Problems

Working with the Data

Chapter 6 Search and Unemployment

Table of Contents

Labor Market Facts

Macroeconomics in Action: Unemployment and Employment in the United States
and Europe

A One-Sided Search Model of Unemployment

A Two-Sided Model of Search and Unemployment

Working with the Two-Sided Search Model

Macroeconomics in Action: Unemployment Insurance and Incentives

Theory Confronts the Data: Productivity, Unemployment, and Real GDP in the
United States and Canada: The 20082009 Recession

Macroeconomics in Action: The Natural Rate of Unemployment and the
20082009 Recession

Chapter Summary

Key Terms

Questions for Review

Problems

Working with the Data

PART III Economic Growth

Chapter 7 Economic Growth: Malthus and Solow

Economic Growth Facts

The Malthusian Model of Economic Growth

The Solow Model: Exogenous Growth

Theory Confronts the Data: The Solow Growth Model, Investment Rates, and
Population Growth

Macroeconomics in Action: Resource Misallocation and Total Factor
Productivity

Macroeconomics in Action: Recent Trends in Economic Growth in the United
States

Growth Accounting

Macroeconomics in Action: Development Accounting

Chapter Summary

Key Terms

Table of Contents

Questions for Review

Problems

Working with the Data

Chapter 8 Income Disparity Among Countries and Endogenous Growth

Convergence

Theory Confronts the Data: Is Income Per Worker Converging in the World?

Macroeconomics in Action: Measuring Economic Welfare: Per Capita Income,
Income Distribution, Leisure, and Longevity

Endogenous Growth: A Model of Human Capital Accumulation

Macroeconomics in Action: Education and Growth

Chapter Summary

Key Terms

Questions For Review

Problems

Working with the Data

PART IV Savings, Investment, and Government Deficits

Chapter 9 A Two-Period Model: The Consumption Savings Decision and Credit Markets

A Two-Period Model of the Economy

Theory Confronts the Data: Consumption Smoothing and the Stock Market

The Ricardian Equivalence Theorem

Macroeconomics in Action: Default on Government Debt

Chapter Summary

Key Terms

Questions for Review

Problems

Working with the Data

Chapter 10 Credit Market Imperfections: Credit Frictions, Financial Crises, and Social Security

Credit Market Imperfections and Consumption

Credit Market Imperfections, Asymmetric Information, and the Financial Crisis

Table of Contents

Theory Confronts the Data: Asymmetric Information and Interest Rate Spreads

Credit Market Imperfections, Limited Commitment, and the Financial Crisis

Social Security Programs

Theory Confronts the Data: The Housing Market, Collateral, and Consumption
