Preface

Prerequisite Skills Diagnostic Test

Chapter R: Algebra Reference

R.1. Polynomials

R.2. Factoring

R.3. Rational Expressions

R.4. Equations

R.5. Inequalities

R.6. Exponents

R.7. Radicals

Chapter 1: Linear Functions

1.1. Slopes and Equations of Lines

1.2. Linear Functions and Applications

1.3. The Least Squares Line

Chapter 1: Review

Extended Application: Using Extrapolation to Predict Life Expectancy

Chapter 2: Nonlinear Functions

2.1. Properties of Functions

2.2. Quadratic Functions; Translation and Reflection

2.3. Polynomial and Rational Functions

2.4. Exponential Functions

2.5. Logarithmic Functions

2.6. Applications: Growth and Decay; Mathematics of Finance

Chapter 2: Review

Extended Application: Power Functions

Table of Contents

Chapter 3: The Derivative

- 3.1. Limits
- 3.2. Continuity
- 3.3. Rates of Change
- 3.4. Definition of the Derivative
- 3.5. Graphical Differentiation

Chapter 3: Review

Extended Application: A Model for Drugs Administered Intravenously

Chapter 4: Calculating the Derivative

- 4.1. Techniques for Finding Derivatives
- 4.2. Derivatives of Products and Quotients
- 4.3. The Chain Rule
- 4.4. Derivatives of Exponential Functions
- 4.5. Derivatives of Logarithmic Functions

Chapter 4: Review

Extended Application: Electric Potential and Electric Field

Chapter 5: Graphs and the Derivative

- 5.1. Increasing and Decreasing Functions
- 5.2. Relative Extrema
- 5.3. Higher Derivatives, Concavity, and the Second Derivative Test
- 5.4. Curve Sketching

Chapter 5: Review

Extended Application: A Drug Concentration Model for Orally Administered Medications

Chapter 6: Applications of the Derivative

- 6.1. Absolute Extrema
- 6.2. Applications of Extrema
- 6.3. Further Business Applications: Economic Lot Size; Economic Order Quantity; Elasticity of Demand
- 6.4. Implicit Differentiation
- 6.5. Related Rates
- 6.6. Differentials: Linear Approximation

Chapter 6: Review

Extended Application: A Total Cost Model for a Training Program

Chapter 7: Integration

Table of Contents

- 7.1. Antiderivatives
- 7.2. Substitution
- 7.3. Area and the Definite Integral
- 7.4. The Fundamental Theorem of Calculus
- 7.5. The Area Between Two Curves
- 7.6. Numerical Integration

Chapter 7: Review

Extended Application: Estimating Depletion Dates for Minerals

Chapter 8: Further Techniques and Applications of Integration

- 8.1. Integration by Parts
- 8.2. Volume and Average Value
- 8.3. Continuous Money Flow
- 8.4. Improper Integrals

Chapter 8: Review

Extended Application: Estimating Learning Curves in Manufacturing with Integrals

Chapter 9: Multivariable Calculus

- 9.1. Functions of Several Variables
- 9.2. Partial Derivatives
- 9.3. Maxima and Minima
- 9.4. Lagrange Multipliers
- 9.5. Total Differentials and Approximations
- 9.6. Double Integrals

Chapter 9: Review

Extended Application: Using Multivariable Fitting to Create a Response Surface Design

Chapter 10: Differential Equations

- 10.1. Solutions of Elementary and Separable Differential Equations
- 10.2. Linear First-Order Differential Equations
- 10.3. Eulers Method
- 10.4. Applications of Differential Equations

Chapter 10: Review

Extended Application: Pollution of the Great Lakes

Chapter 11: Probability and Calculus

- 11.1. Continuous Probability Models
- 11.2. Expected Value and Variance of Continuous Random Variables

Table of Contents

11.3. Special Probability Density Functions

Chapter 11: Review

Extended Application: Exponential Waiting Times

Chapter 12: Sequences and Series

12.1. Geometric Sequences

12.2. Annuities: An Application of Sequences

12.3. Taylor Polynomials at 0

12.4. Infinite Series

12.5. Taylor Series

12.6. Newtons Method

12.7. LHospitals Rule

Chapter 12: Review

Extended Application: Living Assistance and Subsidized Housing

Chapter 13: The Trigonometric Functions

13.1. Definitions of the Trigonometric Functions

13.2. Derivatives of Trigonometric Functions

13.3. Integrals of Trigonometric Functions

Chapter 13: Review

Extended Application: The Shortest Time and the Cheapest Path

Appendix A: Solutions to Prerequisite Skills Diagnostic Test

Appendix B: Tables

Answers to Selected Exercises
