Preface

About the Author

Part I: The Foundations of Sociology

Chapter 1: The Sociological Perspective

The Power of Society to guide our choices in marriage partners

The Sociological Perspective

1.1: Explain how the sociological perspective differs from common sense.

Seeing the General in the Particular

Seeing the Strange in the Familiar

Seeing Society in Our Everyday Lives

Seeing Sociologically: Marginality and Crisis

The Importance of a Global Perspective

1.2: State several reasons that a global perspective is important in today's world.

Applying the Sociological Perspective

1.3: Identify the advantages of sociological thinking for developing public policy, for encouraging personal growth, and for advancing in a career.

Sociology and Public Policy

Sociology and Personal Growth

Careers: The Sociology Advantage

The Origins of Sociology

1.4: Link the origins of sociology to historical social changes.

Social Change and Sociology

Science and Sociology

Sociological Theory

1.5: Summarize sociology's major theoretical approaches.

The Structural-Functional Approach

The Social-Conflict Approach

Feminism and Gender-Conflict Theory

Race-Conflict Theory

The Symbolic-Interaction Approach

Applying the Approaches: The Sociology of Sports

1.6: Apply sociology's major theoretical approaches to the topic of sports.

Table of Contents

The Functions of Sports

Sports and Conflict

Sports as Interaction

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 2: Sociological Investigation

The Power of Society to influence our life chances

Basics of Sociological Investigation

2.1: Explain how scientific evidence often challenges common sense.

Science as One Type of Truth

Common Sense versus Scientific Evidence

Three Ways to Do Sociology

2.2: Describe sociologists three research orientations.

Positivist Sociology

Interpretive Sociology

Critical Sociology

Research Orientations and Theory

Issues Affecting Sociological Research

2.3: Identify the importance of gender and ethics in sociological research.

Gender

Research Ethics

Research Methods

2.4: Explain why a researcher might choose each of sociologists research methods.

Testing a Hypothesis: The Experiment

Asking Questions: Survey Research

In the Field: Participant Observation

Using Available Data: Existing Sources

Research Methods and Theory

Putting It All Together: Ten Steps in Sociological Investigation

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Part II: The Foundations of Society

Chapter 3: Culture

The Power of Society to guide our attitudes on social issues such as abortion

What Is Culture?

3.1: Explain the development of culture as a human strategy for survival.

Culture and Human Intelligence

Culture, Nation, and Society

How Many Cultures?

The Elements of Culture

3.2: Identify common elements of culture.

Symbols

Language

Values and Beliefs

Norms

Ideal and Real Culture

Table of Contents

Material Culture and Technology

New Information Technology and Culture

Cultural Diversity: Many Ways of Life in One World

3.3: Discuss dimensions of cultural difference and cultural change.

High Culture and Popular Culture

Subculture

Multiculturalism

Counterculture

Cultural Change

Ethnocentrism and Cultural Relativism

A Global Culture?

Theories of Culture

3.4: Apply sociologists' macro-level theories to gain greater understanding of culture.

Structural-Functional Theory: The Functions of Culture

Social-Conflict Theory: Inequality and Culture

Feminist Theory: Gender and Culture

Sociobiology: Evolution and Culture

Culture and Human Freedom

3.5: Critique culture as limiting or expanding human freedom.

Culture as Constraint

Culture as Freedom

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 4: Society

The Power of Society to shape access to the Internet

Gerhard Lenski: Society and Technology

4.1: Describe how technological development has shaped the history of human societies.

Hunting and Gathering Societies

Horticultural and Pastoral Societies

Agrarian Societies

Industrial Societies

Postindustrial Societies

The Limits of Technology

Karl Marx: Society and Conflict

4.2: Analyze the importance of class conflict to the historical development of human societies.

Society and Production

Conflict and History

Capitalism and Class Conflict

Capitalism and Alienation

Revolution

Max Weber: The Rationalization of Society

4.3: Demonstrate the importance of ideas to the development of human societies.

Two Worldviews: Tradition and Rationality

Is Capitalism Rational?

Weber's Great Thesis: Protestantism and Capitalism

Rational Social Organization

Emile Durkheim: Society and Function

4.4: Contrast the social bonds typical of traditional and modern societies.

Table of Contents

Structure: Society beyond Ourselves

Function: Society as System

Personality: Society in Ourselves

Modernity and Anomie

Evolving Societies: The Division of Labor

Critical Review: Four Visions of Society

4.5: Summarize the contributions of Lenski, Marx, Weber, and Durkheim to our understanding of social change.

What Holds Societies Together?

How Have Societies Changed?

Why Do Societies Change?

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 5: Socialization

The Power of Society to shape how much television we watch

Social Experience: The Key to Our Humanity

5.1: Describe how social interaction is the foundation of personality.

Human Development: Nature and Nurture

Social Isolation

Understanding Socialization

5.2: Explain six major theories of socialization.

Sigmund Freuds Elements of Personality

Jean Piagets Theory of Cognitive Development

Lawrence Kohlbergs Theory of Moral Development

Carol Gilligans Theory of Gender and Moral Development

George Herbert Meads Theory of the Social Self

Erik H. Eriksons Eight Stages of Development

Agents of Socialization

5.3: Analyze how the family, school, peer groups, and the mass media guide the socialization process.

The Family

The School

The Peer Group

The Mass Media

Socialization and the Life Course

5.4: Discuss how our society organizes human experience into distinctive stages of life.

Childhood

Adolescence

Adulthood

Old Age

Death and Dying

The Life Course: Patterns and Variations

Resocialization: Total Institutions

5.5: Characterize the operation of total institutions.

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 6: Social Interaction in Everyday Life

The Power of Society to guide the way we do social networking

Table of Contents

Social Structure: A Guide to Everyday Living

6.1: Explain how social structure helps us to make sense of everyday situations.

Status

6.2: State the importance of status to social organization.

Status Set

Ascribed and Achieved Status

Master Status

Role

6.3: State the importance of role to social organization.

Role Set

Role Conflict and Role Strain

Role Exit

The Social Construction of Reality

6.4: Describe how we socially construct reality.

The Thomas Theorem

Ethnomethodology

Reality Building: Class and Culture

The Increasing Importance of Social Media

Dramaturgical Analysis: The Presentation of Self

6.5: Apply Goffmans analysis to several familiar situations.

Performances

Nonverbal Communication

Gender and Performances

Idealization

Embarrassment and Tact

Interaction in Everyday Life: Three Applications

6.6: Construct a sociological analysis of three aspects of everyday life: emotions, language, and humor.

Emotions: The Social Construction of Feeling

Language: The Social Construction of Gender

Reality Play: The Social Construction of Humor

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 7: Groups and Organizations

The Power of Society to link people into groups

Social Groups

7.1: Explain the importance of various types of groups to social life.

Primary and Secondary Groups

Group Leadership

Group Conformity

Reference Groups

In-Groups and Out-Groups

Group Size

Social Diversity: Race, Class, and Gender

Networks

Social Media and Networking

Formal Organizations

7.2: Describe the operation of large, formal organizations.

Types of Formal Organizations

Table of Contents

Origins of Formal Organizations
Characteristics of Bureaucracy
Organizational Environment
The Informal Side of Bureaucracy
Problems of Bureaucracy
Oligarchy

The Evolution of Formal Organizations

7.3: Summarize the changes to formal organizations over the course of the last century.

Scientific Management
The First Challenge: Race and Gender
The Second Challenge: The Japanese Work Organization
The Third Challenge: The Changing Nature of Work
The McDonaldization of Society
The Future of Organizations: Opposing Trends

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 8: Sexuality and Society

The Power of Society to shape our attitudes on social issues involving sexuality

Understanding Sexuality

8.1: Describe how sexuality is both a biological and a cultural issue.

Sex: A Biological Issue
Sex and the Body
Sex: A Cultural Issue
The Incest Taboo

Sexual Attitudes in the United States

8.2: Explain changes in sexual attitudes in the United States.

The Sexual Revolution
The Sexual Counterrevolution
Premarital Sex
Sex between Adults
Extramarital Sex
Sex over the Life Course

Sexual Orientation

8.3: Analyze factors that shape sexual orientation.

What Gives Us a Sexual Orientation?
How Many Gay People Are There?
The Gay Rights Movement
Transgender

Sexual Issues and Controversies

8.4: Discuss several current controversies involving sexuality.

Teen Pregnancy
Pornography
Prostitution
Sexual Violence: Rape and Date Rape

Theories of Sexuality

8.5: Apply sociologys major theories to the topic of sexuality.

Structural-Functional Theory
Symbolic-Interaction Theory
Social-Conflict and Feminist Theories

Table of Contents

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 9: Deviance

The Power of Society to affect the odds of being incarcerated for using drugs

What Is Deviance?

9.1: Explain how sociology addresses limitations of a biological or psychological approach to deviance.

Social Control

The Biological Context

Personality Factors

The Social Foundations of Deviance

Structural-Functional Theories: The Functions of Deviance

9.2: Apply structural-functional theories to the topic of deviance.

Durkheims Basic Insight

Mertons Strain Theory

Deviant Subcultures

Symbolic-Interaction Theories: Defining Deviance

9.3: Apply symbolic-interaction theories to the topic of deviance.

Labeling Theory

The Medicalization of Deviance

The Difference Labels Make

Sutherlands Differential Association Theory

Hirschis Control Theory

Theories of Class, Race, and Gender: Deviance and Inequality

9.4: Apply social-conflict theories to the topic of deviance.

Deviance and Power

Deviance and Capitalism

White-Collar Crime

Corporate Crime

Organized Crime

Race-Conflict Theory: Hate Crimes

Feminist Theory: Deviance and Gender

Crime

9.5: Identify patterns of crime in the United States and around the world.

Types of Crime

Criminal Statistics

The Street Criminal: A Profile

Crime in Global Perspective

The U.S. Criminal Justice System

9.6: Analyze the operation of the criminal justice system.

Due Process

Police

Courts

Punishment

The Death Penalty

Community-Based Corrections

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Table of Contents

Part III: Social Inequality

Chapter 10: Social Stratification

The Power of Society to affect life expectancy

What Is Social Stratification?

10.1: Identify four principles that underlie social stratification.

Caste and Class Systems

10.2: Apply the concepts of caste, class, and meritocracy to societies around the world.

The Caste System

The Class System

Caste and Class: The United Kingdom

Another Example: Japan

Classless Societies? The Former Soviet Union

China: Emerging Social Classes

Ideology: Supporting Stratification

10.3: Explain how cultural beliefs justify social inequality.

Plato and Marx on Ideology

Historical Patterns of Ideology

Theories of Social Inequality

10.4: Apply sociologys major theories to the topic of social inequality.

Structural-Functional Theory: The Davis-Moore Thesis

Social-Conflict Theories: Karl Marx and Max Weber

Symbolic-Interaction Theory: Stratification in Everyday Life

Social Stratification: Facts and Values

Social Stratification and Technology: A Global Perspective

10.5: Analyze the link between a societys technology and its social stratification.

Hunting and Gathering Societies

Horticultural, Pastoral, and Agrarian Societies

Industrial Societies

The Kuznets Curve

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 11: Social Class in the United States

The Power of Society to shape our changes of living in poverty

Dimensions of Social Inequality

11.1: Describe the distribution of income and wealth in the United States.

Income

Wealth

Power

Occupational Prestige

Schooling

U.S. Stratification: Merit and Caste

11.2: Explain how someones position at birth affects social standing later in life.

Ancestry

Race and Ethnicity

Gender

Social Classes in the United States

11.3: Describe the various social class positions in U.S. society.

Table of Contents

The Upper Class
The Middle Class
The Working Class
The Lower Class

The Difference Class Makes

11.4: Analyze how social class position affects health, values, politics, and family life.

Health
Values and Attitudes
Politics
Family and Gender

Social Mobility

11.5: Assess the extent of social mobility in the United States.

Research on Mobility
Mobility by Income Level
Mobility: Race, Ethnicity, and Gender
Mobility and Marriage
The American Dream: Still a Reality?
The Global Economy and the U.S. Class Structure

Poverty and the Trend Toward Increasing Inequality

11.6: Discuss patterns of poverty and increasing economic inequality in the United States.

The Extent of Poverty
Who Are the Poor?
Explaining Poverty
The Working Poor
Homelessness
The Trend toward Increasing Inequality
Are the Very Rich Worth the Money?
Can the Rest of Us Get Ahead?

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 12: Global Stratification

The Power of Society to determine a child's chance of survival to age five

Global Stratification: An Overview

12.1: Describe the division of the world into high-, middle-, and low-income countries.

A Word about Terminology
High-Income Countries
Middle-Income Countries
Low-Income Countries

Global Wealth and Poverty

12.2: Discuss patterns and explanations of poverty around the world.

The Severity of Poverty
The Extent of Poverty
Poverty and Children
Poverty and Women
Slavery
Explanations of Global Poverty

Theories of Global Stratification

12.3: Apply sociological theories to the topic of global inequality.

Modernization Theory

Table of Contents

Dependency Theory

The Future of Global Stratification

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 13: Gender Stratification

The Power of Society to guide our life choices

Gender and Inequality

13.1: Describe the ways in which society creates gender stratification.

Male-Female Differences

Gender in Global Perspective

Patriarchy and Sexism

Gender and Socialization

13.2: Explain the importance of gender to socialization.

Gender and the Family

Gender and the Peer Group

Gender and Schooling

Gender and the Mass Media

Gender and Social Stratification

13.3: Analyze the extent of gender inequality in various social institutions.

Working Women and Men

Gender and Unemployment

Gender, Income, and Wealth

Housework: Womens Second Shift

Gender and Education

Gender and Politics

Gender and the Military

Are Women a Minority?

Violence against Women

Violence against Men

Sexual Harassment

Pornography

Theories of Gender

13.4: Apply sociologys major theories to gender stratification.

Structural-Functional Theory

Symbolic-Interaction Theory

Social-Conflict Theory

Intersection Theory

Feminism

13.5: Contrast liberal, radical, and socialist feminism.

Basic Feminist Ideas

Types of Feminism

Public Support for Feminism

Gender: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 14: Race and Ethnicity

Table of Contents

The Power of Society to shape political attitudes

The Social Meaning of Race and Ethnicity

14.1: Explain the social construction of race and ethnicity.

Race

Ethnicity

Minorities

Prejudice and Stereotypes

14.2: Describe the extent and causes of prejudice.

Measuring Prejudice: The Social Distance Scale

Racism

Theories of Prejudice

Discrimination

14.3: Distinguish discrimination from prejudice.

Institutional Prejudice and Discrimination

Prejudice and Discrimination: The Vicious Circle

Majority and Minority: Patterns of Interaction

14.4: Identify examples of pluralism, assimilation, segregation, and genocide.

Pluralism

Assimilation

Segregation

Genocide

Race and Ethnicity in the United States

14.5: Assess the social standing of racial and ethnic categories of U.S. society.

Native Americans

White Anglo-Saxon Protestants

African Americans

Asian Americans

Hispanic Americans/Latinos

Arab Americans

White Ethnic Americans

Race and Ethnicity: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 15: Aging and the Elderly

The Power of Society to shape caregiving for older people

The Graying of the United States

15.1: Explain the increasing share of elderly people in modern societies.

Birth Rate: Going Down

Life Expectancy: Going Up

An Aging Society: Cultural Change

The Young Old and the Old Old

Growing Old: Biology and Culture

15.2: Describe age stratification in global context.

Biological Changes

Psychological Changes

Aging and Culture

Age Stratification: A Global Survey

Transitions and Challenges of Aging

Table of Contents

15.3: Discuss problems related to aging.

- Finding Meaning
- Social Isolation
- Retirement
- Aging and Poverty
- Caregiving
- Ageism
- The Elderly: A Minority?

Theories of Aging

15.4: Apply sociologys major theories to the topic of aging.

- Structural-Functional Theory: Aging and Disengagement
- Symbolic-Interaction Theory: Aging and Activity
- Social-Conflict and Feminist Theories: Aging and Inequality

Death and Dying

15.5: Analyze changing attitudes about the end of life.

- Historical Patterns of Death
- The Modern Separation of Life and Death
- Ethical Issues: Confronting Death
- Bereavement
- Aging: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Part IV: Social Institutions

Chapter 16: The Economy and Work

The Power of Society to shape our choices in jobs

The Economy: Historical Overview

16.1: Summarize historical changes to the economy.

- The Agricultural Revolution
- The Industrial Revolution
- The Information Revolution and Postindustrial Society
- Sectors of the Economy
- The Global Economy

Economic Systems: Paths to Justice

16.2: Assess the operation of capitalist and socialist economies.

- Capitalism
- Socialism
- Welfare Capitalism and State Capitalism
- Relative Advantages of Capitalism and Socialism
- Changes in Socialist and Capitalist Countries

Work in the Postindustrial U.S. Economy

16.3: Analyze patterns of employment and unemployment in the United States.

- The Decline of Agricultural Work
- From Factory Work to Service Work
- The Dual Labor Market
- Labor Unions
- Professions
- Self-Employment
- Unemployment and Underemployment
- The Jobless Recovery

Table of Contents

The Underground Economy

Workplace Diversity: Race and Gender

New Information Technology and Work

Corporations

16.4: Discuss the importance of corporations to the U.S. economy.

Economic Concentration

Conglomerates and Corporate Linkages

Corporations: Are They Competitive?

Corporations and the Global Economy

The Economy: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 17: Politics and Government

The Power of Society to shape voting patterns

Power and Authority

17.1: Distinguish traditional, rational-legal, and charismatic authority.

Traditional Authority

Rational-Legal Authority

Charismatic Authority

Politics in Global Perspective

17.2: Compare monarchy and democracy as well as authoritarian and totalitarian political systems.

Monarchy

Democracy

Authoritarianism

Totalitarianism

A Global Political System?

Politics in the United States

17.3: Analyze economic and social issues using the political spectrum.

U.S. Culture and the Rise of the Welfare State

The Political Spectrum

Special-Interest Groups and Campaign Spending

Voter Apathy

Should Convicted Criminals Vote?

Theories of Power in Society

17.4: Apply the pluralist, power-elite, and Marxist models to the U.S. political system.

The Pluralist Model: The People Rule

The Power-Elite Model: A Few People Rule

The Marxist Model: The System Is Biased

Power beyond the Rules

17.5: Describe causes of both revolution and terrorism.

Revolution

Terrorism

War and Peace

17.6: Identify factors encouraging war or peace.

The Causes of War

Social Class, Gender, and the Military

Is Terrorism a New Kind of War?

The Costs and Causes of Militarism

Table of Contents

Nuclear Weapons
Mass Media and War
Pursuing Peace
Politics: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 18: Families

The Power of Society to affect the odds that a marriage will end in divorce

Families: Basic Concepts and Global Variations

18.1: Describe families and how they differ around the world.

Marriage Patterns
Residential Patterns
Patterns of Descent
Patterns of Authority

Theories of the Family

18.2: Apply sociologys major theories to family life.

Structural-Functional Theory: Functions of the Family
Social-Conflict and Feminist Theories: Inequality and the Family
Micro-Level Theories: Constructing Family Life

Stages of Family Life

18.3: Analyze changes in the family over the life course.

Courtship
Settling In: Ideal and Real Marriage
Child Rearing
The Family in Later Life

U.S. Families: Class, Race, and Gender

18.4: Explain how class, race, and gender shape family life.

Social Class
Ethnicity and Race
Gender

Transitions and Problems in Family Life

18.5: Analyze the effects of divorce, remarriage, and violence on family life.

Divorce
Remarriage and Blended Families
Family Violence

Alternative Family Forms

18.6: Describe the diversity of family life in the United States.

One-Parent Families
Cohabitation
Gay and Lesbian Couples
Singlehood
Extended Family Households
New Reproductive Technologies and Families
Families: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Chapter 19: Religion

Table of Contents

The Power of Society to shape our values and beliefs

Religion: Concepts and Theories

19.1: Apply sociologys major theories to religion.

Religion and Sociology

Structural-Functional Theory: Functions of Religion

Symbolic-Interaction Theory: Constructing the Sacred

Social-Conflict Theory: Inequality and Religion

Feminist Theory: Gender and Religion

Religion and Social Change

19.2: Discuss the links between religion and social change.

Max Weber: Protestantism and Capitalism

Liberation Theology

Types of Religious Organizations

19.3: Distinguish among church, sect, and cult.

Church

Sect

Cult

Religion in History and Around the World

19.4: Contrast religious patterns around the world.

Religion in Preindustrial Societies

Religion in Industrial Societies

World Religions

Christianity

Islam

Judaism

Hinduism

Buddhism

Confucianism

Religion: East and West

Religious Trends in the United States

19.5: Analyze patterns of religiosity in the United States.

Religious Affiliation

Religiosity

Religious Diversity: Class, Ethnicity, and Race

Secularization

Civil Religion

New Age Seekers: Spirituality without Formal Religion

Religious Revival: Good Old-Time Religion

Religion: Looking Ahead

Making the Grade

Chapter 20: Education

The Power of Society to open the door to college

Education: A Global Survey

20.1: Compare schooling in high-, middle-, and low-income societies.

Schooling and Economic Development

Schooling in India

Schooling in Japan

Schooling in Great Britain

Table of Contents

Schooling in the United States

The Functions of Schooling

20.2: Apply structural-functional theory to schooling.

Socialization

Cultural Innovation

Social Integration

Social Placement

Latent Functions of Schooling

Schooling and Social Interaction

20.3: Apply social-interaction theory to schooling.

The Self-Fulfilling Prophecy

Schooling and Social Inequality

20.4: Apply social-conflict theory to schooling.

Social Control

Standardized Testing

School Tracking

Inequality among Schools

Access to Higher Education

Greater Opportunity: Expanding Higher Education

Community Colleges

Privilege and Personal Merit

Problems in the Schools

20.5: Discuss dropping out, violence, and other problems facing today's schools.

Discipline and Violence

Student Passivity

Dropping Out

Academic Standards

Grade Inflation

Current Issues in U.S. Education

20.6: Summarize the debate over the performance of U.S. schools.

School Choice

Home Schooling

Schooling People with Disabilities

Adult Education

The Teacher Shortage

Schooling: Looking Ahead

Seeing Sociology in Everyday Life

Seeing Sociology in Your Everyday Life

Chapter 21: Health and Medicine

The Power of Society to shape patterns of health

What Is Health?

21.1: Explain how patterns of health are shaped by society.

Health and Society

Health: A Global Survey

21.2: Contrast patterns of health in low- and high-income countries.

Health in Low-Income Countries

Health in High-Income Countries

Health in the United States

Table of Contents

21.3: Analyze how race, class, gender, and age are linked to health.

Who Is Healthy? Age, Gender, Class, and Race

Cigarette Smoking

Eating Disorders

Obesity

Sexually Transmitted Diseases

Ethical Issues Surrounding Death

The Medical Establishment

21.4: Compare the medical systems in nations around the world.

The Rise of Scientific Medicine

Holistic Medicine

Paying for Medical Care: A Global Survey

Paying for Medical Care: The United States

The Nursing Shortage

Theories of Health and Medicine

21.5: Apply sociologys major theories to health and medicine.

Structural-Functional Theory: Role Analysis

Symbolic-Interaction Theory: The Meaning of Health

Social-Conflict and Feminist Theories: Inequality and Health

Health and Medicine: Looking Ahead

Part V: Social Change

Chapter 22: Population, Urbanization, and Environment

The Power of Society to shape our view of global warming

Demography: The Study of Population

22.1: Explain the concepts of fertility, mortality, and migration, and how they affect population size.

Fertility

Mortality

Migration

Population Growth

Population Composition

History and Theory of Population Growth

22.2: Analyze population trends using Malthusian theory and demographic transition theory.

Malthusian Theory

Demographic Transition Theory

Global Population Today: A Brief Survey

Urbanization: The Growth of Cities

22.3: Summarize patterns of urbanization in the United States and around the world.

The Evolution of Cities

The Growth of U.S. Cities

Suburbs and Urban Decline

Postindustrial Sunbelt Cities

Megalopolis: The Regional City

Edge Cities

Changes to Rural Areas

Urbanism as a Way of Life

22.4: Identify the contributions of Tönnies, Durkheim, Simmel, Park, Wirth, and Marx to our understanding of urban life.

Table of Contents

Ferdinand Tönnies: Gemeinschaft and Gesellschaft
Emile Durkheim: Mechanical and Organic Solidarity
Georg Simmel: The Blasé Urbanite
The Chicago School: Robert Park and Louis Wirth
Urban Ecology
Urban Political Economy

Urbanization in Poor Nations

22.5: Describe the third urban revolution now under way in poor societies.

Environment and Society

22.6: Analyze current environmental problems such as pollution and global warming.

The Global Dimension
Technology and the Environmental Deficit
Culture: Growth and Limits
Solid Waste: The Disposable Society
Water and Air
The Rain Forests
Global Climate Change
Declining Biodiversity
Environmental Racism
Toward a Sustainable Society and World

Chapter 23: Collective Behavior and Social Movements

The Power of Society to encourage or discourage participation in social movements

Studying Collective Behavior

23.1: Distinguish various types of collective behavior.

Localized Collectivities: Crowds

23.2: Identify five types of crowds and three explanations of crowd behavior.

Mobs and Riots
Crowds, Mobs, and Social Change
Theories of Crowd Behavior

Dispersed Collectivities: Mass Behavior

23.3: Describe rumor, disasters, and other types of mass behavior.

Rumor and Gossip
Public Opinion and Propaganda
Fashions and Fads
Panic and Mass Hysteria
Disasters

Social Movements

23.4: Analyze the causes and consequences of social movements.

Types of Social Movements
Claims Making
Explaining Social Movements
Gender and Social Movements
Stages in Social Movements
Social Movements and Social Change
Social Movements: Looking Ahead

Seeing Sociology in Everyday Life

Table of Contents

Seeing Sociology in Your Everyday Life

Making the Grade

Chapter 24: Social Change: Traditional, Modern, and Postmodern Societies

The Power of Society to shape our view of science

What Is Social Change?

24.1: State four defining characteristics of social change.

Causes of Social Change

24.2: Explain how culture, conflict, ideas, and population patterns direct social change.

Culture and Change

Conflict and Change

Ideas and Change

Demographic Change

Visions of Modernity

24.3: Apply the ideas of Tönnies, Durkheim, Weber, and Marx to our understanding of modernity.

Four Dimensions of Modernization

Ferdinand Tönnies: The Loss of Community

Emile Durkheim: The Division of Labor

Max Weber: Rationalization

Karl Marx: Capitalism

Theories of Modernity

24.4: Contrast analysis of modernity as mass society and as class society.

Structural-Functional Theory: Modernity as Mass Society

Social-Conflict Theory: Modernity as Class Society

Modernity and the Individual

Modernity and Progress

Modernity: Global Variation

Postmodernity

24.5: Discuss postmodernism as one type of social criticism.

Modernization and Our Global Future

24.6: Evaluate possible directions of future social change.
