READY TO GO LESSONS

Welcome!

What are Ready to go lessons?

Ready to go lessons are a set of lessons taken from our most popular courseware (in this case, the new general English course *Roadmap*) and packaged to make them easy to use online.

Each lesson includes a student pdf and a teacher pdf. There may be extra material, for example audio files or additional optional activities too. While the full *Roadmap* package includes an additional video lesson, we have chosen not include it here so as to keep file sizes small.

How do I get started teaching online?

If you are new to teaching online, we recommend you start by reading the *Handy Guide to Teaching Online* by Lindsay Warwick, included in this pack. This starts with selecting a platform and talks through the basics of teaching online, then includes tips and techniques to adapt your teaching to a virtual format, and keep learners engaged online.

If you are already experienced with online teaching, you may prefer to skip this document - although you might still pick up a few useful tips.

What's in the *Roadmap* lesson pack?

If you usually use a coursebook in class, you'll find the contents familiar. Each lesson includes the main coursebook pages as well as any related content. For the core lessons (A, B, C) that includes any back-of-book material: Student A/B material from the communication bank, the grammar reference and practice from the grammar bank and the vocabulary extension from the vocabulary bank.

As well as the three core lessons, *Roadmap* units include a lesson D, English in Action, that focuses on more functional language, as well as skills development in listening, reading and writing (Develop your ... lessons). For more information on the lesson types and how *Roadmap* works as a course, please see the next section of this guide.

What is *Roadmap*?

Roadmap is our new 8-level general English course. You'll find lots of information about the course methodology and components in the INTRODUCTION document in this pack.

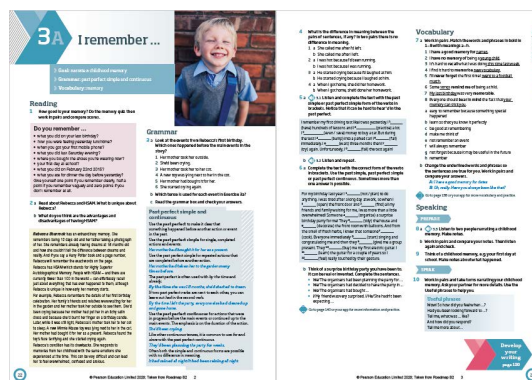

How do I use the Ready to go lessons?

To see the lesson objectives, you can look at the course contents pdf. This is for the full level of Roadmap. The Ready to go lessons cover one unit (for B2, Unit 3).

For each lesson, start with the pdf called CONTENTS. This will give a reminder of the lesson objectives and a summary of the files provided. There is always one file for the student (STUDENT) and one for the teacher (TEACHER). There may also be audio files or photocopiable worksheets.

The lesson pack includes material for the student and material for the teacher. We recommend that you send the students the STUDENT pdf before the lesson. That way, if there are technical issues during the lesson, they can look at their own version. Depending on the platform you choose, you may also wish to send students the mp3 files ahead of the lesson so they can listen themselves.

If you are able, you may wish to print the TEACHER pdf before the lesson so that you can refer to it while sharing the student material on your screen. If not, you could write down any key points before the lesson so that you are ready to go.

For each of the core lessons A, B and C, there are three additional PHOTOCOPIABLE WORKSHEETS - two for grammar and one for vocabulary. We have kept these pdfs separate from the main student file so that you can choose to use them or not.

Where can I find out more?

If you would like to find out more about using *Roadmap* or take your digital teaching a stage further, please [contact your local Pearson representative](#) who can discuss a pilot of material that would suit your teaching situation.
