Brief Contents

Contents

Preface

### Part 1 The Foundations

#### CHAPTER 1 The Foodservice Industry

The History of Foodservice

A Foodservice Industry Timeline 5th Century

Summary

#### CHAPTER 2 The Systems Approach

Status of Foodservice Today

Factors Affecting Growth

Trends in Foodservice

Challenges Facing the Industry

Classification of Foodservices

Foodservice Operations

The Nature of Foodservice Management

The Systems Concept and Approach

Types of Foodservice Systems

Summary

### Part 2 The Fundamentals

#### CHAPTER 3 Food Safety

Foodborne Illness

Scope of the Problem: Incidence of Foodborne Illness

Costs Associated with Outbreaks of Foodborne Illness

The Role of the Food Manager

Causes of Foodborne Illness

Hazards Inherent to Food: Forms of Food Contamination

# **Table of Contents**

Foodborne Illness and Applied Microbiology

Chemical and Physical Contaminants

Food Allergens a Contaminant of Growing Concern

A Systems Approach to Food Safety

Controls and Food Safety

Food Safety: an Integrated Program of Haccp and Prerequisite Programs

Prerequisite Programs: The Foundation of an Integrated Food Safety Program

Prerequisite Programs and Standard Operating Procedures

Employee Health and Personal Hygiene

Proper Attire

Personal Hygiene Habits

Flow of Food Through the Foodservice Operation

Proper Food Handling

Potential Hazards in Food Production

Hazard Analysis and Critical Control Point

Managing an Integrated Food Safety Program

Enforcement: The Regulatory Inspection

Food Security Preventing and Managing Disasters

Summary

## **CHAPTER 4 Facility Sanitation and Safety**

Cleaning and Sanitation

Principles of Cleaning

Principles of Sanitation

Methods of Cleaning and Sanitizing Equipment and Work Surfaces

Dishwashing

Manual Dishwashing

Dishes, Glassware, and Silverware

Facilities Cleaning and Maintenance

Organization and Scheduling

Preventive Maintenance

Pest Control

Checks and Inspections

Worker Safety

Worker Safety

Safety Program

Customer Protection

Summary

## **CHAPTER 5 The Menu**

The Menu

The Systems Approach to Menu Planning and Maintenance

# **Table of Contents**

## **Types of Menus**

Meal Plans and Menu Patterns

Inspiration

## **The Menu Planning Process**

Organizational Mission and Goals

The Customer

Budget Guidelines

Production and Service Capabilities

## **Menu Development**

Timetable for Planning, Development, and Implementation

Steps in Menu Development

Food Characteristics and Combinations

Menu Evaluation

Writing Menus for Modified Diets

## **The Posted Menu**

Menu Design and Format

## **Summary**

## **Part 3 The Operational Functions**

### **CHAPTER 6 Purchasing**

#### **What Is Purchasing?**

#### **The Market**

Market Distribution

Understanding the Market

Market Regulation: U.S. Food and Inspection Programs

#### **The Buyer**

The Art of Negotiation

Ethics in Purchasing

Structure of Purchasing

#### **Vendors and Food Distributors**

#### **Methods of Purchasing**

Informal or Open-Market Buying

Formal Competitive Bid Buying

Variations on Methods of Purchasing

#### **Product Selection**

Market Forms of Foods

Food Quality

#### **Purchasing Procedures**

Identifying Needs

Specifications

Issuing Bid Requests

# Table of Contents

- Developing Purchase Orders
- Tabulating and Evaluating Bids
- Awarding Contracts
- Legal and Regulatory Aspects of Purchasing

## Summary

## CHAPTER 7 Receiving, Storage, and Inventory

### Receiving

- Coordination with Other Departments
- Personnel
- Facilities, Equipment, and Sanitation
- Scheduled Hours for Receiving
- Security
- The Receiving Process

### Storage

- Dry Storage
- Refrigerated and Freezer Storage

### Inventory Records and Control

- Receiving
- Storeroom Issues
- Perpetual Inventory
- Physical Inventory

## Summary

## Chapter 8 Production

### Food Production

- Objectives of Cooking in Food Production
- Technology in Production

### Recipe Formulation

- Standardized Recipes
- Recipe Adjustment

### Forecasting Demand

- Reasons for Forecasting
- Historical Data
- Criteria for Selecting a Forecasting Method
- Forecast Models
- Trends in Predicting Production Demand

### Quantities to Produce

### Production Scheduling

- Production Schedules
- Production Meetings

### Production Control

# Table of Contents

Ingredient Assembly

Portion Control

Product Evaluation

Summary

## Chapter 9 Service

Methods of Assembly, Delivery, and Service

Methods Delivery and Service as Subsystems

Assembly

Trayline Assembly

Factors Affecting Choice of Service Systems

Type of Foodservice System

Kind of Foodservice Organization

Size and Physical Layout of Facility

Style of Service

Skill Level of Available Personnel

Economic Factors

Quality Standards for Food and Microbial Safety

Timing Required for Meal Service

Space Requirements or Space Available

Energy Usage

Equipment Needs

General Classification of Delivery-Service Equipment

Equipment for Specific Uses

Styles of Service

Self-Service

Tray Service

Wait Service

Portable Meals

Room Service

Customer Service

Summary

## Part 4 The Facilities

### CHAPTER 10 Facilities Planning and Design

Definitions and Goals

Preliminary Preparation for Facility Planning

Trends Affecting Foodservice Design

Information on Developments in Design and Equipment

Regulatory Considerations

Special Considerations for Specific Types of Foodservices

Steps in the Planning Procedure

# Table of Contents

The Prospectus

The Planning Team

Feasibility Study

Menu Analysis

Architectural Features

Budget/Cost Relationship

## Design Development

Space Allowances and Relationships

Schematic Drawing

## Work Areas

Mechanics of Drawing

Designing by Computer

Architects Blueprints

Specifications and Contract Documents

Bids, Contracts, Construction, and Inspection

## Summary

## CHAPTER 11 Equipment and Furnishings

### Factors Affecting Selection of Equipment

The Menu

Number and Type of Patrons

Form of Food Purchased and Styles of Service

Labor Hours and Worker Abilities

Utilities

The Budget

The Floor Plan

### Features of Equipment

Design and Function

Size or Capacity

Materials

Construction

Installation, Operation, and Performance

Maintenance and Replacement

### Method of Purchase

### Selection of Some Basic Items

Cooking Equipment

Noncooking Equipment

Some New Equipment Designs

### Dining Room Furnishings

Dinnerware

Tableware

Glassware

# **Table of Contents**

Table Covers

Summary

## **Chapter 12 Resource Conservation**

Conservation of Natural Resources

Green Design

Energy Conservation

Water Conservation

Solid Waste Management

Source Reduction

Recycling

Incineration and Landfilling

Facility Waste Assessments

Summary

## **Part 5 The Management Functions**

### **CHAPTER 13 Organizational Design**

Theories of Management

Classical

Human Relations

Management Science/Operations Research

Modern Management Theories

Strategic Management

Functions of Management

Planning

Organizing

Staffing

Directing

Coordinating

Reporting

Budgeting

Skills of Managers

Managerial Activities and Roles

Tools of Management

Organization Chart

Job Description

Job Specification

Work Schedule

Scheduling of Employees

Summary

### **CHAPTER 14 Leadership**

# **Table of Contents**

## **Motivation**

- History of Motivational Theories
- Current Thinking on Motivation

## **Leadership**

- The Traditional Leadership Role
- Newer Approaches to Leadership
- Types of Power and Their Use
- Effective Communication
- Ethics and Social Responsibility
- Diversity
- Functional Responsibilities and Skills Required
- Supervision
- Decision Making
- Change Management

## **Summary**

## **CHAPTER 15 Human Resource Management**

### **Staffing**

- Skill Standards

### **The Employment Process**

- Recruitment
- Selection

### **The Worker on the Job**

- Personnel Records
- Orientation
- Training
- Performance Evaluation
- Promotions and Transfers
- Discipline
- Dismissals
- Handling Grievances
- Staff Conferences
- Labor Policies and Legislation

### **Labor-Management Relations**

- Legislation

## **Summary**

## **CHAPTER 16 Performance Improvement**

### **Total Quality Management**

- Principles of TQM
- The PDCA Cycle
- Six Sigma

# Table of Contents

Lean Six Sigma

TQM Tools

## Increasing Productivity

Quality Management Approaches to Productivity Improvement

Work Design

Principles of Motion Economy

Tools for Assessing Productivity

Applications of Productivity Improvement

## Summary

## CHAPTER 17 Financial Management

### Accounting Fundamentals

Purpose of Accounting

Branches of Accounting

Uniform System of Accounts

The Accounting Formula

Generally Accepted Accounting Principles

### Financial Records

Records for Control

The Income Statement

The Balance Sheet

Ratio Analysis

### Management of Revenue and Expense

Pricing

Managerial Accounting for Costs

### Accounting Information for Planning

Budgeting

The Systems Model

Steps in Budget Planning

## Summary

## CHAPTER 18 Marketing

### Marketing Defined

### The Marketing Cycle

### The Marketing Mix

### Marketing for Foodservice Operations

Unique Aspects of Foodservice Marketing

Product

Customer Contact

Perishability

Distribution

### Marketing as a Managerial Function

# **Table of Contents**

Planning

Implementation

Evaluation

Promotions in Foodservice Operations

Sales Promotion

Promotion Planning

Summary

Appendix A Principles of Basic Cooking

Appendix B Foodservice Equipment

Index
