Development Across the Life Span, Global Edition

Table of Contents

Front Cover

Brief Contents

Contents

Preface

About the Author

Part One: Beginnings

Chapter 1: An Introduction to Lifespan Development

Looking Ahead

An Orientation to Lifespan Development

Defining Lifespan Development

The Scope of the Field of Lifespan Development

Topical Areas in Lifespan Development

Age Ranges and Individual Differences

The Links Between Topics and Ages Influences on Development

Influences on Development

Developmental Diversity and Your Life: How Culture, Ethnicity, and Race Influence Development

Key Issues and Questions: Determining the Nature and Nurture of Lifespan Development

Continuous Change Versus Discontinuous Change

Critical and Sensitive Periods: Gauging The Impact of Environmental Events

Lifespan Approaches Versus A Focus On Particular Periods

The Relative Influence of Nature and Nurture On Development

The Later Action of Nature and Nurture

Theoretical Perspectives on Lifespan Development

The Psychodynamic Perspective: Focusing on the Inner Person

Freuds Psychoanalytic Theory

Eriksons Psychosocial Theory

Assessing The Psychodynamic Perspective the Behavioral Perspective

The Behavioral Perspective: Focusing on Observable Behavior

Classical Conditioning: Stimulus Substitution

Operant Conditioning

Social-Cognitive Learning Theory: Learning Through Imitation

Assessing the Behavioral Perspective

The Cognitive Perspective: Examining the Roots of Understanding

Piagets Theory of Cognitive Development

Information Processing Approaches

Table of Contents

Cognitive Neuroscience Approaches

The Humanistic Perspective: Concentrating on the Unique Qualities of Human Beings

Assessing the Humanistic Perspective

The Contextual Perspective: Taking a Broad Approach to Development

The Bioecological Approach to Development

Vygotskys Sociocultural Theory

Evolutionary Perspectives: our Ancestors Contributions to Behavior

Assessing the Evolutionary Perspective

Why Which Approach is Right? Is the Wrong Question

Research Methods

Theories and Hypotheses: Posing Developmental Questions

Choosing a Research Strategy: Answering Questions

Correlational Studies

The Correlation Coefficient

Types of Correlational Studies

Psychophysiological Methods

Experiments: Determining Cause and Effect

Independent and Dependent Variables

Choosing a Research Setting

Theoretical and Applied Research: Complementary Approaches

From Research to Practice: Using Developmental Research to Improve Public Policy

Measuring Developmental Change

Longitudinal Studies: Measuring Individual Change

Cross-Sectional Studies

Sequential Studies

Ethics and Research

Are you an Informed Consumer of Development?: Thinking Critically about Expert Advice

Epilogue

Looking Back

Key Terms and Concepts

Chapter 2: The Start of Life: Prenatal Development

Looking Ahead

Earliest Development

Genes and Chromosomes: The Code of Life

Multiple Births: Two or More for the Genetic Price of One

Boy or Girl? Establishing the Sex of the Child

The Basics of Genetics: The Mixing and Matching of Traits

Example of Transmission of Genetic Information

Polygenic Traits

The Human Genome and Behavioral Genetics: Cracking the Genetic Code

Inherited and Genetic Disorders: When Development Deviates from the Norm

Genetic Counseling: Predicting the Future from the Genes of the Present

Prenatal Testing

Table of Contents

Screening for Future Problems

Are Designer Babies in our Future?

From Research to Practice: Prenatal Screenings are not Diagnoses

The Interaction of Heredity and Environment

The Role of the Environment in Determining the Expression of Genes: From Genotypes to Phenotypes

Interaction of Factors

Studying Development: How much is Nature? How much is Nurture?

Nonhuman Animal Studies: Controlling Both Genetics and Environment

Contrasting Relatedness and Behavior: Adoption, Twin, and Family Studies

Genetics and the Environment: Working Together

Physical Traits: Family Resemblances

Intelligence: More Research, More Controversy

Genetic and Environmental Influences on Personality: Born to be Outgoing?

Psychological Disorders: The Role of Genetics and Environment

Developmental Diversity and Your Life: Cultural Differences in Physical Arousal: Might a Cultures

Philosophical Outlook Be Determined by Genetics?

Can Genes Influence the Environment?

Prenatal Growth and Change

Fertilization: The Moment of Conception

The Stages of the Prenatal Period: The Onset of Development

The Germinal Stage: Fertilization to 2 Weeks

The Embryonic Stage: 2 Weeks to 8 Weeks

The Fetal Stage: 8 Weeks to Birth

Pregnancy Problems

Infertility

Ethical Issues

Miscarriage and Abortion

The Prenatal Environment: Threats to Development

Mothers Diet

Mothers Age

Mothers Prenatal Support

Mothers Health

Mothers Drug use

Mothers use of Alcohol and Tobacco

Do Fathers Affect the Prenatal Environment?

Are you an Informed Consumer of Development?: Optimizing the Prenatal Environment

Epilogue

Looking Back

Key Terms and Concepts

Chapter 3: Birth and the Newborn Infant

Looking Ahead

Birth

Labor: The Process of Birth Begins

Are You an Informed Consumer of Development?: Dealing with Labor

Table of Contents

Birth: From Fetus to Neonate

The Apgar Scale

Newborn Medical Screening

Physical Appearance And Initial Encounters

Approaches to Childbirth: Where Medicine and Attitudes Meet

Alternative Birthing Procedures

Childbirth Attendants: Who Delivers?

Pain And Childbirth

Use Of Anesthesia And Pain-Reducing Drugs

Postdelivery Hospital Stay: Deliver, Then Depart?

Birth Complications

Preterm Infants: Too Soon, Too Small

Very-Low-Birthweight Infants: The Smallest of the Small

What Causes Preterm and Low-Birthweight Deliveries?

Postmature Babies: Too Late, Too Large

Cesarean Delivery: Intervening in the Process of Birth

Stillbirth and Infant Mortality: The Tragedy of Premature Death

Developmental Diversity and Your Life: Overcoming Racial and Cultural Differences in Infant Mortality

Postpartum Depression: Moving from the Heights of Joy to the Depths of Despair

The Competent Newborn

Physical Competence: Meeting the Demands of a New Environment

Sensory Capabilities: Experiencing the World

From Research to Practice: Are Food Preferences Learned in the Womb?

Early Learning Capabilities

Classical Conditioning

Operant Conditioning

Habituation

Social Competence: Responding to Others

Epilogue

Looking Back

Key Terms and Concepts

Part Two: Infancy: Forming the Foundations of Life

Chapter 4: Physical Development in Infancy

Looking Ahead

Growth and Stability

Physical Growth: The Rapid Advances of Infancy

Four Principles of Growth

The Nervous System and Brain: The Foundations of Development

Synaptic Pruning

Environmental Influences on Brain Development

Integrating the Bodily Systems: The Life Cycles of Infancy

Rhythms and States

Sleep: Perchance to Dream?

Table of Contents

SIDS: The Unanticipated Killer

Motor Development

Reflexes: Our Inborn Physical Skills

The Basic Reflexes

Ethnic and Cultural Differences and Similarities in Reflexes

Motor Development in Infancy: Landmarks of Physical Achievement

Gross Motor Skills

Fine Motor Skills

Dynamic Systems Theory: How Motor Development Is Coordinated

Developmental Norms: Comparing the Individual to the Group

Nutrition in Infancy: Fueling Motor Development

Developmental Diversity and Your Life: The Cultural Dimensions of Motor Development

Malnutrition

Obesity

Breast or Bottle?

Introducing Solid Foods: When and What?

From Research to Practice: The Science of Breast Milk

The Development of the Senses

Visual Perception: Seeing the World

Auditory Perception: The World of Sound

Smell and Taste

Sensitivity to Pain and Touch

Contemporary Views on Infant Pain

Responding to Touch

Multimodal Perception: Combining Individual Sensory Inputs

Are You an Informed Consumer of Development?: Exercising Your Infants Body and Senses

Epilogue

Looking Back

Key Terms and Concepts

Chapter 5: Cognitive Development in Infancy

Looking Ahead

Piagets Approach to Cognitive Development

Key Elements of Piagets Theory

The Sensorimotor Period: The Earliest Stage of Cognitive Growth

Substage 1: Simple Reflexes

Substage 2: First Habits and Primary Circular Reactions

Substage 3: Secondary Circular Reactions

Substage 4: Coordination of Secondary Circular Reactions

Substage 5: Tertiary Circular Reactions

Substage 6: Beginnings of Thought

Appraising Piaget: Support and Challenges

Information Processing Approaches to Cognitive Development

The Foundations of Information Processing

Table of Contents

Encoding, Storage, and Retrieval

Automatization

Memory during Infancy: They Must Remember This

Memory Capabilities in Infancy

The Duration of Memories

The Cognitive Neuroscience of Memory

From Research to Practice: Brain Growth May Be Responsible for Infantile Amnesia

Individual Differences in Intelligence: Is One Infant Smarter Than Another?

What is Infant Intelligence?

Developmental Scales

Information Processing Approaches to Individual Differences in Intelligence

Assessing Information Processing Approaches

Are You an Informed Consumer of Development?: What Can You Do to Promote Infants Cognitive Development?

The Roots of Language

The Fundamentals of Language: From Sounds to Symbols

Early Sounds and Communication

First Words

First Sentences

The Origins of Language Development

Learning Theory Approaches: Language as a Learned Skill

Nativist Approaches: Language as an Innate Skill

The Interactionist Approaches

Speaking to Children: The Language of Infant-Directed Speech and Gender-Related Speech

Infant-Directed Speech

Gender Differences

Developmental Diversity and Your Life: Is Infant-Directed Speech Similar in All Cultures?

Epilogue

Looking Back

Key Terms and Concepts

Chapter 6: Social and Personality Development in Infancy

Looking Ahead

Developing the Roots of Sociability

Emotions in Infancy: Do Infants Experience Emotional Highs and Lows?

Experiencing Emotions

Smiling

Stranger Anxiety and Separation Anxiety: Its Only Natural

Social Referencing: Feeling What Others Feel

Two Explanations of Social Referencing

Decoding Others Facial and Vocal Expressions

The Development of Self: Do Infants Know Who They Are?

Theory of Mind: Infants Perspectives on the Mental Lives of Others and Themselves

From Research to Practice: Do Infants Understand Morality?

Forming Relationships

Table of Contents

Attachment: Forming Social Bonds

Harlows Monkeys

Bowlbys Contributions to our Understanding of Attachment

The Ainsworth Strange Situation and Patterns of Attachment

Producing Attachment: The Roles of the Mother and Father

Mothers and Attachment

Fathers and Attachment

Are there Differences in Attachment to Mothers and Fathers?

Developmental Diversity and Your Life: Does Attachment Differ across Cultures?

Infant Interactions: Developing a Working Relationship

Processes Underlying Relationship Development

Infants Sociability with their Peers: Infant/Infant Interaction

Differences among Infants

Personality Development: The Characteristics That Make Infants Unique

Temperament: Stabilities in Infant Behavior

Categorizing Temperament: Easy, Difficult, and Slow-to-Warm Babies

The Consequences of Temperament: Does Temperament Matter?

The Biological Basis of Temperament

Gender: Boys in Blue, Girls in Pink

Gender Differences

Gender Roles

Family Life in the Twenty-First Century

How Does Infant Child Care Affect Later Development?

Are You an Informed Consumer of Development?: Choosing the Right Infant Care Provider

Epilogue

Looking Back

Key Terms and Concepts

Part Three: The Preschool Years

Chapter 7: Physical and Cognitive Development in the Preschool Years

Looking Ahead

Physical Growth

The Growing Body

Individual Differences in Height and Weight

Changes in Body Shape and Structure

Nutrition: Eating the Right Foods

Health and Illness

Injuries During the Preschool Years: Playing it Safe

The Silent Danger: Lead Poisoning in Young Children

The Growing Brain

Are You an Informed Consumer of Development?: Keeping Preschoolers Healthy

Brain Lateralization

The Links Between Brain Growth and Cognitive Development

Motor Development

Gross Motor Skills

Table of Contents

Potty Wars: When and How Should Children be Toilet Trained?

Fine Motor Skills

Handedness

Intellectual Development

Piaget's Stage of Preoperational Thinking

The Relation between Language and Thought

Centration: What you see is what you think

Conservation: Learning that Appearances are Deceiving

Incomplete Understanding of Transformation

Egocentrism: The Inability to Take Others Perspectives

The Emergence of Intuitive Thought

Evaluating Piaget's Approach to Cognitive Development

Information Processing Approaches to Cognitive Development

Preschoolers Understanding of Numbers

Memory: Recalling the Past

Information Processing Theories in Perspective

Vygotsky's View of Cognitive Development: Taking

The Zone of Proximal Development and Scaffolding: Foundations of Cognitive Development

Evaluating Vygotsky's Contributions

The Growth of Language and Learning

Language Development

Private Speech and Social Speech

How Living in Poverty Affects Language Development

Learning from the Media: Television and the Internet

Television: Controlling Exposure

Sesame Street: A Teacher in Every Home?

Early Childhood Education: Taking the Pre Out of the Preschool Period

The Varieties of Early Education

The Effectiveness of Child Care

The Quality of Child Care

Developmental Diversity and Your Life: Preschools around the World: Why Does the United States Lag behind?

Preparing Preschoolers for Academic Pursuits: Does Head Start Truly \ Provide a Head Start?

Are we Pushing Children Too Hard and Too Fast?

From Research to Practice: Reading to Children: Keeping It Real

Epilogue

Looking Back

Key Terms and Concepts

Chapter 8: Social and Personality Development in the Preschool Years

Looking Ahead

Forming a Sense of Self

Psychosocial Development: Resolving the Conflicts

Self-Concept in the Preschool Years: Thinking about the Self

Racial, Ethnic, and Gender Awareness

Racial Identity: Developing Slowly

Table of Contents

Gender Identity : Developing Femaleness and Maleness
Developmental Diversity and Your Life: Developing Racial and Ethnic Awareness
Biological Perspectives on Gender
Psychoanalytic Perspectives
Social Learning Approaches
Cognitive Approaches

Friends and Family: Preschoolers Social Lives

The Development of Friendships
Playing by the Rules: The Work of Play
 Categorizing Play
 The Social Aspects of Play
Preschoolers Theory of Mind: Understanding What Others are Thinking
 The Emergence of Theory of Mind
From Research to Practice: How Children Learn to Become Better Liars
Preschoolers Family Lives
Effective Parenting: Teaching Desired Behavior
 Cultural Differences in Childrearing Practices
Child Abuse and Psychological Maltreatment: The Grim Side of Family Life
 Physical Abuse
 Psychological Maltreatment
Resilience: Overcoming the Odds
Are You an Informed Consumer of Development?: Disciplining Children

Moral Development and Aggression

Developing Morality: Following Societys Rights and Wrongs
 Piagets View of Moral Development
 Evaluating Piagets Approach to Moral Development
 Social Learning Approaches to Morality
 Genetic Approaches to Morality
 Empathy and Moral Behavior
Aggression and Violence in Preschoolers: Sources and Consequences
 The Roots of Aggression
 Social Learning Approaches to Aggression
 Viewing Violence on Tv: Does It Matter?
 Cognitive Approaches To Aggression: The Thoughts Behind Violence
Are you an Informed Consumer of Development?: Increasing Moral Behavior and Reducing Aggression in
 Preschool-Age Children

Epilogue

Looking Back

Key Terms and Concepts

Part Four: The Middle Childhood Years

Chapter 9: Physical and Cognitive Development in Middle Childhood

Looking Ahead

Physical Development

Table of Contents

The Growing Body

- Height and Weight Changes
- Cultural Patterns of Growth
- Promoting Growth with Hormones: Should Short Children be Made to Grow?
- Nutrition
- Childhood Obesity

Motor Development

- Gross Motor Skills
- Are You an Informed Consumer of Development?: Keeping Children Fit
- Fine Motor Skills

Physical and Mental Health during Middle Childhood

- Asthma
- Accidents
- Psychological Disorders

Children with Special Needs

- Sensory Difficulties: Visual, Auditory, And Speech Problems
- Learning Disabilities: Discrepancies between Achievement and Capacity to Learn
- Attention-Deficit/Hyperactivity Disorder

From Research to Practice: Does Medicating Children with ADHD Produce Academic Benefits?

Intellectual Development

Piagetian Approaches to Cognitive Development

- The Rise of Concrete Operational Thought
- Piaget in Perspective: Piaget Was Right, Piaget was Wrong

Information Processing in Middle Childhood

- Memory
- Improving Memory

Vygotskys Approach to Cognitive Development and Classroom Instruction

Language Development: What Words Mean

- Mastering the Mechanics of Language
- Metalinguistic Awareness
- How Language Promotes Self-Control
- Bilingualism: Speaking in Many Tongues

Schooling: The Three Rs (and More) of Middle Childhood

Reading: Learning to Decode the Meaning behind Words

- Reading Stages
- How Should we Teach Reading?

Educational Trends: Beyond the Three Rs

Developmental Diversity and Your Life: Multicultural Education

- Cultural Assimilation or Pluralistic Society?
- Fostering a Bicultural Identity

Intelligence: Determining Individual Strengths

- Intelligence Benchmarks: Differentiating the Intelligent from the Unintelligent
- What IQ Tests Dont Tell: Alternative Conceptions of Intelligence
- Group Differences in IQ
- Explaining Racial Differences in IQ
- The Bell Curve Controversy

Table of Contents

Below and Above Intelligence Norms: Intellectual Disabilities and the Intellectually Gifted

Ending Segregation by Intelligence Levels: The Benefits of Mainstreaming

Below The Norm: Intellectual Disability

Above The Norm: The Gifted and Talented

Educating The Gifted and Talented

Epilogue

Looking Back

Key Terms and Concepts

Chapter 10: Social and Personality Development in Middle Childhood

Looking Ahead

The Developing Self

Psychosocial Development in Middle Childhood

Understanding Ones Self: A New Response to Who Am I?

The Shift in Self-Understanding from the Physical to the Psychological

Social Comparison

Self-Esteem: Developing a Positive or Negative View of the Self

Change and Stability in Self-Esteem

From Research to Practice: The Danger of Inflated Praise

Race and Self-Esteem

Developmental Diversity and Your Life: Are Children of Immigrant Families Well Adjusted?

Moral Development

Moral Development in Girls

Relationships: Building Friendship in Middle Childhood

Stages of Friendship: Changing Views of Friends

Stage 1: Basing Friendship on Others Behavior

Stage 2: Basing Friendship on Trust

Stage 3: Basing Friendship On Psychological Closeness

Individual Differences in Friendship: What Makes a Child Popular?

Status Among School-Age Children: Establishing Ones Position

What Personal Characteristics Lead to Popularity?

Social Problem-Solving Abilities

Teaching Social Competence

Schoolyard and Cyber-Yard Bullies

Are You an Informed Consumer of Development?: Increasing Childrens Social Competence

Gender and Friendships: The Sex Segregation of Middle Childhood

Cross-Race Friendships: Integration In and Out of the Classroom

Family and School: Shaping Childrens Behavior in Middle Childhood

Families: The Changing Home Environment

Family Life: Still Important after all these Years

When Both Parents Work Outside the Home: How do Children Fare?

Home and Alone: What do Children do?

Divorce

Single-Parent Families

Multigenerational Families

Table of Contents

Living In Blended Families
Children with Gay and Lesbian Parents
Race and Family Life
Poverty And Family Life
Group Care: Orphanages in the Twenty-First Century

School: The Academic Environment

How Children Explain Academic Success and Failure
Cultural Comparisons: Individual Differences in Attribution
Beyond the 3rs: Should Schools Teach Emotional Intelligence?

Developmental Diversity and Your Life: Explaining Asian Academic Success

Epilogue

Looking Back

Key Terms and Concepts

Part Five: Adolescence

Chapter 11: Physical and Cognitive Development in Adolescence

Looking Ahead

Physical Maturation

Growth during Adolescence: The Rapid Pace of Physical and Sexual Maturation

Puberty in Girls
Puberty in Boys
Body Image: Reactions to Physical Changes in Adolescence
The Timing of Puberty: The Consequences of Early and Late Maturation

Nutrition, Food, and Eating Disorders: Fueling the Growth of Adolescence

Obesity
Anorexia Nervosa and Bulimia

Brain Development and Thought: Paving the Way for Cognitive Growth

The Immature Brain Argument: Too Young for the Death Penalty?
Sleep Deprivation

Cognitive Development and Schooling

Piagetian Approaches to Cognitive Development: Using Formal Operations

Using Formal Operations to Solve Problems
The Consequences of Adolescents Use of Formal Operations
Evaluating Piagets Approach

Information Processing Perspectives: Gradual Transformations in Abilities

Egocentrism in Thinking: Adolescents Self-Absorption

School Performance

Socioeconomic Status and School Performance: Individual Differences in Achievement
Ethnic and Racial Differences in School Achievement
Achievement Testing in High School: Will No Child Be Left Behind?

From Research to Practice: Do Video Games Improve Cognitive Ability?

Dropping Out of School

Cyberspace: Adolescents Online

Media and Education

Threats to Adolescents Well-Being

Table of Contents

Illegal Drugs

Alcohol: Use and Abuse

Are You an Informed Consumer of Development?: Hooked on Drugs or Alcohol?

Tobacco: The Dangers of Smoking

Developmental Diversity and Your Life: Selling Death: Pushing Smoking to the Less Advantaged

Sexually Transmitted Infections

AIDS

Other Sexually Transmitted Infections

Avoiding STIS

Epilogue

Looking Back

Key Terms and Concepts

Chapter 12: Social and Personality Development in Adolescence

Looking Ahead

Identity: Asking Who Am I?

Self-Concept and Self-Esteem

Self-Concept: Asking, What am I Like?

Self-Esteem: Asking How Do I Like Myself?

Gender Differences in Self-Esteem

Socioeconomic Status and Race Differences in Self-Esteem

Identity Formation: Change or Crisis?

Societal Pressures and Reliance on Friends and Peers

Psychological Moratorium

Limitations of Eriksons Theory

Marcias Approach to Identity Development: Updating Erikson

Religion and Spirituality

Identity, Race, and Ethnicity

Depression and Suicide: Psychological Difficulties in Adolescence

Adolescent Depression

Adolescent Suicide

Are You an Informed Consumer of Development?: Adolescent Suicide: How to Help

Relationships: Family and Friends

Family Ties: Changing Relations with Relations

The Quest for Autonomy

Culture and Autonomy

The Myth of the Generation Gap

Conflicts with Parents

Cultural Differences in Parent/Child Conflicts During Adolescence

Relationships with Peers: The Importance of Belonging

Social Comparison

Reference Groups

Cliques and Crowds: Belonging to a Group

Gender Relations

From Research to Practice: Empathy in Adolescence

Table of Contents

Developmental Diversity and Your Life: Race Segregation: The Great Divide of Adolescence

Popularity and Conformity

Popularity and Rejection

Conformity: Peer Pressure in Adolescence

Juvenile Delinquency: The Crimes of Adolescence

Dating, Sexual Behavior, and Teenage Pregnancy

Dating and Sexual Relationships in the Twenty-First Century

The Functions of Dating

Dating, Race, and Ethnicity

Sexual Behavior

Sexual Intercourse

Sexual Orientation: Heterosexuality, Homosexuality, Bisexuality, and Transexualism

What Determines Sexual Orientation?

Teenage Pregnancies

Epilogue

Looking Back

Key Terms and Concepts

Part Six: Early Adulthood

Chapter 13: Physical and Cognitive Development in Early Adulthood

Looking Ahead

Physical Development

Physical Development, Fitness, and Health

The Senses

Physical Fitness

Health

Eating, Nutrition, and Obesity: A Weighty Concern

Good Nutrition

Obesity

Developmental Diversity and Your Life: How Cultural Beliefs Influence Health and Health Care

Physical Disabilities: Coping with Physical Challenge

Stress and Coping: Dealing with Lifes Challenges

The Origins of Stress

The Consequences of Stress

Coping with Stress

Hardiness, Resilience, And Coping

Are You an Informed Consumer of Development?: Coping with Stress

Cognitive Development

Intellectual Growth in Early Adulthood

Postformal Thought

Approaches to Postformal Thinking

Perrys Relativistic Thinking

From Research to Practice: Young Adult Brains Are Still Developing

Schaies Stages of Development

Table of Contents

Intelligence: What Matters in Early Adulthood?

Practical and Emotional Intelligence

Creativity: Novel Thought

Life Events and Cognitive Development

College: Pursuing Higher Education

The Demographics of Higher Education

The Gender Gap in College Attendance

The Changing College Student: Never Too Late to Go to College?

College Adjustment: Reacting to the Demands of College Life

Are You an Informed Consumer of Development?: When Do College Students Need Professional Help with Their Problems?

Gender and College Performance

Benevolent Sexism: When Being Nice is not so Nice Dropping Out of College

Dropping Out of College

Epilogue

Looking Back

Key Terms and Concepts

Chapter 14: Social and Personality Development in Early Adulthood

Looking Ahead

Forging Relationships: Intimacy, Liking, and Loving during Early Adulthood

The Components of Happiness: Fulfilling Psychological Needs

The Social Clocks of Adulthood

Womens Social Clocks

Intimacy, Friendship, and Love

Seeking Intimacy: Eriksons View of Young Adulthood

From Research to Practice: Emerging Adulthood: Not Quite There Yet!

Friendship

Defining the Indefinable: What is Love?

Passionate and Companionate Love: The Two Faces of Love

Sternbergs Triangular Theory: The Three Faces Of Love

Choosing a Partner: Recognizing Mr. or Ms. Right

Seeking a Spouse: is Love the only thing that Matters?

Filtering Models: Sifting out a Spouse

Attachment Styles and Romantic Relationships: Do Adult Loving Styles Reflect Attachment in Infancy?

Developmental Diversity and Your Life: Gay and Lesbian Relationships: Men with Men and Women with Women

The Course of Relationships

Cohabitation, Marriage, and Other Relationship Choices: Sorting Out the Options of Early Adulthood

Marriage

What Makes Marriages Work?

Early Marital Conflict

Parenthood: Choosing To Have Children

Family Size

Dual-Earner Couples

Table of Contents

The Transition To Parenthood: Twos a Couple, Threes a Crowd?

Gay and Lesbian Parents

Staying Single: I Want to Be Alone

Work: Choosing and Embarking on a Career

Identity during Young Adulthood: The Role of Work

Picking an Occupation: Choosing Lifes Work

Ginzbergs Career Choice Theory

Hollands Personality Type Theory

Are You an Informed Consumer of Development?: Choosing a Career

Gender and Career Choices: Womens Work

Why Do People Work? More Than Earning a Living

Intrinsic and Extrinsic Motivation

Satisfaction on the Job

Epilogue

Looking Back

Key Terms and Concepts

Part Seven: Middle Adulthood

Chapter 15: Physical and Cognitive Development in Middle Adulthood

Looking Ahead

Physical Development

Physical Transitions: The Gradual Change in the Bodys Capabilities

Height, Weight, and Strength: The Benchmarks of Change

The Senses: The Sights and Sounds of Middle Age

Vision

Hearing

Reaction Time: Not-So-Slowing Down

Sex in Middle Adulthood: The Ongoing Sexuality of Middle Age

The Female Climacteric and Menopause

The Dilemma of Hormone Therapy: No Easy Answer

The Psychological Consequences of Menopause

The Male Climacteric

Health

Wellness and Illness: The Ups and Downs of Middle Adulthood

Stress in Middle Adulthood

Developmental Diversity and Your Life: Individual Variation in Health: Socioeconomic Status and Gender Differences

The As and Bs of Coronary Heart Disease: Linking Health and Personality

Risk Factors for Heart Disease

Type As And Type Bs

The Threat of Cancer

From Research to Practice: Is Genetic Testing for Serious Diseases a Good Idea?

Psychological Factors Relating To Cancer: Mind Over Tumor?

Cognitive Development

Table of Contents

Does Intelligence Decline in Adulthood?

The Difficulties in Answering the Question

Crystallized and Fluid Intelligence

Reframing The Issue: What Is the Source of Competence During Middle Adulthood?

The Development of Expertise: Separating Experts from Novices

Memory: You Must Remember This

Types of Memory

Memory Schemas

Are You an Informed Consumer of Development?: Effective Strategies for Remembering

Epilogue

Looking Back

Key Terms and Concepts

Chapter 16: Social and Personality Development in Middle Adulthood

Looking Ahead

Personality Development

Two Perspectives on Adult Personality Development: Normative Crisis versus Life Events

Eriksons Stage of Generativity versus Stagnation

Building on Eriksons Views: Vaillant and Gould

Building on Eriksons Views: Levinsons Season of Life Theory

The Midlife Crisis: Reality or Myth?

Stability versus Change in Personality

Stability And Change In the Big Five Personality Traits

Developmental Diversity and Your Life: Middle Age: In Some Cultures It Doesn't Exist

Relationships: Family in Middle Age

Marriage and Divorce

Marriage

The Ups and Downs of Marriage

Divorce

Remarriage

Family Evolutions: From Full House to Empty Nest

Boomerang Children: Refilling the Empty Nest

The Sandwich Generation: Between Children and Parents

Becoming a Grandparent: Who, Me?

Family Violence: The Hidden Epidemic

The Prevalence of Spousal Abuse

The Stages of Spousal Abuse

The Cycle of Violence

Spousal Abuse and Society: The Cultural Roots of Violence

Are you an Informed Consumer of Development?: Dealing with Spousal Abuse

Work and Leisure

Work and Careers: Jobs at Midlife

Challenges of Work: On-The-Job Dissatisfaction

From Research to Practice: House-Husbands: When Fathers Are the Primary Caregivers for Their Children

Unemployment: The Dashing of the Dream

Table of Contents

Switching and Starting Careers at Midlife

Leisure Time: Life beyond Work

Developmental Diversity and Your Life: Immigrants on the Job: Making It in America

Epilogue

Looking Back

Key Terms and Concepts

Part Eight: Late Adulthood

Chapter 17: Physical and Cognitive Development in Late Adulthood

Looking Ahead

Physical Development in Late Adulthood

Aging: Myth and Reality

The Demographics of Late Adulthood

Ageism: Confronting the Stereotypes of Late Adulthood Physical Transitions in Older People

Physical Transitions in Older People

Outward Signs of Aging

Internal Aging

Slowing Reaction Time

The Senses: Sight, Sound, Taste, and Smell

Vision

Hearing

Taste and Smell

Health and Wellness in Late Adulthood

Health Problems in Older People: Physical and Psychological Disorders

Common Physical Disorders

Psychological and Mental Disorders

Alzheimer's Disease

From Research to Practice: Falling is a Risk and a Fear for Older Adults

Are You an Informed Consumer of Development?: Caring for People with Alzheimer's Disease

Wellness in Late Adulthood: The Relationship between Aging and Illness

Promoting Good Health

Sexuality in Old Age: Use It or Lose It

Approaches to Aging: Why is Death Inevitable?

Genetic Programming Theories of Aging

Wear-and-Tear Theories of Aging

Reconciling the Theories of Aging

Life Expectancy: How Long have I Got?

Postponing Aging: Can Scientists Find the Fountain of Youth?

Developmental Diversity and Your Life: Gender, Race, and Ethnic Differences in Average Life

Expectancy: Separate Lives, Separate Deaths

Cognitive Development in Late Adulthood

Intelligence in Older People

Recent Findings About Intelligence in Older People

Memory: Remembrance of Things Past and Present

Table of Contents

Autobiographical Memory: Recalling the Days of our Lives

Explaining Memory Changes in Old Age

Never Too Late

Technology and Learning In Late Adulthood

Epilogue

Looking Back

Key Terms and Concepts

Chapter 18: Social and Personality Development in Late Adulthood

Looking Ahead

Personality Development and Successful Aging

Continuity and Change in Personality during Late Adulthood

Ego Integrity Versus Despair: Eriksons Final Stage

Pecks Developmental Tasks

Levinsons Final Season: The Winter of Life

Coping With Aging: Neugartens Study

Life Review and Reminiscence: The Common Theme Of Personality Development

Age Stratification Approaches to Late Adulthood

Does Age Bring Wisdom?

Developmental Diversity and Your Life: How Culture Shapes the Way We Treat People in Late Adulthood

Successful Aging: What is the Secret?

Disengagement Theory: Gradual Retreat

Activity Theory: Continued Involvement

Continuity Theory: A Compromise Position

From Research to Practice: Is Age Really Just a State of Mind?

Selective Optimization with Compensation: A General Model of Successful Aging

The Daily Life of Late Adulthood

Living Arrangements: The Places and Spaces of their Lives

Living at Home

Specialized Living Environments

Institutionalism and Learned Helplessness

Financial Issues: The Economics of Late Adulthood

Work and Retirement in Late Adulthood

Older Workers: Combating Age Discrimination

Retirement: Filling a Life of Leisure

Are You an Informed Consumer of Development?: Planning for and Living a Good Retirement

Relationships: Old and New

Marriage in the Later Years: In Sickness and in Health

Divorce

Dealing with Retirement: Too Much Togetherness?

Caring for an Aging Spouse

The Death of a Spouse: Becoming Widowed

The Social Networks of Late Adulthood

Friendship: Why Friends Matter in Late Adulthood

Social Support: The Significance of Others

Table of Contents

Family Relationships: The Ties That Bind

Children

Grandchildren and Great-Grandchildren

Elder Abuse: Relationships Gone Wrong

Epilogue

Looking Back

Key Terms and Concepts

Chapter 19: Death and Dying

Looking Ahead

Dying and Death across the Life Span

Defining Death: Determining the Point at Which Life Ends

Death across the Life Span: Causes and Reactions

Death in Infancy and Childhood

Childhood Conceptions of Death

Death in Adolescence

Death in Young Adulthood

Death in Middle Adulthood

Death in Late Adulthood

Cultural Responses to Death

Developmental Diversity and Your Life: Differing Conceptions of Death

Can Death Education Prepare Us for the Inevitable?

Confronting Death

Understanding the Process of Dying: Are There Steps toward Death?

Denial

Anger

Bargaining

Depression

Acceptance

Evaluating Kübler-Ross's Theory

Choosing the Nature of Death: Is DNR the Way to Go?

Living Wills

Euthanasia and Assisted Suicide

Caring for the Terminally Ill: The Place of Death

Grief and Bereavement

Mourning and Funerals: Final Rites

Cultural Differences in Grieving

From Research to Practice: The Rising Popularity of Cremation

Bereavement and Grief: Adjusting to the Death of a Loved One

Differentiating Unhealthy Grief from Normal Grief

The Consequences of Grief and Bereavement

Are You an Informed Consumer of Development?: Helping a Child Cope with Grief

Epilogue
