economic Theory of Damages

The Use of U.S. Antitrust Laws

Private Litigation

Market Power and the Definition of Markets

Market Power

Market Definition

Cooperation Among Competitors

Price-Fixing and Output Agreements

Not All Agreements Among Competitors Are Illegal

Information Exchanges Among Competitors

Oligopoly Behavior

Mergers

Exclusionary Actions and Other Strategic Behavior

Competition Between Rivals

Competitive Behavior Deemed Undesirable by the Court

Vertical Arrangements Between Firms

Price Discrimination

Price Discrimination Under Robinson-Patman

Tie-in Sales

Effects of Antitrust Laws on the Organization of Unregulated and Regulated Firms

Summary

Problems

Suggested Readings

EXAMPLE 19.1 Using the Government to Create Market Power: Misuse of the Orange Book

Table of Contents

EXAMPLE 19.2 Conflict Between European and U.S. Antitrust Authorities:

GE-Honeywell

EXAMPLE 19.3 The Merger Guidelines

EXAMPLE 19.4 Antitrust Laws in Other Countries

EXAMPLE 19.5 Colleges and Antitrust: Does Your School Belong to a Cartel?

EXAMPLE 19.6 The FTC Plays with Toys R Us

CHAPTER 20 Regulation and Deregulation

The Objectives of Regulators

Market Inefficiencies

Correcting Market Inefficiencies

Capture Theory and Interest-Group Theory

Making Monopolies More Competitive

Government Ownership

Privatizing

Franchise Bidding

Price Controls

Rate-of-Return Regulation

Quality Effects

Making Competitive Industries More Monopolistic

Limiting Entry

Agricultural Regulations: Price Supports and Quantity Controls

Deregulation

Airlines

Ground Transportation

Summary

Problems

Suggested Readings

EXAMPLE 20.1 Pizza Protection

EXAMPLE 20.2 Cross-Subsidization

EXAMPLE 20.3 Legal Monopolies

EXAMPLE 20.4 Public, Monopolistic, and Competitive Refuse Collection

Table of Contents

EXAMPLE 20.5 Rent Control

EXAMPLE 20.6 Brewing Trouble

EXAMPLE 20.7 Deregulating Electricity: California in Shock

EXAMPLE 20.8 International and U.S. Deregulation in Telecommunications

EXAMPLE 20.9 European Deregulation of Airlines
