Pearson Arab World Editions—Business & Economics

The Arab world's location between three continents ensures its place at the center of an increasingly integrated global economy, as distinctive as any business culture. We think learning should be as dynamic, relevant, and engaging as the business environment. Our new Arab World Editions for Business & Economics provide this uniquely Arab perspective for students in and of the Arab world.

Each Arab World Edition integrates cases, companies, research, people, and discussions representing the diverse economic, political, and cultural situations across the nations that span the Arab world, whilst retaining the quality, research, and relevant global perspectives of the world's leading business thinkers.

We hope that you find this edition a valuable contribution to your teaching or business studies. We aim to set a new benchmark for contextualized learning with our adapted and new titles, and hope that they will prove a valuable contribution in the success of students and teachers along each step of their business program.

Supplementary support includes PowerPoint slides, instructor manuals, test bank generators and MyLab online tutorial and homework systems.

Titles span a range of subjects and disciplines, including:

- Management—Robbins & Coulter
- Principles of Marketing—Kotler & Armstrong
- Economics—Hubbard & O'Brien
- Statistics for Business—Benghezal
- Principles of Managerial Finance—Gitman
- Marketing Management—Kotler & Keller
- Organizational Behavior—Robbins & Judge
