About the Authors

Preface

1. The Manager and Management Accounting

For Coca-Cola, Smaller Sizes Mean Bigger Profits

Financial Accounting, Management Accounting, and Cost Accounting

Strategic Decisions and the Management Accountant

Value-Chain and Supply-Chain Analysis and Key Success Factors

Value-Chain Analysis

Supply-Chain Analysis

Key Success Factors

Concepts in Action: Cost Leadership at Costco: Rock-Bottom Prices and Sky-High Profits

Decision Making, Planning, and Control: The Five-Step Decision-Making Process

Key Management Accounting Guidelines

Cost-Benefit Approach

Behavioral and Technical Considerations

Different Costs for Different Purposes

Organization Structure and the Management Accountant

Line and Staff Relationships

The Chief Financial Officer and the Controller

Management Accounting Beyond the Numbers

Professional Ethics

Institutional Support

Typical Ethical Challenges

Problem for Self-Study

Decision Points

Table of Contents

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

2. An Introduction to Cost Terms and Purposes

High Fixed Costs Bankrupt Aéropostale

Costs and Cost Terminology

Direct Costs and Indirect Costs

Cost Allocation Challenges

Factors Affecting Direct/Indirect Cost Classifications

Cost-Behavior Patterns: Variable Costs and Fixed Costs

Concepts in Action: Lyft Helps Hospitals Reduce Their Fixed Transportation Costs

Cost Drivers

Relevant Range

Relationships Between Types of Costs

Total Costs and Unit Costs

Unit Costs

Use Unit Costs Cautiously

Business Sectors, Types of Inventory, Inventoriable Costs, and Period Costs

Manufacturing-, Merchandising-, and Service-Sector Companies

Types of Inventory

Commonly Used Classifications of Manufacturing Costs

Inventoriable Costs

Period Costs

Illustrating the Flow of Inventoriable Costs and Period Costs

Manufacturing-Sector Example

Recap of Inventoriable Costs and Period Costs

Prime Costs and Conversion Costs

Measuring Costs Requires Judgment

Labor Costs

Benefits of Defining Accounting Terms

Different Meanings of Product Costs

A Framework for Cost Accounting and Cost Management

Table of Contents

Calculating the Cost of Products, Services, and Other Cost Objects

Obtaining Information for Planning and Control and Performance Evaluation

Analyzing the Relevant Information for Making Decisions

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

3. CostVolumeProfit Analysis

How Coachella Tunes Up the Sweet Sound of Profits

Essentials of CVP Analysis

Contribution Margin

Expressing CVP Relationships

CostVolumeProfit Assumptions

Breakeven Point and Target Operating Income

Breakeven Point

Target Operating Income

Income Taxes and Target Net Income

Using CVP Analysis for Decision Making

Decision to Advertise

Decision to Reduce the Selling Price

Determining Target Prices

Concepts in Action: Can CostVolumeProfit Analysis Help Whole Foods Escape the
Whole Paycheck Trap?

Sensitivity Analysis and Margin of Safety

Cost Planning and CVP

Alternative Fixed-Cost/Variable-Cost Structures

Operating Leverage

Effects of Sales Mix on Income

CVP Analysis in Service and Not-for-Profit Organizations

Contribution Margin Versus Gross Margin

Problem for Self-Study

Table of Contents

Decision Points

Appendix: Decision Models and Uncertainty

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

4. Job Costing

Job Costing and the New Golden State Warriors Arena

Building-Block Concepts of Costing Systems

Job-Costing and Process-Costing Systems

Job Costing: Evaluation and Implementation

Time Period Used to Compute Indirect-Cost Rates

Normal Costing

General Approach to Job Costing Using Normal Costing

Concepts in Action: Better Job Costing Through Big Data and Data Analytics

The Role of Technology

Actual Costing

A Normal Job-Costing System in Manufacturing

General Ledger

Explanations of Transactions

Subsidiary Ledgers

Materials Records by Type of Material

Labor Records by Employee

Manufacturing Department Overhead Records by Month

Work-in-Process Inventory Records by Jobs

Finished Goods Inventory Records by Jobs

Other Subsidiary Records

Nonmanufacturing Costs and Job Costing

Budgeted Indirect Costs and End-of-Accounting-Year Adjustments

Underallocated and Overallocated Indirect Costs

Adjusted Allocation-Rate Approach

Proration Approach

Write-Off to Cost of Goods Sold Approach

Table of Contents

Choosing Among Approaches

Variations of Normal Costing: A Service-Sector Example

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

5. Activity-Based Costing and Activity-Based Management

Activity-Based Costing and the True Cost of Data Breaches

Broad Averaging and Its Consequences

Undercosting and Overcosting

Product-Cost Cross-Subsidization

Simple Costing System at Plastim Corporation

Design, Manufacturing, and Distribution Processes

Simple Costing System Using a Single Indirect-Cost Pool

Applying the Five-Step Decision-Making Process at Plastim

Refining a Costing System

Developments That Have Increased the Demand for Refining Costing Systems

Guidelines for Refining a Costing System

Activity-Based Costing Systems

Plastims ABC System

Cost Hierarchies

Implementing Activity-Based Costing

Implementing ABC at Plastim

Comparing Alternative Costing Systems

Considerations in Implementing Activity-Based Costing Systems

Benefits and Costs of Activity-Based Costing Systems

ABC in Service and Merchandising Companies

Behavioral Issues in Implementing Activity-Based Costing Systems

Concepts in Action: Mayo Clinic Uses Time-Driven Activity-Based Costing to Reduce Costs and ImproveCare

Activity-Based Management

Table of Contents

Pricing and Product-Mix Decisions

Cost Reduction and Process Improvement Decisions

Design Decisions

Planning and Managing Activities

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

6. Master Budget and Responsibility Accounting

Scrimping at the Ritz: Master Budgets

Budgets and the Budgeting Cycle

Strategic Plans and Operating Plans

Budgeting Cycle and Master Budget

Advantages and Challenges of Implementing Budgets

Promoting Coordination and Communication

Providing a Framework for Judging Performance and Facilitating Learning

Motivating Managers and Other Employees

Challenges in Administering Budgets

Developing an Operating Budget

Time Coverage of Budgets

Steps in Preparing an Operating Budget

Financial Planning Models and Sensitivity Analysis

Concepts in Action: P.F. Chang's and Internet-Based Budgeting

Budgeting and Responsibility Accounting

Organization Structure and Responsibility

Feedback

Responsibility and Controllability

Human Aspects of Budgeting

Budgetary Slack

Stretch Targets

Kaizen Budgeting

Budgeting for Reducing Carbon Emissions

Table of Contents

Budgeting in Multinational Companies

Problem for Self-Study

Decision Points

Appendix: The Cash Budget

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

7. Flexible Budgets, Direct-Cost Variances, and Management Control

Walmarts Fleet Goes Green to Reduce Standard Costs

Static Budgets and Variances

The Use of Variances

Static Budgets and Static-Budget Variances

Flexible Budgets

Flexible-Budget Variances and Sales-Volume Variances

Sales-Volume Variances

Flexible-Budget Variances

Standard Costs for Variance Analysis

Obtaining Budgeted Input Prices and Budgeted Input Quantities

Price Variances and Efficiency Variances for Direct-Cost Inputs

Price Variances

Efficiency Variance

Journal Entries Using Standard Costs

Implementing Standard Costing

Managements Use of Variances

Concepts in Action Can Chipotle Wrap Up Its Materials-Cost Increases?

Multiple Causes of Variances

When to Investigate Variances

Using Variances for Performance Measurement

Using Variances for Organization Learning

Using Variances for Continuous Improvement

Financial and Nonfinancial Performance Measures

Benchmarking and Variance Analysis

Table of Contents

Problem for Self-Study

Decision Points

Appendix: Mix and Yield Variances for Substitutable Inputs

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

8. Flexible Budgets, Overhead Cost Variances, and Management Control

Managing Overhead Costs at Wework

Planning of Variable and Fixed Overhead Costs

Planning Variable Overhead Costs

Planning Fixed Overhead Costs

Standard Costing at Webb Company

Developing Budgeted Variable Overhead Rates

Developing Budgeted Fixed Overhead Rates

Variable Overhead Cost Variances

Flexible-Budget Analysis

Variable Overhead Efficiency Variance

Variable Overhead Spending Variance

Journal Entries for Variable Overhead Costs and Variances

Fixed Overhead Cost Variances

Production-Volume Variance

Interpreting the Production-Volume Variance

Concepts in Action: Variance Analysis and Standard Costing Help Sandoz Manage Its
Overhead Costs

Journal Entries for Fixed Overhead Costs and Variances

Integrated Analysis of Overhead Cost Variances

4-Variance Analysis

Combined Variance Analysis

Production-Volume Variance and Sales-Volume Variance

Variance Analysis and Activity-Based Costing

Flexible Budget and Variance Analysis for Direct Materials-Handling Labor Costs

Flexible Budget and Variance Analysis for Fixed Setup Overhead Costs

Table of Contents

Overhead Variances in Nonmanufacturing Settings

Financial and Nonfinancial Performance Measures

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

9. Inventory Costing and Capacity Analysis

Under Armour Races to Defeat Its Inventory Backlog

Variable and Absorption Costing

Variable Costing

Absorption Costing

Comparing Variable and Absorption Costing

Variable Versus Absorption Costing: Operating Income and Income Statements

Comparing Income Statements for One Year

Comparing Income Statements for Multiple Years

Variable Costing and the Effect of Sales and Production on Operating Income

Absorption Costing and Performance Measurement

Undesirable Buildup of Inventories

Proposals for Revising Performance Evaluation

Comparing Inventory Costing Methods

Throughput Costing

A Comparison of Alternative Inventory-Costing Methods

Denominator-Level Capacity Concepts and Fixed-Cost Capacity Analysis

Absorption Costing and Alternative Denominator-Level Capacity Concepts

Effect on Budgeted Fixed Manufacturing Cost Rate

Choosing a Capacity Level

Product Costing and Capacity Management

Pricing Decisions and the Downward Demand Spiral

Concepts in Action: Can ESPN Avoid the Cord-Cutting Death Spiral?

Performance Evaluation

Financial Reporting

Table of Contents

Tax Requirements

Planning and Control of Capacity Costs

Difficulties in Forecasting Chosen Capacity Levels

Difficulties in Forecasting Fixed Manufacturing Costs

Nonmanufacturing Costs

Activity-Based Costing

Problem for Self-Study

Decision Points

Appendix: Breakeven Points in Variable Costing and Absorption Costing

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

10. Determining How Costs Behave

Southwest Uses Big Data Analytics to Reduce Fuel Consumption and Costs

Basic Assumptions and Examples of Cost Functions

Basic Assumptions

Linear Cost Functions

Review of Cost Classification

Identifying Cost Drivers

The Cause-and-Effect Criterion

Cost Drivers and the Decision-Making Process

Cost Estimation Methods

Industrial Engineering Method

Conference Method

Account Analysis Method

Quantitative Analysis Method

Estimating a Cost Function Using Quantitative Analysis

High-Low Method

Regression Analysis Method

Evaluating and Choosing Cost Drivers

Cost Drivers and Activity-Based Costing

Nonlinear Cost Functions

Table of Contents

Learning Curves

Cumulative Average-Time Learning Model

Incremental Unit-Time Learning Model

Incorporating Learning-Curve Effects Into Prices and Standards

Concepts in Action: Learning Curves and the Falling Price of Renewable Energy

Data Collection and Adjustment Issues

Problem for Self-Study

Decision Points

Appendix: Regression Analysis

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

11. Data Analytic Thinking and Prediction

Predictive Analytics Inside: How Intel Drives Value and Speeds Time to Market

Data Science Basics and Management Accounting

Outcome Prediction

Value Creation

Data Science Framework

Concepts in Action: Carnival Uses Big Data and Machine Learning to Sail Toward Greater Profitability

Defining the Problem and the Relevant Data

Step 1: Gain a Business Understanding of the Problem

Step 2: Obtain and Explore Relevant Data

Step 3: Prepare the Data

Data Algorithms and Models

Step 4: Build a Model

Refining the Decision Tree

Overfitting

Pruning

Validating and Choosing Models

Cross-Validation Using Prediction Accuracy to Choose Between Full and Pruned Decision Trees

Using Maximum Likelihood Values to Choose Between Fully Grown and Pruned Decision Trees

Testing the Pruned Decision-Tree Model on the Holdout Sample

Table of Contents

Evaluating Data Science Models

Step 5: Evaluate the Model

Step 6: Visualize and Communicate Insights

Working With PeerLend Digital Data

Using Data Science Models

Step 7: Deploy the Model

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

12. Decision Making and Relevant Information

Relevant Costs and Broadway Shows

Information and the Decision Process

The Concept of Relevance

Relevant Costs and Relevant Revenues

Qualitative and Quantitative Relevant Information

One-Time-Only Special Orders

Potential Problems in Relevant-Cost Analysis

Short-Run Pricing Decisions

Insourcing-Versus-Outsourcing and Make-or-Buy Decisions

Outsourcing and Idle Facilities

Strategic and Qualitative Factors

International Outsourcing

The Total Alternatives Approach

Concepts in Action: Starbucks Brews Up Domestic Production

The Opportunity-Cost Approach

Carrying Costs of Inventory

Product-Mix Decisions With Capacity Constraints

Bottlenecks, Theory of Constraints, and Throughput-Margin Analysis

Customer Profitability and Relevant Costs

Relevant-Revenue and Relevant-Cost Analysis of Dropping a Customer

Table of Contents

Relevant-Revenue and Relevant-Cost Analysis of Adding a Customer

Relevant-Revenue and Relevant-Cost Analysis of Closing or Adding Branch Offices or
Business Divisions

Irrelevance of Past Costs and Equipment-Replacement Decisions

Decisions and Performance Evaluation

Problem for Self-Study

Decision Points

Appendix: Linear Programming

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

13. Strategy, Balanced Scorecard, and Strategic Profitability Analysis

Barclays Turns to the Balanced Scorecard

What Is Strategy?

Strategy Implementation and the Balanced Scorecard

The Balanced Scorecard

Strategy Maps and the Balanced Scorecard

Implementing a Balanced Scorecard

Different Strategies Lead to Different Scorecards

Environmental and Social Performance and the Balanced Scorecard

Features of a Good Balanced Scorecard

Pitfalls in Implementing a Balanced Scorecard

Evaluating the Success of Strategy and Implementation

Strategic Analysis of Operating Income

Growth Component of Change in Operating Income

Price-Recovery Component of Change in Operating Income

Productivity Component of Change in Operating Income

Further Analysis of Growth, Price-Recovery, and Productivity Components

Concepts in Action: Operating Income Analysis and the Decline of Casual Dining
Restaurants

Downsizing and the Management of Capacity

Identifying Unused Capacity Costs

Managing Unused Capacity

Table of Contents

Problem for Self-Study

Decision Points

Appendix: Productivity Measurement

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

14. Pricing Decisions and Cost Management

Extreme Pricing and Cost Management at IKEA

Major Factors That Affect Pricing Decisions

Customers

Competitors

Costs

Weighing Customers, Competitors, and Costs

Costing and Pricing for the Long Run

Calculating Product Costs for Long-Run Pricing Decisions

Alternative Long-Run Pricing Approaches

Market-Based Approach: Target Costing for Target Pricing

Understanding Customers Perceived Value

Competitor Analysis

Implementing Target Pricing and Target Costing

Concepts in Action: Zara Uses Target Pricing to Become the Worlds Largest Fashion
Retailer

Value Engineering, Cost Incurrence, and Locked-In Costs

Value-Chain Analysis and Cross-Functional Teams

Achieving the Target Cost per Unit for Provalue

Cost-Plus Pricing

Cost-Plus Target Rate of Return on Investment

Alternative Cost-Plus Methods

Cost-Plus Pricing and Target Pricing

Life-Cycle Product Budgeting and Costing

Life-Cycle Budgeting and Pricing Decisions

Managing Environmental and Sustainability Costs

Table of Contents

Customer Life-Cycle Costing

Noncost Factors in Pricing Decisions

Predatory Pricing

Collusive Pricing

Price Discrimination

International Pricing

Peak-Load Pricing

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

15. Cost Allocation, Customer-Profitability Analysis, and Sales-Variance Analysis

Starbucks Rewards Starts Rewarding Big Spenders

Customer-Profitability Analysis

Customer-Revenue Analysis

Customer-Cost Analysis

Customer-Level Costs

Customer-Profitability Profiles

Concepts in Action: Amazon Prime and Customer Profitability

Presenting Profitability Analysis

Using the Five-Step Decision-Making Process to Manage Customer Profitability

Cost-Hierarchy-Based Operating Income Statement

Criteria to Guide Cost Allocations

Fully Allocated Customer Profitability

Implementing Corporate and Division Cost Allocations

Issues in Allocating Corporate Costs to Divisions and Customers

Using Fully Allocated Costs for Decision Making

Sales Variances

Static-Budget Variance

Flexible-Budget Variance and Sales-Volume Variance

Table of Contents

Sales-Mix Variance

Sales-Quantity Variance

Market-Share and Market-Size Variances

Market-Share Variance

Market-Size Variance

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

16. Allocation of Support-Department Costs, Common Costs, and Revenues

Cost Allocation and the United States Postal Service

Allocating Support Department Costs Using the Single-Rate and Dual-Rate Methods

Single-Rate and Dual-Rate Methods

Allocation Based on the Demand for (or Usage of) Materials-Handling Services

Allocation Based on the Supply of Capacity

Advantages and Disadvantages of Single-Rate Method

Advantages and Disadvantages of Dual-Rate Method

Budgeted Versus Actual Costs and the Choice of Allocation Base

Budgeted Versus Actual Rates

Budgeted Versus Actual Usage

Fixed-Cost Allocation Based on Budgeted Rates and Budgeted Usage

Fixed-Cost Allocation Based on Budgeted Rates and Actual Usage

Allocating Budgeted Fixed Costs Based on Actual Usage

Allocating Costs of Multiple Support Departments

Direct Method

Step-Down Method

Reciprocal Method

Overview of Methods

Calculating the Cost of Job WPP 298

Allocating Common Costs

Table of Contents

Stand-Alone Cost-Allocation Method

Incremental Cost-Allocation Method

Cost Allocations and Contract Disputes

Concepts in Action: Contract Disputes Over Reimbursable Costs With the U.S. Government

Bundled Products and Revenue Allocation Methods

Bundling and Revenue Allocation

Stand-Alone Revenue-Allocation Method

Incremental Revenue-Allocation Method

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Exercises

Problems

17. Cost Allocation: Joint Products and Byproducts

Joint-Cost Allocation and the Wounded Warrior Project

Joint-Cost Basics

Concepts in Action: Big Data Joint Products and Byproducts Create New Business

Opportunities

Allocating Joint Costs

Approaches to Allocating Joint Costs

Sales Value at Splitoff Method

Physical-Measure Method

Net Realizable Value Method

Constant Gross-Margin Percentage NRV Method

Choosing an Allocation Method

Not Allocating Joint Costs

Why Joint Costs Are Irrelevant for Decision Making

Sell-or-Process-Further Decisions

Decision Making and Performance Evaluation

Pricing Decisions

Accounting for Byproducts

Production Method: Byproducts Recognized at Time Production Is Completed

Sales Method: Byproducts Recognized at Time of Sale

Table of Contents

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

18. Process Costing

Cryptocurrency and FIFO Versus LIFO Accounting

Illustrating Process Costing

Case 1: Process Costing With Zero Beginning or Ending Work-in-Process

Inventory

Case 2: Process Costing With Zero Beginning and Some Ending Work-in-Process

Inventory

Summarizing the Physical Units and Equivalent Units (Steps 1 and 2)

Calculating Product Costs (Steps 3, 4, and 5)

Journal Entries

Case 3: Process Costing With Some Beginning and Some Ending Work-in-Process

Inventory

Weighted-Average Method

First-In, First-Out Method

Comparing the Weighted-Average and FIFO Methods

Transferred-In Costs in Process Costing

Transferred-In Costs and the Weighted-Average Method

Transferred-In Costs and the FIFO Method

Points to Remember About Transferred-In Costs

Hybrid Costing Systems

Overview of Operation-Costing Systems

Concepts in Action: Hybrid Costing for Adidas Customized 3D Printed Shoes

Illustrating an Operation-Costing System

Journal Entries

Problem for Self-Study

Decision Points

Appendix: Standard-Costing Method of Process Costing

Table of Contents

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

19. Spoilage, Rework, and Scrap

Rework Hampers Tesla Model 3 Production

Defining Spoilage, Rework, and Scrap

Two Types of Spoilage

Normal Spoilage

Abnormal Spoilage

Spoilage in Process Costing Using Weighted-Average and FIFO

Count All Spoilage

Five-Step Procedure for Process Costing With Spoilage

Weighted-Average Method and Spoilage

FIFO Method and Spoilage

Journal Entries

Inspection Points and Allocating Costs of Normal Spoilage

Job Costing and Spoilage

Job Costing and Rework

Accounting for Scrap

Recognizing Scrap at the Time of Its Sale

Recognizing Scrap at the Time of Its Production

Concepts in Action: Googles Zero Waste to Landfill Initiative

Problem for Self-Study

Decision Points

Appendix: Standard-Costing Method and Spoilage

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

20. Balanced Scorecard: Quality and Time

Table of Contents

Dieselgate Derails Volkswagens Grand Ambitions

Quality as a Competitive Tool

The Financial Perspective: The Costs of Quality

Using Nonfinancial Measures to Evaluate and Improve Quality

The Customer Perspective: Nonfinancial Measures of Customer Satisfaction

The Internal-Business-Process Perspective: Analyzing Quality Problems and Improving Quality

The Learning-and-Growth Perspective: Quality Improvements

Weighing the Costs and Benefits of Improving Quality

Evaluating a Companys Quality Performance

Time as a Competitive Tool

Customer-Response Time and On-Time Performance

Time Drivers and Bottlenecks

Concepts in Action: Facebook Works to Overcome Mobile Data Bottlenecks

Relevant Revenues and Costs of Delays

Balanced Scorecard and Time-Based Measures

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

21. Inventory Management, Just-in-Time, and Simplified Costing Methods

Target Leverages the Internet of Things to Respond to the Changing Retail Landscape

Inventory Management in Retail Organizations

Costs Associated With Goods for Sale

The Economic-Order-Quantity Decision Model

When to Order, Assuming Certainty

Safety Stock

Estimating Inventory-Related Relevant Costs and Their Effects

Cost of a Prediction Error

Table of Contents

Conflicts Between the EOQ Decision Model and Managers Performance Evaluation

Just-in-Time Purchasing

JIT Purchasing and EOQ Model Parameters

Relevant Costs of JIT Purchasing

Supplier Evaluation and Relevant Costs of Quality and Timely Deliveries

JIT Purchasing, Planning and Control, and Supply-Chain Analysis

Inventory Management, MRP, and JIT Production

Materials Requirements Planning

Just-in-Time (JIT) Production

Features of JIT Production Systems

Concepts in Action: Just-in-Time Live Concert Recordings

Costs and Benefits of JIT Production

JIT in Service Industries

Enterprise Resource Planning (ERP) Systems

Performance Measures and Control in JIT Production

Effect of JIT Systems on Product Costing

Backflush Costing

Simplified Normal or Standard-Costing Systems

Lean Accounting

Problems for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

22. Capital Budgeting and Cost Analysis

NPV and Californias New Residential Solar Panel Rules

Stages of Capital Budgeting

Concepts in Action: AkzoNobel Integrates Sustainability Into Capital Budgeting

Discounted Cash Flow

Net Present Value Method

Internal Rate-of-Return Method

Comparing the Net Present Value and Internal Rate-of-Return Methods

Table of Contents

Sensitivity Analysis

Payback Method

Uniform Cash Flows

Nonuniform Cash Flows

Accrual Accounting Rate-of-Return Method

Relevant Cash Flows in Discounted Cash Flow Analysis

Relevant After-Tax Flows

Categories of Cash Flows

Project Management and Performance Evaluation

Post-Investment Audits

Performance Evaluation

Strategic Considerations in Capital Budgeting

Investment in Research and Development

Customer Value and Capital Budgeting

Problem for Self-Study

Decision Points

Appendix: Capital Budgeting and Inflation

Terms to Learn

Assignment Material

Questions

Multiple-Choice Questions

Exercises

Problems

Answers to Exercises in Compound Interest (Exercise 22-21)

23. Management Control Systems, Transfer Pricing, and Multinational Considerations

Apple Forced to Pay Ireland 14.3 Billion in Tax Settlement

Management Control Systems

Formal and Informal Systems

Effective Management Control

Decentralization

Benefits of Decentralization

Costs of Decentralization

Comparing Benefits and Costs

Decentralization in Multinational Companies

Table of Contents

Choices About Responsibility Centers

Transfer Pricing

Criteria for Evaluating Transfer Prices

Calculating Transfer Prices

An Illustration of Transfer Pricing

Market-Based Transfer Prices

Perfect Competition

Imperfect Competition

Cost-Based Transfer Prices

Full-Cost Bases

Variable-Cost Bases

Hybrid Transfer Prices

Prorating the Difference Between Maximum and Minimum Transfer Prices

Negotiated Pricing

Dual Pricing

A General Guideline for Transfer-Pricing Situations

How Multinationals Use Transfer Pricing to Minimize Their Income Taxes

Concepts in Action: IRS Accuses Medtronic of Unfair Tax Deal

Transfer Prices Designed for Multiple Objectives

Problem for Self-Study

Decision Points

Terms to Learn

Assignment Material

Questions

Exercises

Problems

24. Performance Measurement, Compensation, and Multinational Considerations

CEO Compensation at General Electric

Financial and Nonfinancial Performance Measures

Accounting-Based Measures for Business Units

Return on Investment

Residual Income

Economic Value Added

Return on Sales

Table of Contents

Comparing Performance Measures

Choosing the Details of the Performance Measures

Alternative Time Horizons

Alternative Definitions of Investment

Alternative Asset Measurements

Target Levels of Performance and Feedback

Choosing Target Levels of Performance

Choosing the Timing of Feedback

Performance Measurement in Multinational Companies

Calculating a Foreign Divisions ROI in the Foreign Currency

Calculating a Foreign Divisions ROI in U.S. Dollars

Distinguishing the Performance of Managers From the Performance of Their Subunits

The Basic Tradeoff: Creating Incentives Versus Imposing Risk

Intensity of Incentives and Financial and Nonfinancial Measurements

Concepts in Action: Performance Measurement at Unilever

Benchmarks and Relative Performance Evaluation

Performance Measures at the Individual Activity Level

Executive Performance Measures and Compensation

Strategy and Levers of Control

Boundary Systems

Belief Systems

Interactive Control Systems
