# Economics Global & Southern African Perspective

## Table of Contents

### CONTENTS

#### PART ONE Introduction

#### CHAPTER 1 What is economics? Understanding our changing world

Definition of economics

Two big economic questions

What, how and for whom?

Do choices made in the pursuit of self-interest also promote social interest?

The economic way of thinking

A choice is a trade-off

Making a rational choice

Benefit: What you gain

Cost: What you must give up

How much? Choosing at the margin

Choices respond to incentives

Economics as social science and a policy tool

The economist as social scientist

The economist as policy adviser

Employability

#### READING BETWEEN THE LINES

Free Wi-Fi for all

#### APPENDIX

Graphs in economics

Graphing data

Graphing economic data

Scatter diagrams

Graphs used in economic models

Variables that move in the same direction

Variables that move in opposite directions

Variables that have a maximum or a minimum

# **Table of Contents**

Variables that are unrelated

## **The slope of a relationship**

The slope of a straight line

The slope of a curved line

## **Graphing relationships among more than two variables**

Ceteris paribus

When other things change

## **MATHEMATICAL NOTE**

### **Equations of straight lines**

A linear equation

Slope of line

Position of line

Positive relationships

Negative relationships

Example

## **CHAPTER 2 The economic problem**

### **Production possibilities and opportunity cost**

Production possibilities frontier

Production efficiency

Trade-off along the PPF

Opportunity cost

### **Using resources efficiently**

The PPF and marginal cost

Preferences and marginal benefit

Allocative efficiency

### **Economic growth**

The cost of economic growth

A nation's economic growth

### **Gains from trade**

Comparative advantage and absolute advantage

Achieving the gains from trade

### **Economic coordination**

Firms

# **Table of Contents**

Markets

Property rights

Money

Circular flows through markets

Coordinating decisions

## **READING BETWEEN THE LINES**

Managing the trade-off between food security and energy resources

## **PART ONE WRAP-UP Understanding the scope of economics**

Your economic revolution

## **PART TWO How markets work**

### **CHAPTER 3 Demand and supply**

#### **Markets and prices**

#### **Demand**

The law of demand

Demand curve and demand schedule

A change in demand

A change in the quantity demanded versus a change in demand

#### **Supply**

The law of supply

Supply curve and supply schedule

A change in supply

A change in the quantity supplied versus a change in supply

#### **Market equilibrium**

Price as a regulator

Price adjustments

#### **Predicting changes in price and quantity**

An increase in demand

A decrease in demand

An increase in supply

A decrease in supply

All the possible changes in demand and supply

## **READING BETWEEN THE LINES**

Demand and supply: The price of South African maize

# **Table of Contents**

## **MATHEMATICAL NOTE**

### **Demand, supply and equilibrium**

- Demand curve

- Supply curve

- Market equilibrium

- Example

## **CHAPTER 4 Elasticity**

### **Price elasticity of demand**

- Calculating price elasticity of demand

- Inelastic and elastic demand

- Elasticity along a linear demand curve

- Total revenue and elasticity

- Your expenditure and your elasticity

- The factors that influence the elasticity of demand

### **More elasticities of demand**

- Cross elasticity of demand

- Income elasticity of demand

### **Elasticity of supply**

- Calculating the elasticity of supply

- The factors that influence the elasticity of supply

## **READING BETWEEN THE LINES**

- The elasticities of demand for tobacco products

## **MATHEMATICAL NOTE**

### **Elasticity**

- Example

- Analysing income elasticity

- Analysing cross-price elasticity

- Interpreting elasticity

## **CHAPTER 5 Efficiency and equity**

### **Resource allocation methods**

- Market price

- Command

- Majority rule

# Table of Contents

Contest

First-come, first-served

Lottery

Personal characteristics

Force

## Benefit, cost and surplus

Demand, willingness to pay and value

Individual demand and market demand

Consumer surplus

Supply and marginal cost

Supply, cost and minimum supply price

Individual supply and market supply

Producer surplus

## Is the competitive market efficient?

Efficiency of competitive equilibrium

Market failure

Sources of market failure

Alternatives to the market

## Is the competitive market fair?

It is not fair if the result is not fair

It is not fair if the rules are not fair

Case study: A water shortage is a natural disaster

## READING BETWEEN THE LINES

Making traffic flow efficiently

## CHAPTER 6 Government actions in markets

### A housing market with a rent ceiling

A housing shortage

Increased search activity

Black markets

Inefficiency of a rent ceiling

Are rent ceilings fair?

### A labour market with a minimum wage

A minimum wage

# **Table of Contents**

Minimum wage brings unemployment

Is the minimum wage fair?

## **Taxes**

Tax incidence

Equivalence of a tax on buyers and sellers

A tax on sellers

A tax on buyers

Equivalence of tax on buyers and sellers

Tax influence of the elasticity of demand

Taxes in practice

Taxes and efficiency

Taxes and fairness

## **Production quotas and subsidies**

Production quotas

Subsidies

## **Markets for illegal goods**

A free market for a drug

A market for an illegal drug

Legalising and taxing drugs

## **READING BETWEEN THE LINES**

Push to raise the minimum wage

## **CHAPTER 7 Global markets in action**

### **How global markets work**

International trade today

What drives international trade?

Why South Africa imports T-shirts

Why South Africa exports wine

### **Winners, losers and the net gain from trade**

Gains and losses from imports

Gains and losses from exports

Gains for all

### **International trade restrictions**

Tariffs

# **Table of Contents**

Import quotas

Other import barriers

Export subsidies

## **The case against protection**

Helps an infant industry grow

Counteracts dumping

Saves domestic jobs

Allows us to compete with cheap foreign labour

Penalises lax environmental standards

Prevents rich countries from exploiting developing countries

Reduces offshore outsourcing that sends good SA jobs to other countries

Avoids trade wars

Why is international trade restricted?

Compensating losers

## **READING BETWEEN THE LINES**

The cost of a tariff

## **MATHEMATICAL NOTE**

### **Trading with the world**

Adam Smith Absolute advantage

Labour hours

David Ricardo Comparative advantage

A new example

Consider this issue further

## **PART TWO WRAP-UP Understanding how markets work**

The amazing market

## **PART THREE Households choices**

### **CHAPTER 8 Utility and demand**

#### **Consumption choices**

Consumption possibilities

Preferences

#### **Utility-maximising choice**

A spreadsheet solution

Choosing at the margin

# **Table of Contents**

The power of marginal analysis

Revealing preferences

## **Predictions of marginal utility theory**

A fall in the price of a chocolate bar

A rise in the price of cooldrink

A rise in income

The paradox of value

Temperature: An analogy

## **New ways of explaining consumer choices**

Behavioural economics

Neuroeconomics

Controversy

## **READING BETWEEN THE LINES**

Why footballers get paid so much

How Uber makes the world a better place

## **CHAPTER 9 Possibilities, preferences and choices**

### **Consumption possibilities**

Budget equation

### **Preferences and indifference curves**

Marginal rate of substitution

Degree of substitutability

### **Predicting consumer choices**

Best affordable choice

A change in price

A change in income

Substitution effect and income effect

## **READING BETWEEN THE LINES**

Natural vs man-made capital

## **PART THREE WRAP-UP Understanding households choices**

Making the most of life

## **PART FOUR Firms and markets**

## **CHAPTER 10 Organising production**

# **Table of Contents**

## **The firm and its economic problem**

- The firms goal
- Accounting profit
- Economic accounting
- A firms opportunity cost of production
- Economic accounting: A summary
- The firms decisions
- The firms constraints

## **Technological and economic efficiency**

- Technological efficiency
- Economic efficiency

## **Information and organisation**

- Command systems
- Incentive systems
- Mixing the systems
- The principalagent problem
- Coping with the principalagent problem
- Types of business organisation
- Pros and cons of different types of firms

## **Markets and the competitive environment**

- Measures of concentration
- Limitations of a concentration measure

## **Produce or outsource?**

- Firms and markets
- Firm coordination
- Market coordination
- Why firms?

## **READING BETWEEN THE LINES**

- The expanding mobile advertising market

## **CHAPTER 11 Output and costs**

### **Decision time frames**

- The short run
- The long run

# **Table of Contents**

## Short-run technology constraint

- Product schedules
- Product curves
- Marginal product curve
- Average product curve

## Short-run cost

- Total cost
- Marginal cost
- Average cost
- Marginal cost and average cost
- Why the average total cost curve is U-shaped
- Cost curves and product curves
- Shifts in the cost curves

## Long-run cost

- The production function
- Short-run cost and long-run cost
- The long-run average cost curve
- Economies and diseconomies of scale

## READING BETWEEN THE LINES

- A long-run decision for Pick n Pay

## MATHEMATICAL NOTE

### Output and cost

- A product
- Fixed cost
- Variable cost
- Total cost
- Average total cost
- Average constant cost
- Average variable cost
- Marginal cost
- Example

## CHAPTER 12 Perfect competition

### What is perfect competition?

# **Table of Contents**

How perfect competition arises

Price takers

Economic profit and revenue

The firms decisions

## **The firms output decision**

Marginal analysis and the supply decision

Shutdown decision

The firms supply curve

## **Output, price and profit in the short run**

Market supply in the short run

Short-run equilibrium

A change in demand

Profits and losses in the short run

Three possible short-run outcomes

## **Output, price and profit in the long run**

Entry and exit

A closer look at entry

A closer look at exit

Long-run equilibrium

## **Changes in demand and supply as technology advances**

A decrease in demand

An increase in demand

Technological advances change supply

## **Competition and efficiency**

Efficient use of resources

Choices, equilibrium, and efficiency

## **READING BETWEEN THE LINES**

Perfect competition in smartphone apps

## **CHAPTER 13 Monopoly**

### **Monopoly and how it arises**

How monopoly arises

Monopoly price-setting strategies

### **A single-price monopolys output and price decision**

# **Table of Contents**

Price and marginal revenue

Marginal revenue and elasticity

Price and output decision

## **Single-price monopoly and competition compared**

Comparing price and output

Efficiency comparison

Redistribution of surpluses

Rent seeking

Rent-seeking equilibrium

## **Price discrimination**

Two ways of price discrimination

Increasing profit and producer surplus

A price-discriminating airline

Efficiency and rent seeking with price discrimination

## **Monopoly regulation**

Efficient regulation of a natural monopoly

Second-best regulation of a natural monopoly

## **READING BETWEEN THE LINES**

MultiChoice calls for Netflix to be regulated

## **MATHEMATICAL NOTE**

## **Perfect and imperfect completion**

## **CHAPTER 14 Monopolistic competition**

### **What is monopolistic competition?**

Large number of firms

Product differentiation

Competing on quality, price and marketing

Entry and exit

### **Price and output in monopolistic competition**

The firms short-run output and price decision

Profit maximising might be loss minimising

Long run: Zero economic profit

Monopolistic competition and perfect competition

Is monopolistic competition efficient?

# **Table of Contents**

## Product development and marketing

- Product development

- Advertising

- Using advertising to signal quality

- Brand names

- Efficiency of advertising and brand names

## READING BETWEEN THE LINES

- Product differentiation in smartphones

## CHAPTER 15 Oligopoly

### What is oligopoly?

- Barriers to entry

- Small number of firms

- Examples of oligopoly

### Oligopoly games

- What is a game?

- The prisoners dilemma

- An oligopoly price-fixing game

- A game of chicken

### Repeated games and sequential games

- A repeated duopoly game

- A sequential entry game in a contestable market

## The Competition Commission of South Africa

## READING BETWEEN THE LINES

- The games played in the healthcare sector

## PART FOUR WRAP-UP Understanding firms and markets

- Managing change and limiting market power

## PART FIVE Market failure and government

## CHAPTER 16 Public choices and public goods

### Public choices

- Why governments exist

- Public choice and the political marketplace

- Political equilibrium

# **Table of Contents**

What is a public good?

A fourfold classification

Mixed goods and externalities

Inefficiencies that require public choices

## **Providing public goods**

The free-rider problem

Marginal social benefit from a public good

Marginal social cost of a public good

Efficient quantity of a public good

Inefficient private provision

Efficient public provision

Inefficient public overprovision

## **Providing mixed goods with external benefits**

Private benefits and social benefits

Government actions in the market for a mixed good with external benefits

Bureaucratic inefficiency and government failure

Health-care services

## **READING BETWEEN THE LINES**

Progress on National Health Insurance

## **CHAPTER 17 Externalities**

### **Externalities in our lives**

Negative production externalities

Positive production externalities

Negative consumption externalities

Positive consumption externalities

### **Negative externality: Pollution**

Private, external and social cost

Establish property rights

The Coase theorem

Mandate clean technology

Tax or cap and price pollution

### **Negative externality: The tragedy of commons**

Unsustainable use of a common resource

# **Table of Contents**

Inefficient use of a common resource

Achieving an efficient outcome

## **Positive externalities: Knowledge**

Private benefits and social benefits

Government actions in the market with external benefits

Illustrating an efficient outcome

Bureaucratic inefficiency and government failure

## **READING BETWEEN THE LINES**

Cutting carbon emissions

## **PART FIVE WRAP-UP Understanding market failure and government**

The Constitution and government

## **PART SIX Factor markets, inequality and uncertainty**

### **CHAPTER 18 Markets for factors of production**

#### **The anatomy of factor markets**

Markets for labour services

Markets for capital services

Markets for land services and natural resources

Entrepreneurship

#### **The demand for a factor of production**

Value of marginal product

A firm's demand for labour

A firm's demand for labour curve

Changes in a firm's demand for labour

#### **Labour markets**

A competitive labour market

A labour market with a union

Scale of the union-non-union wage gap

Trends and differences in wage rates

#### **Capital and natural resource markets**

Capital rental markets

Land rental markets

Non-renewable natural resource markets

## **READING BETWEEN THE LINES**

# **Table of Contents**

The South African labour market

## **MATHEMATICAL NOTE**

### **Present value and discounting**

Rent-versus-buy decision

Comparing current and future rand

Compound interest

Discounting a future amount

Present value of a sequence of future amounts

The decision

## **CHAPTER 19 Economic inequality**

### **Economic inequality in South Africa**

The distribution of income

The income Lorenz curve

The distribution of wealth

Wealth or income?

Annual or lifetime income and wealth?

Trends in inequality

Poverty

Who are the rich and the poor?

### **Inequality in the world economy**

Income distributions in selected countries

Global inequality and its trends

### **The sources of economic inequality**

Human capital

Discrimination

Contests among superstars

Unequal wealth

### **Income redistribution**

Income taxes

Income maintenance programmes

The big trade-off

## **READING BETWEEN THE LINES**

Income inequality in South Africa

# **Table of Contents**

## **CHAPTER 20 Uncertainty and information**

### **Decisions in the face of uncertainty**

Expected wealth

Risk aversion

Utility of wealth

Expected utility

Making a choice with uncertainty

### **Buying and selling risk**

Insurance markets

A graphical analysis of insurance

Risk that cannot be insured

### **Private information**

Asymmetric information: examples and problems

The market for used cars

The market for loans

The market for insurance

### **Uncertainty, information and the invisible hand**

Information as a good

Monopoly in markets that cope with uncertainty

## **READING BETWEEN THE LINES**

Grades as signals

## **PART SIX WRAP-UP Understanding factor markets, inequality and**

### **Uncertainty**

For whom?

## **APPENDIX**

### **An introduction to the origins and issues of macroeconomics**

Short-term problems versus long-term goals

## **PART SEVEN Monitoring macroeconomic performance**

## **CHAPTER 21 An introduction to the origins and issues of macroeconomics**

### **Schools of economic thought**

Classical economics

# **Table of Contents**

Marxism

Neoclassical economics

The Austrian school of economics

Keynesian economics

Monetarism

How have these theories shaped the way we analyse the macroeconomy?

The road ahead

Economic growth and fluctuations

Economic growth in South Africa

Jobs and unemployment

Jobs

Unemployment

Unemployment in South Africa

Inflation and the rand

Inflation in South Africa

The value of the rand abroad

Why the exchange rate matters

Surpluses, deficits and debts

Government budget balance

International deficit

Deficits bring debts

Why deficits and debts matter

**READING BETWEEN THE LINES**

Climbing out of debt

**CHAPTER 22 Measuring GDP and economic growth**

Gross domestic product

GDP defined

GDP and the circular flow of expenditure and income

Why domestic and why gross?

**Measuring South Africa's GDP**

The expenditure approach

The income approach

The production approach

# **Table of Contents**

## Gross national product (GNP)

- Nominal GDP and real GDP

- Calculating real GDP

## The uses and limitations of real GDP

- The standard of living over time

- The standard of living across countries

- Limitations of real GDP

## READING BETWEEN THE LINES

- What is driving South Africa's economic growth?

## APPENDIX

### Graphs in macroeconomics

#### The time-series graph

- Making a time-series graph

- Reading a time-series graph

- Ratio scale reveals trend

- A time-series with a trend

- Using a ratio scale

## CHAPTER 23 Monitoring jobs and inflation

### Employment and unemployment

- Why unemployment is a problem

- Three labour market indicators

- Other definitions of unemployment

- Most costly unemployment

### Unemployment and full employment

- Frictional unemployment

- Structural unemployment

- Youth unemployment

- Cyclical unemployment

- Natural unemployment

- Real GDP and unemployment over the cycle

### The price level, inflation and deflation

- Why inflation and deflation are problems

- The Consumer Price Index

# **Table of Contents**

- Reading the CPI numbers
- Constructing the CPI
- Measuring the inflation rate
- Distinguishing high inflation from a high price level
- The biased CPI
- The magnitude of the bias
- Some consequences of the bias
- Alternative price indexes
- Core CPI inflation
- The real variables in macroeconomics

## **READING BETWEEN THE LINES**

- South Africa's youth unemployment is the worst globally

## **PART SEVEN WRAP-UP Monitoring macroeconomic performance**

- The big picture

## **PART EIGHT Macroeconomic trends**

### **CHAPTER 24 Economic growth**

#### **The basics of economic growth**

- Calculating growth rates
- Economic growth versus business cycle expansion
- The magic of sustained growth
- Applying the rule of 70

#### **Economic growth trends**

- Growth in the South African economy
- Real GDP growth in the world economy

#### **How potential GDP grows**

- What determines potential GDP?
- What makes potential GDP grow?

#### **Why labour productivity grows**

- Preconditions for labour productivity growth
- Physical capital growth
- Human capital growth
- Technological advances

#### **Is economic growth sustainable? Theories, evidence and policies**

# **Table of Contents**

Classical growth theory

Neoclassical growth theory

New growth theory

New growth theory versus Malthusian theory

Sorting out the theories

The empirical evidence on the causes of economic growth

Policies for achieving faster growth

## **READING BETWEEN THE LINES**

Economic growth in Africa

## **CHAPTER 25 Finance, saving and investment**

### **Financial markets and financial institutions**

Finance and money

Capital and financial capital

Capital and investment

Wealth and saving

Financial capital markets

Financial institutions

Funds that finance investment

### **Financial decisions and risks**

The time value of money

Net present value

The decision rule

Financial risk: insolvency and illiquidity

Market risk: interest rates and asset prices

Getting real

### **The loanable funds market**

The demand for loanable funds

The supply of loanable funds

Equilibrium in the loanable funds market

Changes in demand and supply

### **Government in the loanable funds market**

A government budget surplus

A government budget deficit

# **Table of Contents**

## **Global loanable funds market**

- International capital mobility
- International borrowing and lending
- Demand and supply in the global and national markets

## **READING BETWEEN THE LINES**

- Crowding out in the global recession

## **CHAPTER 26 Money, the price level and inflation**

### **What is money?**

- Medium of exchange
- Unit of account
- Store of value
- Money in South Africa today

### **Depository institutions**

- Commercial banks
- Profit and prudence: a balancing act
- What depository institutions do
- Economic benefits provided by depository institutions
- How depository institutions are regulated
- Financial innovation

### **The South African Reserve Bank**

- The Reserve Banks goals and targets
- The structure of the Reserve Bank
- The Reserve Banks policy tools

### **How banks create money**

- Creating deposits by making loans
- The money creation process
- The money multiplier

### **The demand for money**

- The influences on money holding
- The demand for money curve
- Shifts in the demand for money curve
- Interest rate determination
- The supply of money

# **Table of Contents**

## The money market

- Money market equilibrium

## The quantity theory of money

## READING BETWEEN THE LINES

- Zimbabwe's July inflation highest since 2012

## MATHEMATICAL NOTE

## The money multiplier

## CHAPTER 27 The exchange rate and the balance of payments

### The foreign exchange market

- Trading currencies

- Exchange rates

- Questions about the South African rand exchange rate

- An exchange rate is a price

- The demand for one money is the supply of another money

- Demand in the foreign exchange market

- Demand curve for South African rand

- Supply in the foreign exchange market

- Supply curve for South African rand

- Market equilibrium

### Exchange rate fluctuations

- Changes in the demand for South African rand

- Changes in the supply of South African rand

- Changes in the exchange rate

- Fundamentals, expectations and arbitrage

- The real exchange rate

### Exchange rate policy

- Flexible exchange rate

- Fixed exchange rate

- Crawling peg

### Financing international trade

- Balance of payments accounts

- Borrowers and lenders

- Debtors and creditors

# **Table of Contents**

Current account balance

Net exports

Where is the exchange rate?

## **READING BETWEEN THE LINES**

The effects of political shocks on the South African rand

## **PART EIGHT WRAP-UP Understanding macroeconomic trends**

Expanding the frontier

## **PART NINE Macroeconomic fluctuations**

### **CHAPTER 28 Expenditure multipliers: The Keynesian model**

#### **Fixed prices and planned expenditure**

Expenditure plans

Consumption and saving plans

Marginal propensities to consume and save

Slopes and marginal propensities

Consumption as a function of real GDP

Import function

#### **Real GDP with a fixed price level**

Aggregate planned expenditure

Actual Expenditure, planned expenditure and real GDP

Equilibrium expenditure

Convergence to equilibrium

#### **The multiplier**

The basic idea of the multiplier

The multiplier effect

Why is the multiplier greater than 1?

The size of the multiplier

The multiplier and the slope of the AE curve

Imports and income taxes

The multiplier process

Business cycle turning points

#### **The multiplier and the price level**

Adjusting quantities and prices

Aggregate expenditure and aggregate demand

# **Table of Contents**

Deriving the aggregate demand curve

Changes in aggregate expenditure and aggregate demand

Equilibrium real GDP and the price level

## **READING BETWEEN THE LINES**

Aggregate expenditure model in action

## **MATHEMATICAL NOTE**

The algebra of the Keynesian model

Aggregate expenditure

Equilibrium expenditure

The multiplier

Government expenditure multiplier

Autonomous tax multiplier

Balanced budget multiplier

## **Additional examples using values**

First let us look at the multiplier

Let us introduce expenditure on consumption (C)

Now let us introduce investment spending (I)

Time to introduce government spending (G)

Time to introduce the foreign sector

Consider very briefly: The multiplier

Let us bring it together to find an equilibrium (Y )

## **APPENDIX**

The IS-LM model of aggregate demand

The goods market equilibrium: Expenditure and real GDP

The IS curve

Money market equilibrium

The LM curve

Equilibrium and the aggregate demand curve

The effects of a change in price level on the LM curve

The LM curve shifts

The aggregate demand derived

Fiscal policy and monetary policy

## **CHAPTER 29 Aggregate supply and aggregate demand**

# **Table of Contents**

## **Aggregate supply**

- Quantity supplied and supply
- Long-run aggregate supply
- Short-run aggregate supply
- Changes in aggregate supply

## **Aggregate demand**

- The aggregate demand curve
- Changes in aggregate demand

## **Explaining macroeconomic trends and fluctuations**

- Short-run macroeconomic equilibrium
- Long-run macroeconomic equilibrium
- Economic growth and inflation in the ASAD model
- The business cycle in the ASAD model
- Fluctuations in aggregate demand
- Fluctuations in aggregate supply

## **Macroeconomic schools of thought**

- The classical view
- The Keynesian view
- The monetarist view
- The way ahead

## **READING BETWEEN THE LINES**

- Supply-side shocks pose inflation risk to South Africa during 2018

## **CHAPTER 30 Inflation, unemployment and the business cycle**

### **Inflation cycles**

- Demand-pull inflation
- Cost-push inflation
- Expected inflation
- Forecasting inflation
- Inflation and the business cycle

### **Deflation**

- What causes deflation?
- What are the consequences of deflation?
- How can deflation be ended?

# **Table of Contents**

## **Inflation and unemployment: The Phillips curve**

- The short-run Phillips curve

- The long-run Phillips curve

- Changes in the natural unemployment rate

## **The business cycle**

- Mainstream business cycle theory

- Real business cycle theory

## **READING BETWEEN THE LINES**

- Miserable South Africans: The effect of unemployment

## **PART NINE WRAP-UP Understanding macroeconomic fluctuations**

- Boom and bust

## **PART TEN Macroeconomic policy**

### **CHAPTER 31 Fiscal policy**

#### **The national budget**

- The institutions and laws

- Highlights of the 2019 budget

- The budget in historical perspective

- Provincial and local budgets

#### **Supply-side effects of fiscal policy**

- Full employment and potential GDP

- The effects of the income tax

- Taxes on expenditure and the tax wedge

- Taxes and the incentive to save and invest

- Tax revenues and the Laffer curve

- The supply-side debate

#### **Fiscal stimulus**

- Automatic fiscal policy and cyclical and structural budget balances

- Discretionary fiscal stimulus

## **READING BETWEEN THE LINES**

- Behind Ramaphosa's mega-stimulus package

### **CHAPTER 32 Monetary policy**

#### **Monetary policy objectives and framework**

# **Table of Contents**

Monetary policy objectives

Price stability

Responsibility for monetary policy

## **Framework for monetary policy in South Africa**

How inflation targeting is conducted

What does inflation targeting achieve?

Inflation targeting in South Africa

## **Executing monetary policy**

Monetary policy instruments

The repo rate and the refinancing system

The cash reserve requirement

Open-market operations

The market for reserves

The Reserve Banks decision-making strategy

## **Monetary policy transmission**

Transmission channels

The transmission process

Long-term real interest rate

Planned expenditure

The change in aggregate demand, real GDP and the price level

The Reserve Bank fights recession

The Reserve Bank fights inflation

Loose links and long and variable lags

## **Policy strategies and clarity**

Monetary base instrument rule

## **Financial crisis: Cure and prevention**

The anatomy of the financial crisis

The Fed's policy actions in crisis

Why was South Africa's financial system not strongly (or greatly/significantly) affected by the financial crisis?

## **READING BETWEEN THE LINES**

Monetary policy in action

## **PART TEN WRAP-UP Understanding macroeconomic policy**

# **Table of Contents**

Trade-offs and free lunches

Index
