EDITION

Kozier & Erb's

# Fundamentals of Nursing

*Concepts, Process, and Practice*

ELEVENTH EDITION

Audrey Berman • Shirlee Snyder • Geralyn Frandsen

Kozier & Erb's

*Eleventh Edition  
Global Edition*

# Fundamentals of Nursing

*Concepts, Process, and Practice*

**Audrey Berman, PhD, RN**

Professor, School of Nursing

Samuel Merritt University  
Oakland, California

**Shirlee J. Snyder, EdD, RN**

Retired Dean and Professor, Nursing

Nevada State College  
Henderson, Nevada

**Geralyn Frandsen, EdD, RN**

Professor of Nursing

Maryville University  
St. Louis, Missouri

Preface

Unit 1: The Nature of Nursing

Chapter 1: Historical and Contemporary Nursing Practice

Introduction

Historical Perspectives

Women's Roles

Men's Roles

Religion

War

Societal Attitudes

Nursing Leaders

Nursing Education

Types of Education Programs

Nursing Theories

Continuing Education

Contemporary Nursing Practice

Definitions of Nursing

Recipients of Nursing

Scope of Nursing

Settings for Nursing

Nurse Practice Acts

Standards of Nursing Practice

# **Table of Contents**

## **Roles and Functions of the Nurse**

- Caregiver
- Communicator
- Teacher
- Client Advocate
- Counselor
- Change Agent
- Leader
- Manager
- Case Manager
- Research Consumer
- Expanded Career Roles

## **Criteria of a Profession**

- Specialized Education
- Body of Knowledge
- Service Orientation
- Ongoing Research
- Code of Ethics
- Autonomy
- Professional Organization

## **Professional Identity Formation**

## **Factors Influencing Contemporary Nursing Practice**

- Nursing Workforce Issues and Challenges
- Healthcare System Reform
- Quality and Safety in Healthcare
- Consumer Demands
- Family Structure
- Science and Technology
- Internet, Telehealth, and Telenursing
- Legislation
- Collective Bargaining
- Nursing Associations

## **Nursing Organizations**

## **Chapter 2: Evidence-Based Practice and Research in Nursing**

### **Introduction**

### **Evidence-Based Practice**

### **Nursing Research**

- Approaches to Nursing Research
- Overview of the Research Process
- Research-Related Roles and Responsibilities for Nurses

## **Chapter 3: Legal Aspects of Nursing**

# **Table of Contents**

## Introduction

## General Legal Concepts

- Functions of the Law in Nursing
- Sources of Law
- Types of Laws
- Kinds of Legal Actions
- The Civil Judicial Process
- Nurses as Witnesses

## Regulation of Nursing Practice

- Nurse Practice Acts
- Credentialing
- Standards of Care

## Contractual Arrangements in Nursing

- Legal Roles of Nurses
- Collective Bargaining

## Selected Legal Aspects of Nursing Practice

- Informed Consent
- Delegation
- Violence, Abuse, and Neglect
- Discrimination
- Controlled Substances
- Substance Use Disorder in Nursing
- Sexual Harassment
- Abortions
- Death and Related Issues

## Areas of Potential Liability in Nursing

- Crimes and Torts
- Privacy of Clients' Health Information
- Social Media
- Loss of Client Property
- Unprofessional Conduct

## Legal Protections in Nursing Practice

- Good Samaritan Acts
- Professional Liability Insurance
- Carrying Out a Physician's Orders
- Providing Competent Nursing Care
- Documentation
- The Incident Report

## Reporting Crimes, Torts, and Unsafe Practices

## Legal Responsibilities of Students

## Chapter 4: Values, Ethics, and Advocacy

# **Table of Contents**

## Introduction

### Values

Values Transmission

Values Clarification

### Ethics and Morality

Moral Development

Moral Frameworks

Moral Principles

### Nursing Ethics

Nursing Codes of Ethics

Origins of Ethical Problems in Nursing

Making Ethical Decisions

Strategies to Enhance Ethical Decisions and Practice

### Specific Ethical Issues

AIDS

Abortion

Organ and Tissue Transplantation

End-of-Life Issues

Allocation of Scarce Health Resources

Management of Personal Health Information

### Advocacy

The Advocate's Role

## Unit 2: Contemporary Healthcare

### Chapter 5: Healthcare Delivery Systems

#### Introduction

#### Types of Healthcare Services

Primary Prevention: Health Promotion and Illness Prevention

Secondary Prevention: Diagnosis and Treatment

Tertiary Prevention: Rehabilitation, Health Restoration, and Palliative Care

#### Types of Healthcare Agencies and Services

Public Health

Physicians' Offices

Ambulatory Care Centers

Occupational Health Clinics

Hospitals

Subacute Care Facilities

Extended (Long-Term) Care Facilities

Retirement and Assisted Living Centers

Rehabilitation Centers

Home Healthcare Agencies

# **Table of Contents**

Day Care Centers

Rural Care

Hospice Services

Crisis Centers

Mutual Support and Self-Help Groups

## **Providers of Healthcare**

Nurse

Alternative (Complementary) Care Provider

Assistive Personnel

Case Manager

Dentist

Dietitian or Nutritionist

Emergency Medical Personnel

Occupational Therapist

Paramedical Technologist

Pharmacist

Physical Therapist

Physician

Physician Assistant

Podiatrist

Respiratory Therapist

Social Worker

Spiritual Support Personnel

## **Factors Affecting Healthcare Delivery**

Increasing Number of Older Adults

Advances in Technology

Economics

Women's Health

Uneven Distribution of Services

Access to Health Insurance

The Homeless and the Poor

Health Insurance Portability and Accountability Act

Demographic Changes

## **Frameworks for Care**

Managed Care

Case Management

Differentiated Practice

Case Method

Functional Method

Team Nursing

Primary Nursing

# **Table of Contents**

## Financing Healthcare

Payment Sources in the United States

Insurance Plans

## Chapter 6: Community Nursing and Care Continuity

### Introduction

### The Movement of Healthcare to the Community

Primary Healthcare and Primary Care

### Community-Based Healthcare

### Community Health

Community-Based Frameworks

Community-Based Settings

### Community-Based Nursing

Competencies Required for Community-Based Care

Collaborative Healthcare

### Continuity of Care

Care Across the Lifespan

Discharge Planning

Preparing Clients to Go Home

Medication Reconciliation

Home Healthcare Teaching

Referrals

## Chapter 7: Home Health Nursing Care

### Introduction

### Home Health Nursing Care

Unique Aspects of Home Health Nursing Care

### The Home Healthcare System

Referral Process

Home Healthcare Agencies

Private Duty Agencies

Durable Medical Equipment Companies

Reimbursement

### Roles of the Home Healthcare Nurse

Advocate

Caregiver

Educator

Case Manager or Coordinator

### Perspectives of Home Healthcare Clients

### Selected Dimensions of Home Healthcare Nursing

Client Safety

Home Healthcare Nurse Safety

# **Table of Contents**

Infection Prevention

Caregiver Support

## **The Practice of Home Health Nursing Care**

Establishing Health Issues

Planning and Delivering Care

Resources for Home Healthcare Nursing

## **The Future of Home Healthcare**

## **Chapter 8: Electronic Health Records and Information Technology**

Introduction

General Concepts

Computer Systems

Management Information Systems

Hospital Information Systems

Technology in Nursing Education

Teaching and Learning

Testing

Student and Course Record Management

Technology in Nursing Practice

Documentation of Client Status and Medical Record Keeping

Electronic Access to Client Data

Practice Management

Specific Applications of Computers in Nursing Practice

Technology in Nursing Administration

Human Resources

Medical Records Management

Facilities Management

Budget and Finance

Quality Improvement and Utilization Review

Accreditation

Data Mining

Technology in Nursing Research

Problem Identification

Literature Review

Research Design

Data Collection and Analysis

Research Dissemination

Research Grants

## **Unit 3: The Nursing Process**

### **Chapter 9: Critical Thinking and Clinical Reasoning**

# **Table of Contents**

Introduction

Purpose of Critical Thinking

Techniques of Critical Thinking

Applying Critical Thinking to Nursing Practice

Problem-Solving

Attitudes That Foster Critical Thinking

Independence

Fair-Mindedness

Insight into Egocentricity

Intellectual Humility

Intellectual Courage to Challenge the Status Quo and Rituals

Integrity

Perseverance

Confidence

Curiosity

Components of Clinical Reasoning

Setting Priorities

Developing Rationales

Learning How to Act

Clinical Reasoning-in-Transition

Responding to Changes in the Client's Condition

Reflection

Integration of Critical Thinking and Clinical Reasoning

Concept Mapping

Concept Mapping and Enhancing Critical Thinking and Clinical Reasoning

## **Chapter 10: Assessing**

Introduction

Overview of the Nursing Process

Phases of the Nursing Process

Characteristics of the Nursing Process

Assessing

Collecting Data

Types of Data

Sources of Data

Data Collection Methods

Organizing Data

Conceptual Models and Frameworks

Wellness Models

Nonnursing Models

Validating Data

# **Table of Contents**

Documenting Data

## **Chapter 11: Diagnosing**

Introduction

Nursing Diagnoses

Definitions

Status of the Nursing Diagnoses

Components of a Nursing Diagnosis

Differentiating Nursing Diagnoses from Medical Diagnoses

Differentiating Nursing Diagnoses from Collaborative Problems

The Diagnostic Process

Analyzing Data

Identifying Health Problems, Risks, and Strengths

Formulating Diagnostic Statements

Avoiding Errors in Diagnostic Reasoning

## **Chapter 12: Planning**

Introduction

Types of Planning

Initial Planning

Ongoing Planning

Discharge Planning

Developing Nursing Care Plans

Standardized Approaches to Care Planning

Formats for Nursing Care Plans

Multidisciplinary (Collaborative) Care Plans

Guidelines for Writing Nursing Care Plans

The Planning Process

Setting Priorities

Establishing Client Goals or Desired Outcomes

Selecting Nursing Interventions and Activities

Writing Individualized Nursing Interventions

Delegating Implementation

The Nursing Interventions Classification

## **Chapter 13: Implementing and Evaluating**

Introduction

Implementing

Relationship of Implementing to Other Nursing Process Phases

Implementing Skills

Process of Implementing

Evaluating

# **Table of Contents**

Relationship of Evaluating to Other Nursing Process Phases

Process of Evaluating Client Responses

Evaluating the Quality of Nursing Care

## **Chapter 14: Documenting and Reporting**

Introduction

Ethical and Legal Considerations

Ensuring Confidentiality of Computer Records

Purposes of Client Records

Communication

Planning Client Care

Auditing Health Agencies

Research

Education

Reimbursement

Legal Documentation

Healthcare Analysis

Documentation Systems

Source-Oriented Record

Problem-Oriented Medical Record

PIE

Focus Charting

Charting by Exception

Computerized Documentation

Case Management

Documenting Nursing Activities

Admission Nursing Assessment

Nursing Care Plans

Kardexes

Flow Sheets

Progress Notes

Nursing Discharge and Referral Summaries

Long-Term Care Documentation

Home Care Documentation

General Guidelines for Recording

Date and Time

Timing

Legibility

Permanence

Accepted Terminology

Correct Spelling

Signature

# Table of Contents

- Accuracy
- Sequence
- Appropriateness
- Completeness
- Conciseness
- Legal Prudence

## Reporting

- Change-of-Shift Reports
- Telephone Reports
- Telephone and Verbal Orders
- Care Plan Conference
- Nursing Rounds

## Unit 4: Integral Aspects of Nursing

### Chapter 15: Caring

- Introduction

#### Professionalization of Caring

- Caring as "Helping the Other Grow"

#### Types of Knowledge in Nursing

- Empirical Knowing: The Science of Nursing
- Personal Knowing: The Therapeutic Use of Self
- Ethical Knowing: The Moral Component
- Aesthetic Knowing: The Art of Nursing
- Developing Ways of Knowing

#### Nursing Theories of Caring

- Caring, the Human Mode of Being (Roach)
- Theory of Human Care (Watson)
- Theory of Caring (Swanson)

#### Caring Encounters

- Knowing the Client
- Nursing Presence
- Empowering the Client
- Compassion
- Competence

#### Maintaining Caring Practice

- Caring for Self
- Reflection on Practice

### Chapter 16: Communicating

- Introduction

#### Communicating

- The Communication Process

# **Table of Contents**

- Modes of Communication
- Factors Influencing the Communication Process
- Therapeutic Communication
- Barriers to Communication

## **The Helping Relationship**

- Phases of the Helping Relationship
- Developing Helping Relationships

## **Communication and the Nursing Process**

## **Communication Among Health Professionals**

- Disruptive Behaviors
- Responding to Disruptive Behaviors
- Nurse and Physician Communication

## **Chapter 17: Teaching**

### **Introduction**

### **Teaching**

- Teaching Clients and Their Families
- Teaching in the Community
- Teaching Health Personnel

### **Learning**

- Learning Domains
- Learning Theories
- Factors Affecting Learning

### **Technology and Health Information**

- Online Health Information
- Older Adults and Use of the Internet
- Implications

### **Nurse as Educator**

## **Chapter 18: Leading, Managing, and Delegating**

### **Introduction**

### **The Nurse as Leader and Manager**

### **Leadership**

- Leadership Theory
- Effective Leadership

### **Management**

- Levels of Management
- Management Functions
- Principles of Management
- Skills and Competencies of Nurse Managers

### **The Nurse as Delegator**

# **Table of Contents**

## **Unit 5: Health Beliefs and Practices**

### **Chapter 19: Health Promotion**

Introduction

Individual Health

Concept of Individuality

Concept of Holism

Concept of Homeostasis

Assessing the Health of Individuals

Applying Theoretical Frameworks

Needs Theories

Developmental Stage Theories

Healthy People 2020

Healthy People 2030

Defining Health Promotion

Sites for Health Promotion Activities

Health Promotion Model

Individual Characteristics and Experiences

Behavior-Specific Cognitions and Affect

Commitment to a Plan of Action

Immediate Competing Demands and Preferences

Behavioral Outcome

Stages of Health Behavior Change

Precontemplation Stage

Contemplation Stage

Preparation Stage

Action Stage

Maintenance Stage

Termination Stage

The Nurse's Role in Health Promotion

The Nursing Process and Health Promotion

### **Chapter 20: Health, Wellness, and Illness**

Introduction

Concepts of Health, Wellness, and Well-Being

Health

Wellness and Well-Being

Models of Health and Wellness

Clinical Model

Role Performance Model

Adaptive Model

# **Table of Contents**

Eudaimonistic Model

AgentHostEnvironment Model

HealthIllness Scales

## **Variables Influencing Health Status, Beliefs, and Behaviors**

Internal Variables

External Variables

## **Health Belief Models**

Health Locus of Control Model

Rosenstock and Becker's Health Belief Model

## **Healthcare Adherence**

## **Illness and Disease**

Illness Behaviors

Effects of Illness

## **Chapter 21: Culturally Responsive Nursing Care**

Introduction

Cultural Concepts

Health Disparities

Demographics

Immigration

## **Cultural Models of Nursing Care**

American Association of Colleges of Nursing Competencies

Cultural Competence

HEALTH Traditions Model

## **Providing Culturally Responsive Care**

Health Beliefs and Practices

Family Patterns

Communication Style

Space Orientation

Time Orientation

Nutritional Patterns

## **Chapter 22: Complementary and Alternative Healing Modalities**

Introduction

## **Basic Concepts**

Holism

Humanism

Balance

Spirituality

Energy

Healing Environments

## **Healing Modalities**

# Table of Contents

Systematized Healthcare Practices

Botanical Healing

Nutritional Therapy

Manual Healing Methods

MindBody Therapies

Spiritual Therapy

Miscellaneous Therapies

## Unit 6: Lifespan Development

### Chapter 23: Concepts of Growth and Development

Introduction

Factors Influencing Growth and Development

Genetics

Temperament

Family

Nutrition

Environment

Health

Culture

Stages of Growth and Development

Growth and Development Theories

Biophysical Theory

Psychosocial Theories

Temperament Theories

Attachment Theory

Cognitive Theory

Behaviorist Theory

Social Learning Theories

Ecologic Systems Theory

Theories of Moral Development

Theories of Spiritual Development

Applying Growth and Development Concepts to Nursing Practice

### Chapter 24: Promoting Health from Conception Through Adolescence

Introduction

Conception and Prenatal Development

Health Promotion

Neonates and Infants (Birth to 1 Year)

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

# Table of Contents

Health Risks

Health Assessment and Promotion

## Toddlers (1 to 3 Years)

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

Spiritual Development

Health Risks

Health Assessment and Promotion

## Preschoolers (4 and 5 Years)

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

Spiritual Development

Health Risks

Health Assessment and Promotion

## School-Age Children (6 to 12 Years)

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

Spiritual Development

Health Risks

Health Assessment and Promotion

## Adolescents (12 to 18 Years)

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

Spiritual Development

Health Risks

Health Assessment and Promotion

## Chapter 25: Promoting Health in Young and Middle-Aged Adults

Introduction

### Young Adults (20 to 40 Years)

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

# **Table of Contents**

Spiritual Development

Health Risks

Health Assessment and Promotion

## **Middle-Aged Adults (40 to 65 Years)**

Physical Development

Psychosocial Development

Cognitive Development

Moral Development

Spiritual Development

Health Risks

Health Assessment and Promotion

## **Chapter 26: Promoting Health in Older Adults**

Introduction

### **Characteristics of Older Adults in the United States**

Demographics

Socioeconomic

Ethnicity

Health

### **Attitudes Toward Aging**

Ageism

Myths and Stereotypes

### **Gerontological Nursing**

Development

Roles

### **Care Settings for Older Adults**

Acute Care Facilities

Long-Term Care Facilities

Hospice

Rehabilitation

Community

### **Physiologic Aging**

Integumentary

Neuromuscular

Sensory-Perceptual

Pulmonary

Cardiovascular

Gastrointestinal

Urinary

Genitals

Psychosocial Aging

Retirement

# Table of Contents

- Economic Change
- Grandparenting
- Relocation
- Maintaining Independence and Self-Esteem
- Facing Death and Grieving

## Cognitive Abilities and Aging

- Perception
- Cognitive Agility
- Memory
- Learning

## Moral Reasoning

## Spirituality and Aging

## Health Problems

- Injuries
- Chronic Disabling Illness
- Drug Abuse and Misuse
- Alcoholism
- Dementia
- Mistreatment of Older Adults

## Health Assessment and Promotion

## Chapter 27: Promoting Family Health

### Introduction

### Family Health

- Functions of the Family
- Types of Families in Today's Society

### Applying Theoretical Frameworks to Families

- Systems Theory
- StructuralFunctional Theory

## Unit 7: Assessing Health

### Chapter 28: Vital Signs

#### Introduction

#### Body Temperature

- Regulation of Body Temperature
- Factors Affecting Body Temperature
- Alterations in Body Temperature
- Assessing Body Temperature
- Skill 28.1 Assessing Body Temperature

#### Pulse

- Factors Affecting the Pulse

# **Table of Contents**

Pulse Sites

Assessing the Pulse

Skill 28.2 Assessing a Peripheral Pulse

Apical Pulse Assessment

Skill 28.3 Assessing an Apical Pulse

Skill 28.4 Assessing an Apical-Radial Pulse

## **Respirations**

Mechanics and Regulation of Breathing

Assessing Respirations

Factors Affecting Respirations

Skill 28.5 Assessing Respirations

## **Blood Pressure**

Determinants of Blood Pressure

Factors Affecting Blood Pressure

Hypertension

Hypotension

Assessing Blood Pressure

Common Errors in Assessing Blood Pressure

Skill 28.6 Assessing Blood Pressure

## **Oxygen Saturation**

Factors Affecting Oxygen Saturation Readings

Skill 28.7 Assessing Oxygen Saturation

## **Chapter 29: Health Assessment**

### **Introduction**

### **Physical Health Assessment**

Preparing the Client

Preparing the Environment

Positioning

Draping

Instrumentation

Methods of Examining

### **General Survey**

Appearance and Mental Status

Skill 29.1 Assessing Appearance and Mental Status

Vital Signs

Height and Weight

### **Integument**

Skin

Skill 29.2 Assessing the Skin

Hair

Skill 29.3 Assessing the Hair

# **Table of Contents**

Nails

Skill 29.4 Assessing the Nails

## **Head**

Skull and Face

Skill 29.5 Assessing the Skull and Face

Eyes and Vision

Skill 29.6 Assessing the Eye Structures and Visual Acuity

Ears and Hearing

Skill 29.7 Assessing the Ears and Hearing

Nose and Sinuses

Skill 29.8 Assessing the Nose and Sinuses

Mouth and Oropharynx

Skill 29.9 Assessing the Mouth and Oropharynx

## **Neck**

## **Thorax and Lungs**

Chest Landmarks

Skill 29.10 Assessing the Neck

Chest Shape and Size

Breath Sounds

Skill 29.11 Assessing the Thorax and Lungs

## **Cardiovascular and Peripheral Vascular Systems**

Heart

Central Vessels

Skill 29.12 Assessing the Heart and Central Vessels

Peripheral Vascular System

Skill 29.13 Assessing the Peripheral Vascular System

## **Breasts and Axillae**

Skill 29.14 Assessing the Breasts and Axillae

## **Abdomen**

Skill 29.15 Assessing the Abdomen

## **Musculoskeletal System**

Skill 29.16 Assessing the Musculoskeletal System

## **Neurologic System**

Mental Status

Level of Consciousness

Cranial Nerves

Reflexes

Motor Function

Sensory Function

Skill 29.17 Assessing the Neurologic System

## **Female Genitals and Inguinal Area**

# **Table of Contents**

Skill 29.18 Assessing the Female Genitals and Inguinal Area

## **Male Genitals and Inguinal Area**

Skill 29.19 Assessing the Male Genitals and Inguinal Area

## **Anus**

Skill 29.20 Assessing the Anus

## **Chapter 30: Pain Assessment and Management**

### **Introduction**

### **The Nature of Pain**

Types of Pain

Concepts Associated with Pain

### **Physiology of Pain**

Nociception

Pain Management Models and Theories

Responses to Pain

### **Factors Affecting the Pain Experience**

Ethnic and Cultural Values

Developmental Stage

Environment and Support People

Previous Pain Experiences

Meaning of Pain

Emotional Responses to Pain

Skill 30.1 Providing a Back Massage

## **Unit 8: Integral Components of Client Care**

### **Chapter 31: Asepsis and Infection Prevention**

#### **Introduction**

#### **Types of Infections**

Nosocomial and Healthcare-Associated Infections

#### **Chain of Infection**

Etiologic Agent

Reservoir

Portal of Exit from Reservoir

Method of Transmission

Portal of Entry to the Susceptible Host

Susceptible Host

#### **Body Defenses Against Infection**

Nonspecific Defenses

Specific Defenses

#### **Factors Increasing Susceptibility to Infection**

#### **Nursing Management**

# **Table of Contents**

Skill 31.1 Performing Hand Washing

Skill 31.2 Applying and Removing Personal Protective Equipment (Gloves, Gown, Mask, Eyewear)

Skill 31.3 Establishing and Maintaining a Sterile Field

Skill 31.4 Applying and Removing Sterile Gloves (Open Method)

Evaluating

## **Chapter 32: Safety**

Introduction

Factors Affecting Safety

Age and Development

Lifestyle

Mobility and Health Status

Sensory/Perceptual Alterations

Cognitive Awareness

Emotional State

Ability to Communicate

Safety Awareness

Environmental Factors

Nursing Management

Skill 32.1 Using a Bed or Chair Exit Safety Monitoring Device

Skill 32.2 Implementing Seizure Precautions

Skill 32.3 Applying Restraints

## **Chapter 33: Hygiene**

Introduction

Hygienic Care

Skin

Nursing Management

Skill 33.1 Bathing an Adult Client

Skill 33.2 Providing Perineal-Genital Care

Feet

Developmental Variations

Nursing Management

Skill 33.3 Providing Foot Care

Nails

Nursing Management

Mouth

Developmental Variations

Nursing Management

Skill 33.4 Brushing and Flossing the Teeth

Skill 33.5 Providing Special Oral Care for the Unconscious or Debilitated Client

Hair

# **Table of Contents**

Developmental Variations

## **Nursing Management**

Skill 33.6 Providing Hair Care

## **Eyes**

## **Nursing Management**

## **Ears**

Cleaning the Ears

Care of Hearing Aids

Skill 33.7 Removing, Cleaning, and Inserting a Hearing Aid

## **Nose**

## **Supporting a Hygienic Environment**

Environment

Hospital Beds

Mattresses

Side Rails

Footboard or Footboot

Intravenous Rods

## **Making Beds**

Unoccupied Bed

Skill 33.8 Changing an Unoccupied Bed

Changing an Occupied Bed

Skill 33.9 Changing an Occupied Bed

## **Chapter 34: Diagnostic Testing**

### **Introduction**

### **Diagnostic Testing Phases**

Pretest

Intratest

Posttest

Nursing Diagnoses

### **Blood Tests**

Complete Blood Count

Serum Electrolytes

Serum Osmolality

Drug Monitoring

Arterial Blood Gases

Blood Chemistry

Metabolic Screening

Capillary Blood Glucose

Skill 34.1 Obtaining a Capillary Blood Specimen to Measure Blood Glucose

### **Specimen Collection and Testing**

# **Table of Contents**

Stool Specimens

Urine Specimens

Skill 34.2 Collecting a Urine Specimen for Culture and Sensitivity by Clean Catch

Sputum Specimens

Throat Culture

## **Visualization Procedures**

Clients with Gastrointestinal Alterations

Clients with Urinary Alterations

Clients with Cardiopulmonary Alterations

Computed Tomography

Magnetic Resonance Imaging

Nuclear Imaging Studies

## **Aspiration and Biopsy**

Lumbar Puncture

Abdominal Paracentesis

Thoracentesis

Bone Marrow Biopsy

Liver Biopsy

## **Chapter 35: Medication Administration**

Introduction

Drug Standards

Legal Aspects of Drug Administration

Effects of Drugs

Drug Misuse

Actions of Drugs on the Body

Pharmacodynamics

Pharmacokinetics

Factors Affecting Medication Action

Developmental Factors

Gender

Genetic and Cultural Factors

Diet

Environment

Psychologic Factors

Illness and Disease

Time of Administration

Medication Orders

Types of Medication Orders

Essential Parts of a Medication Order

Communicating a Medication Order

# **Table of Contents**

## **Systems of Measurement**

- Metric System
- Household System
- Converting Units of Weight and Measure
- Methods of Calculating Dosages

## **Routes of Administration**

- Oral
- Sublingual
- Buccal
- Parenteral
- Topical

## **Routes for Opioid Delivery**

- Oral
- Transnasal
- Transdermal
- Transmucosal
- Rectal
- Subcutaneous
- Intramuscular
- Intravenous
- Intraspinal
- Continuous Local Anesthetics

## **Administering Medications Safely**

- Medication Administration Errors
- Medication Reconciliation
- Medication Dispensing Systems
- Process of Administering Medications
- Developmental Considerations

## **Oral Medications**

- Skill 35.1 Administering Oral Medications

## **Nasogastric and Gastrostomy Medications**

## **Parenteral Medications**

- Equipment
- Preparing Injectable Medications
- Skill 35.2 Preparing Medications from Ampules
- Skill 35.3 Preparing Medications from Vials
- Skill 35.4 Mixing Medications Using One Syringe
- Intradermal Injections
- Skill 35.5 Administering an Intradermal Injection for Skin Tests
- Subcutaneous Injections
- Skill 35.6 Administering a Subcutaneous Injection

# **Table of Contents**

Intramuscular Injections

Skill 35.7 Administering an Intramuscular Injection

Intravenous Medications

Skill 35.8 Administering Intravenous Medications Using IV Push

Topical Medications

Skill 35.9 Administering Ophthalmic Instillations

Skill 35.10 Administering Otic Instillations

Skill 35.11 Administering Vaginal Instillations

Inhaled Medications

Irrigations

## **Chapter 36: Skin Integrity and Wound Care**

Introduction

Skin Integrity

Types of Wounds

Pressure Injuries

Etiology of Pressure Injuries

Risk Factors

Stages of Pressure Injuries

Risk Assessment Tools

Wound Healing

Types of Wound Healing

Phases of Wound Healing

Types of Wound Exudate

Complications of Wound Healing

Factors Affecting Wound Healing

Nursing Management

Skill 36.1 Cleaning a Sutured Wound and Dressing a Wound with a Drain

Skill 36.2 Irrigating a Wound

Skill 36.3 Obtaining a Wound Drainage Specimen for Culture

## **Chapter 37: Perioperative Nursing**

Introduction

Types of Surgery

Purpose

Degree of Urgency

Degree of Risk

Preoperative Phase

Preoperative Consent

Nursing Management

Skill 37.1 Teaching Moving, Leg Exercises, Deep Breathing, and Coughing

Skill 37.2 Applying Antiemboli Stockings

# Table of Contents

## Intraoperative Phase

Types of Anesthesia

## Nursing Management

## Postoperative Phase

Immediate Postanesthetic Phase

Preparing for Ongoing Care of the Postoperative Client

## Nursing Management

Skill 37.3 Managing Gastrointestinal Suction

## Unit 9: Promoting Psychosocial Health

### Chapter 38: Sensory Perception

Introduction

Components of the Sensory Experience

Arousal Mechanism

Factors Affecting Sensory Function

Developmental Stage

Culture

Stress

Medications and Illness

Lifestyle and Personality

Sensory Alterations

Sensory Deprivation

Sensory Overload

Sensory Deficits

Nursing Management

### Chapter 39: Self-Concept

Introduction

Self-Concept

Formation of Self-Concept

Components of Self-Concept

Personal Identity

Body Image

Role Performance

Self-Esteem

Factors That Affect Self-Concept

Stage of Development

Family and Culture

Stressors

Resources

History of Success and Failure

# Table of Contents

Illness

Nursing Management

## Chapter 40: Sexuality

Introduction

Development of Sexuality

Birth to 12 Years

Adolescence

Young and Middle Adulthood

Older Adulthood

Sexual Health

Components of Sexual Health

Sexual Expression

Sexual Orientation

Gender Identity

Sexual Practices

Factors Influencing Sexuality

Family

Culture

Religion

Personal Expectations and Ethics

Sexual Response Cycle

Altered Sexual Function

Past and Current Factors

Sexual Desire Disorders

Sexual Arousal Disorders

Orgasmic Disorders

Sexual Pain Disorders

Problems with Satisfaction

Nursing Management

## Chapter 41: Spirituality

Introduction

Spirituality and Related Concepts Described

Spiritual Care or Spiritual Nursing Care?

Spiritual Needs, Spiritual Disruption, Spiritual Health, and Religious Coping

Spiritual Development

Spiritual Health and the Nursing Process

Nursing Management

Religious Practices That Nurses Should Know

Holy Days

# **Table of Contents**

Sacred Texts

Sacred Symbols

Prayer and Meditation

Beliefs Affecting Diet

Beliefs About Illness and Healing

Beliefs About Dress and Modesty

Beliefs Related to Birth

Beliefs Related to Death

Spiritual Self-Awareness for the Nurse

## **Chapter 42: Stress and Coping**

Introduction

Concept of Stress

Sources of Stress

Effects of Stress

Models of Stress

Stimulus-Based Models

Response-Based Models

Transaction-Based Models

Indicators of Stress

Physiologic Indicators

Psychologic Indicators

Cognitive Indicators

Coping

Nursing Management

## **Chapter 43: Loss, Grieving, and Death**

Introduction

Loss and Grief

Types and Sources of Loss

Grief, Bereavement, and Mourning

Stages of Grieving

Manifestations of Grief

Factors Influencing the Loss and Grief Responses

Nursing Management

Dying and Death

Responses to Dying and Death

Definitions of Death

Death-Related Religious and Cultural Practices

Death-Related Legal Issues

Nursing Management

## **Unit 10: Promoting Physiologic Health**

# **Table of Contents**

## **Chapter 44: Activity and Exercise**

Introduction

Normal Movement

Alignment and Posture

Joint Mobility

Balance

Coordinated Movement

Factors Affecting Body Alignment and Activity

Growth and Development

Nutrition

Personal Values and Attitudes

External Factors

Prescribed Limitations

Exercise

Types of Exercise

Benefits of Exercise

Effects of Immobility

Musculoskeletal System

Cardiovascular System

Respiratory System

Metabolism

Urinary System

Gastrointestinal System

Integumentary System

Psychoneurologic System

Nursing Management

Skill 44.1 Moving a Client Up in Bed

Skill 44.2 Turning a Client to the Lateral or Prone Position in Bed

Skill 44.3 Logrolling a Client

Skill 44.4 Assisting a Client to Sit on the Side of the Bed (Dangling)

Skill 44.5 Transferring Between Bed and Chair

Skill 44.6 Transferring Between Bed and Stretcher

Skill 44.7 Assisting a Client to Ambulate

## **Chapter 45: Sleep**

Introduction

Physiology of Sleep

Circadian Rhythms

Types of Sleep

Sleep Cycles

Functions of Sleep

# **Table of Contents**

## Normal Sleep Patterns and Requirements

- Newborns
- Infants
- Toddlers
- Preschoolers
- School-Age Children
- Adolescents
- Older Adults

## Factors Affecting Sleep

- Illness
- Environment
- Lifestyle
- Emotional Stress
- Stimulants and Alcohol
- Diet
- Smoking
- Motivation
- Medications

## Common Sleep Disorders

- Insomnia
- Excessive Daytime Sleepiness
- Parasomnias

## Nursing Management

## Chapter 46: Nutrition

### Introduction

### Essential Nutrients

- Carbohydrates
- Proteins
- Lipids
- Micronutrients

### Energy Balance

- Energy Intake
- Energy Output

### Body Weight and Body Mass Standards

### Factors Affecting Nutrition

- Development
- Sex
- Ethnicity and Culture
- Beliefs About Food
- Personal Preferences
- Religious Practices

# **Table of Contents**

- Lifestyle
- Economics
- Medications and Therapy
- Health
- Alcohol Consumption
- Advertising
- Psychologic Factors

## **Nutritional Variations Throughout the Lifecycle**

- Neonate to 1 Year
- Toddler
- Preschooler
- School-Age Child
- Adolescent
- Young Adult
- Middle-Aged Adult
- Older Adults

## **Standards for a Healthy Diet**

- Dietary Guidelines for Americans
- Recommended Dietary Intake
- Vegetarian Diets

## **Altered Nutrition**

### **Nursing Management**

- Skill 46.1 Inserting a Nasogastric Tube
- Skill 46.2 Administering a Tube Feeding
- Skill 46.3 Administering an Intermittent Gastrostomy or Jejunostomy Feeding
- Skill 46.4 Removing a Nasogastric Tube

## **Chapter 47: Urinary Elimination**

### **Introduction**

### **Physiology of Urinary Elimination**

- Kidneys
- Ureters
- Bladder
- Urethra
- Pelvic Floor
- Urination

### **Factors Affecting Voiding**

- Developmental Factors
- Psychosocial Factors
- Fluid and Food Intake
- Medications
- Muscle Tone

# Table of Contents

Pathologic Conditions

Surgical and Diagnostic Procedures

## Altered Urine Production

Polyuria

Oliguria and Anuria

## Altered Urinary Elimination

Frequency and Nocturia

Urgency

Dysuria

Enuresis

Urinary Incontinence

Urinary Retention

## Nursing Management

Skill 47.1 Applying an External Urinary Device

Skill 47.2 Performing Indwelling Urinary Catheterization

Skill 47.3 Performing Bladder Irrigation

## Chapter 48: Fecal Elimination

### Introduction

### Physiology of Defecation

Large Intestine

Rectum and Anal Canal

Defecation

Feces

### Factors That Affect Defecation

Development

Diet

Activity

Psychologic Factors

Defecation Habits

Medications

Diagnostic Procedures

Anesthesia and Surgery

Pathologic Conditions

Pain

### Fecal Elimination Problems

Constipation

Diarrhea

Bowel Incontinence

Flatulence

### Nursing Management

# **Table of Contents**

Skill 48.1 Administering an Enema

## **Bowel Diversion Ostomies**

Permanence

Anatomic Location

Surgical Construction of the Stoma

Ostomy Management

Skill 48.2 Changing a Bowel Diversion Ostomy Appliance

## **Chapter 49: Oxygenation**

### **Introduction**

### **Structure and Processes of the Respiratory System**

Structure of the Respiratory System

Pulmonary Ventilation

Alveolar Gas Exchange

Transport of Oxygen and Carbon Dioxide

Systemic Diffusion

### **Respiratory Regulation**

### **Factors Affecting Respiratory Function**

Age

Environment

Lifestyle

Health Status

Medications

Stress

### **Alterations in Respiratory Function**

Conditions Affecting the Airway

Conditions Affecting Movement of Air

Conditions Affecting Diffusion

Conditions Affecting Transport

### **Nursing Management**

Skill 49.1 Administering Oxygen by Cannula, Face Mask, or Face Tent

Skill 49.2 Oral, Oropharyngeal, Nasopharyngeal, and Nasotracheal Suctioning

Skill 49.3 Suctioning a Tracheostomy or Endotracheal Tube

Skill 49.4 Providing Tracheostomy Care

## **Chapter 50: Circulation**

### **Introduction**

### **Physiology of the Cardiovascular System**

The Heart

Blood Vessels

Blood

### **Lifespan Considerations**

# **Table of Contents**

## Factors Affecting Cardiovascular Function

Risk Factors

## Alterations in Cardiovascular Function

Decreased Cardiac Output

Impaired Tissue Perfusion

Blood Alterations

## Nursing Management

Skill 50.1 Applying Sequential Compression Devices

## Chapter 51: Fluid, Electrolyte, and AcidBase Balance

### Introduction

### Body Fluids and Electrolytes

Distribution of Body Fluids

Composition of Body Fluid

Movement of Body Fluids and Electrolytes

Regulating Body Fluids

Regulating Electrolytes

### AcidBase Balance

Regulation of AcidBase Balance

### Factors Affecting Body Fluid, Electrolytes, and AcidBase Balance

Age

Sex and Body Size

Environmental Temperature

Lifestyle

### Disturbances in Fluid Volume, Electrolyte, and AcidBase Balances

Fluid Imbalances

Electrolyte Imbalances

AcidBase Imbalances

### Nursing Management

Skill 51.1 Starting an Intravenous Infusion and Inserting a Short Peripheral Catheter

Skill 51.2 Monitoring an Intravenous Infusion

Skill 51.3 Changing an Intravenous Container and Tubing

Skill 51.4 Discontinuing an Intravenous Infusion and Removing a Short Peripheral Catheter

Skill 51.5 Changing a Short Peripheral Catheter to an Intermittent Infusion Device

Skill 51.6 Initiating, Maintaining, and Terminating a Blood Transfusion Using a Y-Set
