Developing Management Skills

TENTH EDITION

David A. Whetten
Kim S. Cameron

Personal Inventory Assessments is a collection of online exercises designed to promote **self-reflection** and engagement in students, enhancing their ability to connect with management concepts.

"I most liked the Personal Inventory Assessments because they gave me a deeper understanding of the chapters. I would read about personalities and then find out which category I fit into using the assessment."

— Student, Kean University

Dynamic Study Modules use the latest developments in cognitive science and help students study chapter topics by adapting to their performance in real time.

% of students who found learning aid helpful

Pearson eTextbook enhances student learning with engaging and interactive lecture and example videos that bring learning to life.

The **Gradebook** offers an easy way for you and your students to see their performance in your course.

86% 

of students would tell their instructor to keep using MyLab Management
